(2) The general assembly recognizes that the city and county of Broomfield was created after the most recent federal census was conducted; consequently, for the purposes of this section, the definition of areas to be included in each congressional district is by reference to counties and to official census tracts, census block groups, and census blocks created by the United States bureau of the census to which fixed population counts have been assigned as of the year 2000.

(3) If any area of this state is omitted from the provisions of this section, inadvertently or by virtue of the complexities of the information supplied to the general assembly, the secretary of state, upon discovery of such omission, shall attach such area to the appropriate congressional district as follows:

(a) If the area is surrounded by a congressional district, the area shall be attached to such district.

(b) If the area is contiguous to two or more congressional districts, the area shall be attached to the district that has the least population according to the last preceding national census of the United States bureau of the census.

(4) If any area of this state is included in two or more congressional districts established by this section, inadvertently or by virtue of the complexities of the information supplied to the general assembly, the secretary of state, upon discovery of such inclusion, shall detach such area from the congressional district or districts having the largest population and shall designate such area as being included in the congressional district having the least population; except that, if such area is wholly surrounded by a district and by inadvertence is also included in another congressional district, the secretary of state shall designate such area as included in the district wholly surrounding such area, regardless of population.

(5) (a) (Deleted by amendment, L. 92, p. 603, § 3, effective March 24, 1992.)

(b) If any annexation occurring on or after May 9, 2003, changes a county boundary that constitutes any portion of the boundary of a congressional district defined by this article, no adjustment in the boundaries of congressional districts shall be made, but the area annexed shall constitute a separate general election precinct.

(6) Any attachment or detachment made pursuant to the provisions of subsection (3) or (4) of this section shall be certified in writing by and kept on file with the secretary of state. No change may be made in any such attachment or detachment until the congressional districts are again reapportioned.

(7) The legislative council shall prepare and file with the secretary of state copies of maps showing thereon each congressional district and the population of each district according to the official census lines, maps, and statistics as described in this section. In the event that there is a conflict between the descriptions contained in subsection (1) of this section and the boundaries shown on the maps filed with the secretary of state, the descriptions contained in subsection (1) of this section shall prevail. The legislative council shall retain on file in its office copies of official census maps and population statistics.

(8) The provisions of this section shall apply to the general election in 2004 and subsequent years until the congressional districts are again reapportioned.

2-1-102. Neutral criteria for judicial determinations of congressional districts. (1) In determining whether one or more of the congressional districts established in section 2-1-101 are lawful and in adopting or enforcing any change to any such district, courts:

(a) Shall utilize the following factors:

(I) A good faith effort to achieve precise mathematical population equality between districts, justifying each variance, no matter how small, as required by the constitution of the United States. Each district shall consist of contiguous whole general election precincts. Districts shall not overlap.

(II) Compliance with the federal "Voting Rights Act of 1965", in particular 42 U.S.C. sec. 1973; and

(b) May, without weight to any factor, utilize factors including but not limited to:

(I) The preservation of political subdivisions such as counties, cities, and towns. When county, city, or town boundaries are changed, adjustments, if any, in districts shall be as prescribed by law.

(II) The preservation of communities of interest, including ethnic, cultural, economic, trade area, geographic, and demographic factors;

(III) The compactness of each congressional district; and

(IV) The minimization of disruption of prior district lines.

2-2-103. Election of senators. (1) Senators from the following senatorial districts shall be elected at the general election held in November, 1972, and every four years thereafter: 3, 4, 5, 7, 10, 12, 14, 16, 17, 19, 20, 21, 22, 23, 24, 25, 29, and 31.

(2) Senators from the following senatorial districts shall be elected at the general election held in November, 1974, and every four years thereafter: 1, 2, 6, 8, 9, 11, 13, 15, 18, 26, 27, 28, 30, 32, 33, 34, and 35.

2-2-104. Holdover senators keep office - vacancies. Nothing in this part 1 shall be construed to cause the removal of any senator from his office for the term for which he was elected, but each such senator shall serve the term for which he was elected. In the event of a vacancy in the senate, such vacancy shall be filled as provided by law.

2-2-105. Legislative declaration - findings of legislative fact. (1) The general assembly declares it to be necessary to meet the equal population requirements of section 46 of article V of the state constitution, and it has therefore been necessary, in some instances, to add part of one county to all or part of another county in forming senatorial districts under this part 1.

