

Letters Requesting Information from State Departments

Historically, the annual Long Bill included footnotes that described the General Assembly's intent regarding an appropriation; placed a condition or limitation on an appropriation; explained any assumptions used in determining the specific amount of an appropriation; or requested information. However, pursuant to Section 24-75-112 (2), C.R.S. (enacted by H.B. 08-1321), the Long Bill does not contain footnotes that request information. Instead, the Joint Budget Committee submits requests for information to executive departments and the Judicial Branch via letters to the Governor, the Chief Justice, and other elected officials. Each request is associated with one or more Long Bill line item(s), and the requests are prioritized by the Joint Budget Committee as required by Section 2-3-203 (3), C.R.S.

Copies of these letters are included in the following pages. The first of the attached letters is to the Governor and addresses all affected departments in alphabetical order, except those under the purview of the Chief Justice or other elected officials. Letters to the Chief Justice (Judicial Department), the Attorney General (Department of Law), the Secretary of State (Department of State), and the Treasurer (Department of the Treasury) follow in that order.

Responses to the requests for information are typically summarized in Joint Budget Committee staff briefing documents (available at leg.colorado.gov/content/budget). Department submissions may also be requested in their entirety from the Legislative Library (email: lcs.ga@coleg.gov; or telephone: (303) 866-4011).

April 23, 2026

Hon. Jared Polis
Governor
136 State Capitol
Denver, CO 80203-1792

Dear Governor Polis,

The General Assembly recently finalized the FY 2026-27 Long Bill. Pursuant to Section 24-75-112 (2), C.R.S., the Long Bill footnotes no longer include requests for information. In lieu of such footnotes, the Joint Budget Committee respectfully submits the following requests for information. These requests are associated with specific Long Bill line items, and each has its own details and deadlines. Consistent with the provisions of Section 2-3-203 (3), C.R.S., information requests have been prioritized within each department in the attached lists.

To assist our staff in organizing and tracking submissions, we would appreciate if the department would follow the protocol outlined in an attachment to this letter with respect to submitting hard copies and electronic responses. The Committee requests that the department comply with these requests for information to the fullest extent possible.

Please notify us by June 20, 2026 if the department does not intend to comply with any requests.

Sincerely,

A handwritten signature in black ink, appearing to be "Emily Sirota", with a long, sweeping underline.

Requests Affecting Multiple Departments

2. Department of Agriculture; Department of Public Safety; Department of Higher Education; Judicial Department; Department of Transportation; Department of Personnel Administration – State agencies with existing certificates of participation, the payments for which are subject to annual State appropriations, are requested to report annually, on or before September 1, to the Department of the Treasurer the following information for the full duration of the projects financed through certificates of participation: the name and total amount of the project financed; whether and when it was refinanced/refunded; the original financing date of the project; the total outstanding debt for the project; future principal payment amounts for the amortization of the debt by date and fund source; future interest payment amounts for the amortization of the debt by date and fund source; and the call feature and call dates.
9. Department of Corrections; Department of Human Services; Judicial Department; Department of Public Safety – By October 1, 2026, the Departments are requested to provide data related to state funding for offender services. These data aim to provide the General Assembly with a landscape-view of diversion and re-entry services for individuals sentenced to probation, prison, parole, and community corrections. It aims to understand who the State is paying (vendors), who the State is paying for (offenders), what the State is paying (daily rates, total expenditures), what the State is paying for (service), and how the State is paying for it (funding sources). With those aims in mind, the Departments are requested to provide the following information about FY 2025-26 expenditures:
 - a. Population served: Probation, DOC inmate, parolee, community corrections diversion
 - b. Vendor name
 - c. Service address
 - d. Residential or non-residential?
 - e. Services provided at the daily rate or daily rate equivalent
 - f. Daily rate or daily rate estimate
 - g. Average daily population (estimated)
 - h. Total expenditures
 - i. Funding source (General Fund, Cash Funds, Reappropriated Funds, Federal Funds)
 - j. Details about fund sources
 - k. Long Bill line item name (if applicable)

Each department should enter data related to its expenditures. There should be a unique entry for each unique daily rate and service population. For example, if one vendor provides 3 levels of service for parolees at 3 different rates, there should be 3 entries for that vendor. If one vendor provides 3 levels of service at a flat rate, but serves both probationers and parolees, there should be two entries for that vendor. The Departments are requested to work with JBC staff to resolve questions about the request.

See the following Google Sheet for an example of how to provide the data:
