

In 2023, the Colorado Office of the State Auditor won a Blue Pencil and Gold Screen Award from the National Association of Government Communicators, taking home First Place in the Graphic Arts category for its new logo design.

The Blue Pencil and Gold Screen Awards are an annual international awards program that recognizes superior government communication products and those who produce them.

Horizon

OFFICE OF THE STATE AUDITOR

C O L O R A D O

The Horizon design concept embodies movement—toward the future, progress, perspective, knowledge, and the pursuit of improvement, as we continue our mission to improve government for the people of Colorado.

The sun represents the OSA’s ethos to shine a light on state government agencies and programs that are not operating or using public funds in an efficient or effective manner.

With a splash of energizing color at the highest point, this logo stays firmly grounded in the OSA’s distinguished legacy navy blue. Because the human eye instinctively follows lines, the circular shape enjoys a rhythm, while harnessing the ideas of reliability and completeness, and offers a nod to the cyclical nature of our work.