(2) The general assembly further declares that some senatorial districts are not comprised of areas whose boundaries are equidistant from the geographic center of the respective areas, but that variations therefrom were necessitated by population density and distribution, boundaries of enumeration districts and other identifiable census units of area, natural boundaries, and county lines in order to define senatorial districts having population as nearly equal as may be.

(3) Pursuant to the requirements of section 47 of article V of the state constitution, the senatorial districts established by this part 1 are based upon the following factors: (1) Equal population; (2) a minimum split of counties; and (3) compactness based upon geographic areas whose boundaries are as nearly equidistant from a center as possible, limited by variances caused by the shape of county boundary lines, census enumeration lines, natural boundaries, population density, and the need to retain compactness of adjacent districts.

Colorado's population as established by the 1970 federal census is 2,209,528. An average senatorial district is 63,129. The maximum deviation in excess of this average for a senatorial district as provided by this part 1 is 0.83 percent, while the smallest district is only 0.66 percent below average.

Of those fifty-four counties with populations smaller than that of the average senatorial district, only seven counties were split or thirteen percent of the total of such counties. For the nine

densely populated counties, it is not possible to create a senatorial district which includes all the territory in any one of these counties and meet the constitutional requirements for equality of population; accordingly, more than one senatorial district is found within the confines of each of these counties.

Moreover, the compactness of each individual district not only depends upon natural boundaries, the irregular size and shape of census districts, and county lines, but must be related to the overall approach used in developing districts of approximately equal population. (The term "census districts" is used in this subsection (3) to include official census tracts, enumeration districts, block groups, or blocks, as applicable.)

METROPOLITAN DENVER AREA DISTRICTS

Denver has a surplus of population of over 9,700 after computing eight senatorial districts. Since Adams county is in need of 3,600 population to achieve three senate seats, an exchange of areas was made between these two counties, as explained in districts 1, 2, and 3. When the population of enclaves of Arapahoe county within the city and county of Denver (4,404) is added to the population of Denver, it is obvious that some areas of Denver must be added to predominantly Arapahoe county districts to maintain equal population.

District 19. District 19 begins with the census districts in northeast Denver which were excluded from district 3. Working northward and westward into Adams county from these areas, extremely large and sparsely populated census districts are encountered. In order to achieve equal population, contiguous areas in Commerce City and southern Westminster were chosen to comprise the bulk of the population in district 19.

Districts 17 and 18. District 18 is composed of those parts of the remaining population centers in Adams county - the communities of Northglenn, Thornton, Sherrelwood, Welby, and Federal Heights - which are necessary to achieve sufficient population for the district. District 18's irregular southeastern boundary, which is also a portion of the northern boundary of district 19, is formed by the South Platte river. District 17 consists of the remainder of Adams county. The wide variations in the distribution of population in this remaining area and the limitations placed upon its shape by district boundaries already drawn determine the shape of district 17.

Districts 1, 2, and 3. Three giant blocks are formed for districts across north Denver. Only 5,563 persons, located in an area northeast of Stapleton Field which cannot be split and which is surrounded on three sides by Adams county, are excluded from the districts in north Denver and included in a predominantly Adams county district. To achieve equal population for district 1, a small portion of Adams county has been added. The dividing line between districts 1 and 2 is the South Platte river in the southern portion and Zuni street in the northern portion. Between districts 2 and 3, the dividing line is Franklin street in the southern portion and York street in the northern portion. The location and size of census block number 501 in census tract number 23 causes some irregularity in the Franklin street line.

District 4. District 4 forms nearly a perfect square. Some irregularity is required by equal population requirements.

Districts 5 and 6. These two districts in Denver form a giant square between districts 3 and 7. The dense population in the western end of district 5 (Capitol Hill) results in this district

containing the smallest geographical area in the Denver area. Lowry Field (census tract number 44.02), to the east of district 5, was added to Arapahoe county for three reasons: The tract cannot be split because interior population counts are not available; the addition is essential for purposes of equal population; and, moreover, the addition improves the compactness of districts 5 and 6. Districts 5 and 6 are divided by 1st and 4th avenues. The only significant variation from perfect compactness in district 6 is census tract number 70.01, whose population of 2,640 is needed to meet the requirements of equal population.

