	<h3>Supreme Court tackling AI challenges in courts</h3> <ul style="list-style-type: none"> ■ Recent Amendments to the Colorado Rules of Professional Conduct ■ Created the Legal Technology Advisory Committee (LTAC) charged with drafting recommendations on use of AI in courts. Recommendations expected by October 1 ■ LTAC members bring expertise from bench, bar, academia, and business ■ LTAC objectives: integrity of legal system, client services, access to justice, innovation
--	---

17

	<h3>AI Continued</h3> <ul style="list-style-type: none"> ■ SB24-205 unintentionally captured long-existed probation assessments and will require unnecessary formal notices and appeals. ■ In addition, SB24-205 requires our IT staff assess more than 80 software programs each year for potential impacts
---	--

18

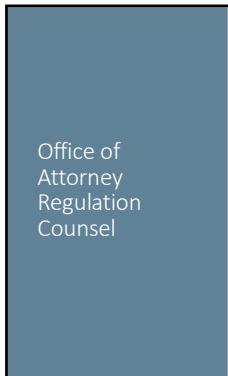

Family Law Rules

- Committee work continues following public comment/hearing on initial draft
- Goal:
 - Create standalone procedural rules to govern family law cases
- Purpose:
 - Address unique aspects of family law cases
 - Reduce unnecessary friction
 - Make the process easier for pro se parties

19

19

Protecting the public through regulation of the practice of law (licensing, discipline, disability)

Expanding access to justice through Licensed Legal Paraprofessional (LLP) program

Working to implement new bar exam better aligned to law school education and the modern practice of law
