Colorado Northwestern Community College

Joint Technology Committee Presentation

Security Camera Upgrade Project

FY 2026-27 Capital IT Funding Request

December 17, 2025

Presented by Lisa Jones, Ph.D.- President

Why This Matters

Current systems are **15–25 years old** and unreliable

Compliance risk: Clery Act & Title IX requirements unmet

Blind spots in **parking lots, walkways, and critical buildings**

Fragmented monitoring across **three separate systems**

Colorado
Northwestern
Community College

Project Overview

Total Project Cost: $986,192

Phase 1 Request: $490,826

Phase 2: $495,366

Scope:
Replace coax with CAT6 cabling

Install modern cameras in Craig & Rangely campuses

Integrate into **one unified management system**

Colorado
Northwestern
Community College

Key Benefits

Safety & Compliance: Meets federal mandates

Operational Efficiency:

Reduce IT & security labor costs by **12–15%**

Improved Response:

Real-time monitoring

High-resolution (1080p+) footage

Future-Ready: Cloud backup & disaster recovery

Colorado
Northwestern
Community College

Impact Across CNCC

- Academic programs: Nursing, Dental Hygiene, NPS Paleontology, Cybersecurity, Aviation, etc.

- Non-academic: IT, Security, Athletics, Parking lots, Library

- Protects **students, staff, and community assets**

Consequences if Unfunded

Continued reliance on **failing systems**

Blind spots remain in high-risk areas
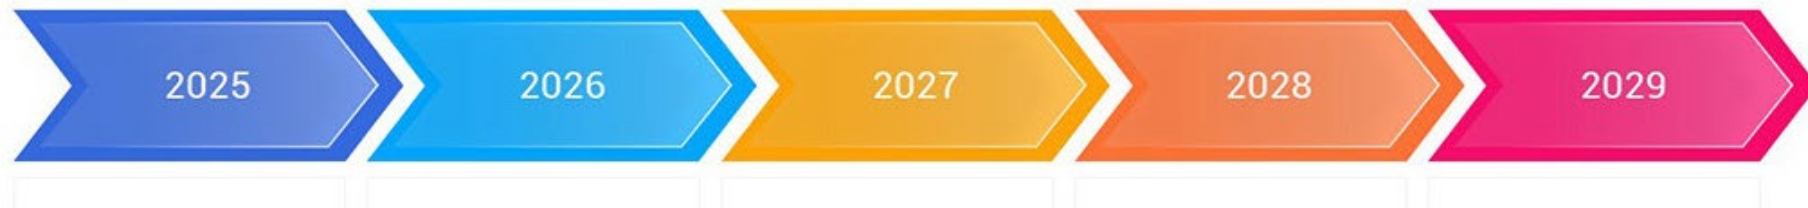

Increased **liability and operational costs**

Delayed incident response and compromised safety

Risk exposure to the College with failure to identify and prove incident cause

Colorado Northwestern Community College

Timeline

Phase 1:

- Pre-Design: July 2026
- Construction: Feb–Sept 2027
- Completion: Dec 2027

Call to Action- We Need Your Support

Your investment ensures compliance, safety, and peace of mind for everyone at CNCC. Help us protect our campuses and community.