Districts 7 and 8. The balance of Denver divides into two districts - districts 7 and 8 - with the addition of census tract number 54.03 from Arapahoe county, which juts northward into district 8 and has been added to this district for purposes of equal population and compactness. The shape of the county will affect the compactness of the district formed in this area with respect to the south, east, and most of the west borders. The Valley highway was utilized as a natural boundary in the northwest portion of the district, with the northern boundary working eastward along block boundaries and the western boundary southward along Clarkson street. Variations from perfectly straight boundaries occur because of equal population requirements and the Children's Home area (which cannot be split). The Arapahoe enclave of Holly Hills is included in district 7.

District 20. On the southern border of Denver, district 20 is formed, incorporating the communities of Englewood, Cherry Hills, and Greenwood Village. In spite of large vacant areas in census tract number 56.05 and sparsely populated areas in the eastern portion of the district generally, its eastern and southern boundaries are relatively straight, and the western boundary (following the county line) is also relatively straight.

District 21. District 21 is formed by the inclusion of Lowry Field in an Arapahoe district extending southward from the Arapahoe county portion of Aurora. The eastern boundary is a line following census district boundaries as directly south as possible. The remaining boundaries of the district are determined either by Denver districts or by census district boundaries.

DISTRICTS IN REMAINDER OF STATE

District 31. The other starting point in developing the plan under this part 1 and in developing virtually every other proposed plan for the senate was district 31. District 31 is located in northwestern Colorado and is composed of ten undivided counties. The population of this district is 63,328, only 0.32 percent over the ideal senate district, and it is nearly square in shape. This was chosen as a starting point, since its boundaries are identical to the current senate district 35.

The three additional senate seats to which western Colorado is entitled were developed by working southward from this district.

District 30. Mesa county has a population of 54,374. Since district 30's northern boundary is fixed by district 31, the additional 8,700 persons needed for population equality must be found in counties adjacent to the southeastern boundary of Mesa county. The selection of a portion of Delta county provides the most compact district arrangement. The shape of the census districts in Delta county will create a jagged line along the eastern portion of district 30, regardless of which districts are selected. Examination of the map reveals that those enumeration districts selected yield the most compact senatorial district.

District 32. District 32 lies directly south of district 30. District 32's eastern boundary is a nearly direct north-south line formed by an extension of the Delta county line directly south. No additional counties are split in the formation of this district. If district 32 had been formed by proceeding in an easterly or southeasterly direction, the district would have become elongated and substantially less compact, or would have had to be expanded to the Front Range area to achieve equal population.

District 33. District 33 is formed by proceeding directly east of district 32. Again, whole counties are utilized, with the exception of Fremont county, as the basis for the establishment of the district. Approximately 6,900 additional persons were needed from adjacent areas to the east or northeast of the whole counties included in district 33. The choice made - to include a part of Fremont county in this district - had the advantages of crossing only one county line and of leaving the remainder of Fremont county in a position to be easily combined with an area in El Paso county which required additional persons to achieve equal population in a district there.

Because of the peculiar shapes of census districts and their widely varying populations, and due to the presence of one enumeration district composed of noncontiguous areas, no other reasonable division of Canon City could be made. Block statistics are not available for Canon City, and, accordingly, enumeration districts cannot be split since definite populations cannot be certified for portions of an enumeration district.

District 12. The remainder of Fremont county, four enumeration districts in the southern portion of Teller county, one enumeration district in Pueblo county containing the remaining portion of Fort Carson, and an area in southwest El Paso county following census district lines into Colorado Springs comprise this district. Again, irregularities in the shape of the district are caused by the shapes of the census districts which had to be combined to achieve equality of population. The district forms a nearly square configuration within these census areas.

The splitting of Teller county was required to equalize population for both this district and district 15, and the inclusion of this portion of Teller county makes district 12's boundaries as equidistant as possible from a geographic center.

District 15. District 15 is at the heart of the rapidly growing mountain subdivisions of the central Front Range. By extending the eastern Teller county line northward to include two census enumeration districts in Douglas county, the population of the district is equalized. The western and southern boundaries are formed by districts 12, 31, and 33. The district includes the whole counties of Park and Clear Creek and approximately 52,000 people from the southern and central portions of Jefferson county. The shape of the northeast tip of district 15 is determined by boundaries of the three remaining densely populated districts in Jefferson county which follow census district lines as required to achieve equal population.

