Hello Colorado State Capitol Staff,

This is an estimate for installing picture rail in the interior alcoves of the capitol building. The picture rail when installed will give the ability to safely install and de-install large portraits, artwork and other historic wall art in the alcoves.

This estimate would supply and install straight picture railing in 20 alcove sections and curved picture railing in 12 sections in the rotunda space. The hardware supplied would be enough to install artwork in about 3/4 of these sections and ability to hang extra heavy works and double works in some sections. See item descriptions for weight capacities. Most works would have 2 cables and hooks so the weight capacity would be double what one hook will handle. for example the systematic standard hook holds 33lbs so 2 used together would hold 66 lbs.

The railing would be painted offsite to match the interior wall colors.

We look forward to working with you.

Picture Rail, Systematic, 250lb rating Straight 6' lengths, painted to match interior	\$958.40
(\$29.95 ea.) × 32	
Stainless J hook cable, 120" 33lb capacity	\$836.50

($\$11.95$ ea.) \times 70	
Stainless J hook Cable Heavy Duty 154 lbs limit	\$123.80
($\$30.95$ ea.) \times 4	
Hooks	\$1,095.00
($\$10.95$ ea.) \times 100	
Heavy Duty Hooks	\$367.60
($\$45.95$ ea.) \times 8	
STAS Evoluon Curved Picture Rail 78"	\$507.72
($\$42.31$ ea.) \times 12	
Hanging cable and hook for curved wall holds 44lbs each	\$716.16
($\$14.92$ ea.) \times 48	
Hooks for double rows on curved wall	\$233.76
($\$4.87$ ea.) \times 48	
Install hardware: screws, anchors(3000 psi, drill bits, paint	\$250.00
Working Hours	\$2,520.00
($\$40.00$ ea.) \times 63	
<hr/>	
Subtotal	\$7,608.94
Tax	\$0.00
<hr/>	
Total	\$7,608.94

Hello Colorado State Capitol Staff,

This is an estimate for installing picture rail in the interior alcoves of the capitol building. The picture rail when installed will give the ability to safely install and de-install large portraits, artwork and other historic wall art in the alcoves.

This estimate would supply and install straight picture railing in 14 alcove sections and curved picture railing in 6 sections in the rotunda space. The hardware supplied would be enough to install artwork in all of these sections and ability to hang extra heavy works and double works in some sections. See item descriptions for weight capacities. Most works would have 2 cables and hooks so the weight capacity would be double what one hook will handle. for example the systematic standard hook holds 33lbs so 2 used together would hold 66 lbs.

The railing would be painted offsite to match the existing wall color.

We look forward to working with you.

Picture Rail, Systematic, 250lb rating Straight 6' lengths, painted to match interior	\$359.40
(\$29.95 ea.) × 12	
Stainless J hook cable, 120" 33lb capacity	\$430.20

(\$11.95 ea.) × 36	
Stainless J hook Cable Heavy Duty 154 lbs limit	\$123.80
(\$30.95 ea.) × 4	
Hooks	\$788.40
(\$10.95 ea.) × 72	
Heavy Duty Hooks	\$367.60
(\$45.95 ea.) × 8	
STAS Evoluon Curved Picture Rail 78"	\$253.86
(\$42.31 ea.) × 6	
Hanging cable and hook for curved wall holds 44lbs each	\$358.08
(\$14.92 ea.) × 24	
Hooks for double rows on curved wall	\$116.88
(\$4.87 ea.) × 24	
Install hardware: screws, anchors, drill bits, paint	\$200.00
Working Hours	\$1,920.00
(\$40.00 ea.) × 48

Hello Colorado State Capitol Staff,

This is an estimate for installing picture rail in the interior alcoves of the capitol building. The picture rail when installed will give the ability to safely install and de-install large portraits, artwork and other historic wall art in the alcoves.

This estimate would supply and install straight picture railing in 41 alcove sections and curved picture railing in 18 sections in the rotunda space. The hardware supplied would be enough to install artwork in 3/4 of these sections at once and ability to hang extra heavy works and double works in some sections. See item descriptions for weight capacities. Most works would have 2 cables and hooks so the weight capacity would be double what one hook will handle. for example the systematic standard hook holds 33lbs so 2 used together would hold 66 lbs.

The railing would be painted offsite to match existing paint color before install.

We look forward to working with you.

Picture Rail, Systematic, 250lb rating Straight 6' lengths, painted to match interior	\$958.40
(\$29.95 ea.) × 32	
Stainless J hook cable, 120" 33lb capacity	\$717.00

(\$11.95 ea.) × 60	
Stainless J hook Cable Heavy Duty 154 lbs limit	\$123.80
(\$30.95 ea.) × 4	
Hooks	\$1,314.00
(\$10.95 ea.) × 120	
Heavy Duty Hooks	\$367.60
(\$45.95 ea.) × 8	
STAS Evoluon Curved Picture Rail 78"	\$761.58
(\$42.31 ea.) × 18	
Hanging cable and hook for curved wall holds 44lbs each	\$1,074.24
(\$14.92 ea.) × 72	
Hooks for double rows on curved wall	\$350.64
(\$4.87 ea.) × 72	
Install hardware: screws, anchors(3000 psi), drill bits, paint	\$350.00