District 14. District 14 is the most densely populated area of Jefferson county. The district approaches a square shape, except for the exclusion of census block number 101 in census tract number 105.01, which extends from Kipling avenue on the east to Youngfield avenue on the west. Since this block cannot be split, the district cannot be made a perfect square.

District 13. The Jefferson county line on the east and a long portion of 6th avenue on the north establish two of the boundaries for this district. Proceeding southwesterly to accumulate population for the district, large census districts with minimum populations are encountered. There are very few options available with regard to the census districts. For example, enumeration district

number 422A in census tract number 117.06 covers a massive area and necessitates that the westerly portion of district 13 jut into district 15. If this westerly jutting were minimized by expanding district 13 into the southern portions of Jefferson county, a vertically elongated shape for district 13 would result.

District 16. District 16 is bounded on the west by district 31, on the south by the Gilpin county line, and on the east by the Jefferson county line. The irregular shape of the northern boundary is due to following those census district lines in Boulder county which were necessary to equalize population. Boulder county is one of the nine densely populated counties and has population in excess of that necessary for two ideal senate districts. For purposes of equal population, this surplus has been added to district 16. The addition also makes a more compact district within the limitations imposed by census district lines. The southern border of district 16 is almost a straight line along west 52nd avenue from the eastern Jefferson county boundary to McIntyre avenue. From McIntyre to the western Jefferson county line, the census district boundaries determine the shape of the district.

Districts 23 and 24. In general, district 23 includes the densely populated territory in the east of Boulder county just north of district 16. The area included would extend in a broad belt from the city of Boulder east to the county line. Due to equal population requirements, it was necessary to include census districts in the southern and southeastern parts of the city of Boulder in district 23. District 24 includes all of the remainder of Boulder county extending northwest out of the city of Boulder. Both districts 23 and 24 are wholly within the confines of Boulder county.

District 27. Working northward, the western boundary of district 27 in Larimer county is fixed by district 31. All of Larimer county is included within the district with the exception of an eastern portion containing 26,843 people, located in an area extending eastward from Fort Collins to the Weld county line. The choice of this portion of Larimer county for combination with area in another county was made because the other census districts in the area were so sparsely populated, and the inclusion of them would make district 29 less compact.

Districts 28 and 29. Together with the balance of Larimer county, district 29 encompasses all of Weld county, with the exception of those parts of the city of Greeley and the heavily populated portions of southwest Weld county which compose district 28. A perfectly compact district 28 was not possible because of equal population requirements. For example, district 28 would have been a perfect square, if all of census tract number 19 could have been included in the district. Unfortunately, the inclusion of this additional area would have increased the population of the district over that of the ideal senate district by over 5,000 people. To straighten the line actually drawn would require a major split of the city of Greeley. Finally, in order to achieve equal population, an additional 10,358 people were included from Morgan county in district 29. The line dividing Morgan county north and south is dictated by the census district boundaries.

District 35. All of the northeastern plains of Colorado are included in district 35. Bordered on the north and the east by Nebraska and Kansas, and on the west by district 29, the district must extend south for necessary population. To make the district more square could be accomplished only by a bulge westerly at a point south of the Weld county line. Since Adams county is 3,600 short of the population necessary for three senatorial districts, further depletion of that population was not desirable.

District 34. The five counties of Otero, Bent, Prowers, Baca, and Las Animas form a logical

block for a senatorial district, although the block has an excess population of approximately 1,500. Since district 35 was short of population, adjustment was made by detaching a part of Prowers county from district 34 and attaching it to district 35. Again, census district lines determine the shape of this adjustment, and populations of such districts determine where it can be made.

District 22. The area of Arapahoe county which is not included in districts 20 and 21 is placed in district 22. District 22's boundaries follow county lines in all instances except where they conform to the other Arapahoe districts. In order to accumulate sufficient population, the district extends southward through Douglas county, picking up that portion not contained in district 15, and includes all of Elbert, Lincoln, and Crowley counties. An extension of the district into El Paso county rather than southeasterly would have necessitated the crossing of additional county lines, and would have reduced the population available in El Paso county below that needed for the three remaining senatorial seats (district 12 already includes the southwestern portion of El Paso county).

Districts 9, 10, and 11. El Paso county presents a problem for districting, since the area of Colorado Springs and Manitou Springs is densely populated and the remainder of the county is predominantly rural. Accordingly, a portion of the population in Colorado Springs must be allocated to districts in the outlying portions of the county to meet compactness and equal population requirements. The main district dividing line is a natural boundary, Interstate 25, which runs directly north and south. In the north, Interstate 25 divides district 9 from the centrally located district 11. In the south, Interstate 25 again is a divider, but this time between districts 10 and 12. Academy boulevard, another four-lane highway, also divides district 11 from districts 9 and 10 in the northeast portions of Colorado Springs. For district 11 in the southeast, Circle drive is the major dividing line.

Some variations in these major boundaries are due to requirements of equal population. Problems are also posed by the irregular shapes of census districts. For example, census block number 317 in census tract number 10 extends from west Van Buren to Uintah preventing an east-west crossing of the tract. Census block number 311 in census tract number 11.01 poses a similar problem. Numerous other examples exist, such as census tracts numbered 2, 24, and 28, which hamper the development of perfectly straight lines in the formation of districts.

Districts 25 and 26. Two major barriers are utilized in splitting the city of Pueblo - the natural boundaries of Fountain creek and the Arkansas river in the northern portion of the city, and Interstate 25 in the south. A significant part of the city, west of Interstate 25, is added to district 26 for purposes of population equality. Pueblo county is approximately 8,000 people short of the population necessary for two senatorial districts, but, when it is combined with the other areas of the state not yet included in any district (the whole counties of Costilla and Huerfano), there is sufficient population for the two districts which close the plan for the entire state.

2-2-106. Attachments and detachments. (1) If any area of this state is omitted from the provisions of this part 1, inadvertently or by virtue of the complexities of the information supplied to the general assembly, the secretary of state, upon discovery of such omission, shall attach such area to the appropriate senatorial or representative district as follows:

(a) If the area is surrounded by a senatorial or representative district, the area shall be attached to such district.

(b) If the area is contiguous to two or more senatorial or representative districts, the area

shall be attached to the district that has the least population according to the last preceding national census of the United States bureau of the census.

(2) If any area of this state is included in two or more senatorial or representative districts established by this part 1, inadvertently or by virtue of the complexities of the information supplied to the general assembly, the secretary of state, upon discovery of such inclusion, shall detach such area from the senatorial or representative district or districts having the largest population and shall designate such area as being included in the senatorial or representative district having the least population; except that if such area is wholly surrounded by a senatorial or representative district and by inadvertence is also included in another senatorial or representative district, the secretary of state shall designate such area as included in the district wholly surrounding such area, regardless of population.

(3) If any annexation occurring on or after May 1, 1972, changes a county boundary which constitutes any portion of the boundary of a senatorial district defined by this part 1, and if the population of the area annexed is one hundred seventy persons or less according to the 1970 federal census, the secretary of state shall detach the area annexed from the senatorial district in which it is included pursuant to this part 1 and shall attach such area to the adjacent senatorial district in the county to which the area was annexed; except that if such attachment would result in any area in one senatorial district being wholly surrounded by area in another senatorial district, no adjustment in senatorial district boundaries shall be made. If the area annexed is adjacent to two or more senatorial districts in the county to which it is annexed, the area shall be attached to the senatorial district having the least population. The area so attached shall also be attached to any general election precinct adjacent to such area in the county to which the area was annexed.

(4) If any annexation occurring on or after May 1, 1972, changes a county boundary which constitutes any portion of the boundary of a senatorial district defined by this part 1, and if the population of the annexed area is more than one hundred seventy persons according to the 1970 federal census, no adjustment in the boundaries of senatorial districts shall be made, but the area annexed shall constitute a separate general election precinct.

(5) Any attachment or detachment made pursuant to the provisions of subsections (1) to (4) of this section shall be certified in writing by and kept on file with the secretary of state. No change may be made in any such attachment or detachment until the senatorial or representative districts are again reapportioned.

2-2-107. Maps of legislative districts. The legislative council shall prepare and file with the secretary of state copies of census maps showing thereon each senatorial and representative district and showing the population of each district according to the official census lines, maps, and statistics as described in this part 1. The legislative council shall retain on file in its office copies of official census maps and population statistics.

2-2-203. Legislative declaration - findings of legislative fact. (1) The general assembly declares it to be necessary to meet the equal population requirements of section 46 of article V of the state constitution in some instances to add part of one county to all or part of another county in forming representative districts under this part 2.

(2) The general assembly further declares that some representative districts are not comprised of areas whose boundaries are equidistant from the geographic center of the respective areas, but that variations therefrom were necessitated by population density and distribution, boundaries of enumeration districts and other identifiable census units of area, natural boundaries, and county lines in order to define representative districts having population as nearly equal as may be.

(3) Pursuant to the requirements of section 47 of article V of the state constitution, the representative districts established by this part 2 are based upon the following factors: (1) Equal population; (2) a minimum split of counties; and (3) compactness based upon geographic areas whose boundaries are as nearly equidistant from a center as possible, limited by variances caused

by the shape of county boundary lines, census enumeration lines, natural boundaries, population density, and the need to retain compactness of adjacent districts.

Colorado's population as established by the 1970 federal census is 2,209,528. An average representative district is 33,993. The maximum deviation in excess of this average for a representative district as provided by this part 2 is 0.81 percent, while the smallest district is 1.02 percent below average.

The compactness of each individual district not only depends upon natural boundaries, the irregular size and shape of census districts, and county lines, but must be related to the overall approach used in developing districts of approximately equal population. (The term "census districts" is used in this subsection (3) to include official census tracts, enumeration districts, block groups, or blocks, as applicable.)

The Front Range area which stretches from the Wyoming state line on the north to the southern border of Pueblo county embodies thirteen counties (i.e., Larimer, Weld, Morgan, Boulder, Jefferson, Denver, Adams, Arapahoe, Douglas, Elbert, El Paso, Teller, and Pueblo) which contain a total of 1,798,936 people.

The house reapportionment plan as embodied in this part 2 allocates fifty-three house districts to this Front Range area. Fifty-three seats times the ideal 33,993 people for each district equals 1,801,609 people. The fifty-three districts as contained in this part 2 have 1,800,425 people in them.

This approach leaves twelve house districts to be devised from the remaining fifty counties -- since section 47 of article V of the state constitution provides that counties may be split for purposes of equal population only, the compactness of these twelve districts is dependent for the most part on the shape of county boundaries.

In order to achieve equal population in these remaining twelve districts, and still retain the integrity of county boundaries wherever feasible, and to strive for as compact districts as possible, parts of four counties contained in the Front Range group were added to the outlying twelve districts. (A part of Larimer county was added to district 56; a part of Teller county was added to district 61; a part of Elbert county was added to district 64; and a part of Morgan county was added to district 64.)

Aside from cutting across the said four county lines, only nine county boundaries were crossed in devising the twelve outlying districts out of the remaining fifty counties, and these were made for purposes of population equality.

In order to pick up the extra population necessary for the Front Range group of districts after deducting the parts allocated to the outlying twelve districts, population from the whole counties of Huerfano, Crowley, and Custer, and a part of Fremont county were added to Pueblo county in order to create four legislative districts.

Within the Front Range group of legislative districts there are densely populated areas interspersed within very sparsely populated areas, and this contributes to the difficulties of drawing districts in a compact manner.

Wherever feasible in the plan contained in this part 2, districts within densely populated areas have been drawn as compact as possible. However, drawing five compact districts in Adams county, for example, necessitates a sixth district which gives an appearance of noncompactness.

2-2-204. Attachments and detachments. (1) If any area of this state is omitted from the provisions of this part 2, inadvertently or by virtue of the complexities of the information supplied to the general assembly, the secretary of state, upon discovery of such omission, shall attach such area to the appropriate representative district as follows:

(a) If the area is surrounded by a representative district, the area shall be attached to such district.

(b) If the area is contiguous to two or more representative districts, the area shall be attached to the district that has the least population according to the last preceding national census of the United States bureau of the census.

(2) If any area of this state is included in two or more representative districts established by this part 2, inadvertently or by virtue of the complexities of the information supplied to the general assembly, the secretary of state, upon discovery of such inclusion, shall detach such area from the representative district or districts having the largest population and shall designate such area as being included in the representative district having the least population; except that, if such area is wholly surrounded by a representative district and by inadvertence is also included in another representative district, the secretary of state shall designate such area as included in the district wholly surrounding such area, regardless of population.

(3) If any annexation occurring on or after May 1, 1972, changes a county boundary which constitutes any portion of the boundary of a representative district defined by this part 2 and if the population of the area annexed is one hundred seventy persons or less according to the 1970 federal census, the secretary of state shall detach the area annexed from the representative district in which it is included pursuant to this part 2 and shall attach such area to the adjacent representative district in the county to which the area was annexed; except that if such attachment would result in any area in one representative district being wholly surrounded by area in another representative district, no adjustment in representative district boundaries shall be made. If the area annexed is adjacent to two or more representative districts in the county to which it is annexed, the area shall be attached to the representative district having the least population. The area so attached shall also be attached to any general election precinct adjacent to such area in the county to which the area was annexed.

(4) If any annexation occurring on or after May 1, 1972, changes a county boundary which constitutes any portion of the boundary of a representative district defined by this part 2 and if the population of the annexed area is more than one hundred seventy persons according to the 1970 federal census, no adjustment in the boundaries of representative districts shall be made, but the area annexed shall constitute a separate general election precinct.

(5) Any attachment or detachment made pursuant to the provisions of subsections (1) to (4) of this section shall be certified in writing by and kept on file with the secretary of state. No change may be made in any such attachment or detachment until the representative districts are again reapportioned.

2-2-205. Maps of legislative districts. The legislative council shall prepare and file with the secretary of state copies of census maps showing thereon each representative district and showing the population of each district according to the official census lines, maps, and statistics as described in this part 2. The legislative council shall retain on file in its office copies of official census maps

and population statistics.

2-2-206. Severability. If one or more of the representative districts defined by this part 2 are found to violate any provision of the state or federal constitution, the remaining districts defined by this part 2 which do not violate any such provision may stand as defined, and the general assembly shall redefine the boundaries of those districts held invalid in such a manner that said districts will comply with constitutional requirements.

2-2-207. Applicability of part 2. This part 2 applies to the forty-ninth and subsequent general assemblies.

2-2-208. Redistricting. (1) The general assembly hereby finds:

(a) House of representatives district 60 currently includes the six counties that compose the San Luis valley, as well as Huerfano county and a portion of Las Animas county.

(b) Certain residents of the San Luis Valley filed a lawsuit against the state under section 2 of the federal "Voting Rights Act", 42 U.S.C. sec. 1973, alleging that the current boundaries of representative district 60 deny Hispanics the right to elect representatives of their choice.

(c) After the United States district court for the district of Colorado ruled in favor of the state, *Sanchez v. State of Colorado*, 861 F.Supp. 1516 (D.Colo. 1994), the United States tenth circuit court of appeals reversed the district court decision and ordered the state to redraw the boundaries of representative district 60 consistent with section 2 of the Voting Rights Act of 1965. *Sanchez v. State of Colorado*, 97 F.3d 1303 (10th Cir. 1996).

(d) House joint resolution 97-1045 established an interim committee to redraw the boundaries of representative districts 44, 45, 46, 47, 60, and 61 consistent with the opinion of the tenth circuit court of appeals.

(e) In September of 1997, the interim committee conducted public hearings in the affected areas. The committee heard testimony from residents of the San Luis valley and other parts of southern Colorado about regions that have common interests and regions where interests may conflict.

(f) Following the public hearings, the committee considered nine proposed plans of redistricting and voted to adopt five preliminary plans. Copies of the preliminary plans were distributed to interested parties and made available on the internet through the general assembly's home page.

(g) In October of 1997, the interim committee again conducted public hearings in the affected areas for comments on the five preliminary plans. The committee heard testimony that residents of Center in Saguache county should be included in the new representative district 60 and that representative district 46 in Pueblo should be drawn to keep communities with common interests together.

(h) The interim committee considered the testimony and discussed seven amendments to the preliminary plans before adopting its final recommendation to the second regular session of the

sixty-first general assembly.

(2) The definition of areas to be included in each representative district is by reference to counties and to official census tracts, census divisions, census block groups, and census blocks, created by the United States bureau of the census to which fixed population counts have been assigned as of the year 1990.

(3) The representative districts 44, 45, 46, 47, 60, and 61 are defined as follows:

(II) The per diem lodging and expense allowances of the general assembly as fixed by subparagraph (II) of paragraph (b) of this subsection (1) shall apply to regular or special sessions of the general assembly subsequent to July 1, 2012.

(d) The general assembly may provide by joint resolution for the suspension on a temporary basis of the normal per diem lodging and expense allowance, or any portion thereof, during that period when the general assembly is in recess for more than three days.

(e) Nothing in this section shall preclude a member of the general assembly from declining to accept all or part of the per diem lodging and expense allowance authorized by this subsection (1).

(2) (a) Each member of the general assembly who is entitled to claim a per diem lodging and expense allowance pursuant to paragraph (a) of subsection (1) of this section shall also be entitled to receive travel expenses to such member's home and back to the capitol for each legislative day of actual attendance.

(b) Each member of the general assembly who is entitled to claim an expense per diem pursuant to paragraph (b) of subsection (1) of this section shall also be entitled to receive travel expenses to any location within such member's district and back to Denver once each week, pursuant to section 2-2-316.

(c) The executive committee of the legislative council may establish guidelines regarding reimbursements and substantiation requirements for actual and necessary travel expenses incurred by members of the general assembly.

(3) For purposes of this section, "legislative day" means any day during the legislative session, including legal holidays, primary election days, and Saturdays and Sundays.

2-2-318. Members to be reimbursed for expenses. Each member of the general assembly shall be reimbursed for expenses actually incurred pursuant to sections 2-2-316 and 2-2-317. In auditing any mileage claim of members of the general assembly, the controller is authorized to accept without further substantiating evidence the expense voucher duly signed by the member if the mileage in such claim does not exceed the authorized rate at which employees of the executive branch are reimbursed. In addition, he may accept without such further evidence the member's certification as to the number of days of actual attendance under section 2-2-317 (1) or, in lieu thereof, the member's certification as to the number of days of actual occupancy under section 2-2-317 (2).

2-2-319. Sections 2-2-316 to 2-2-319 provide no increase in compensation or mileage. The general assembly declares that the provisions of sections 2-2-316 to 2-2-319 relate not to compensation but to the necessity of certain traveling expenses and that the purpose is neither to increase compensation nor mileage.

2-2-320. Legislative department contracts - approval. (1) Any contract to which the house of representatives or the senate is a party shall be approved by the speaker of the house of representatives or the president of the senate, as the case may be. Whenever the house of

representatives and the senate are parties to the same contract, both the speaker of the house of representatives and the president of the senate shall approve the contract. Any contract to which the legislative council, the office of legislative legal services, the joint budget committee, the office of the state auditor, or the commission on uniform state laws is a party shall be approved by the chair or vice-chair of the governing committee of such agency, as the case may be.

(2) (a) For legislative department contracts subject to section 29 of article V of the state constitution, the attorney general shall approve all such legislative department contracts as to form, and the controller shall approve such contracts in accordance with section 24-30-202, C.R.S.

(b) The director of the office of legislative legal services or the director's designee shall approve all legislative department contracts not subject to section 29 of article V of the state constitution. No approval by the controller or any assistant designated by the controller shall be required for the validity of any contract entered into and approved under this paragraph (b). The controller shall issue payment for expenditures for legislative department contracts approved in accordance with this paragraph (b) as set forth in section 24-30-202, C.R.S. Notwithstanding the legislative department's exemption from the fiscal rules pursuant to section 24-2-101, C.R.S., the office of legislative legal services shall consider the fiscal rules as guidelines for legislative department contracts approved under this paragraph (b) and may consult with the controller or attorney general, or both, when drafting legislative department contracts.

2-2-321. Designation and assignment of space in capitol buildings group and on the grounds thereof. (1) (a) The general assembly, by joint resolution, shall designate and assign such space in the capitol building (except for space on the first floor, which shall be designated and assigned by the executive department for the use of elected officials) and on the grounds surrounding the capitol which is necessary for the use of the legislative department, including, but not limited to, parking space on the grounds and streets surrounding the capitol building, all areas of the subbasement of the capitol building, and access to all tunnels providing access to the subbasements of the capitol building, the legislative services building, and the state office building at 1525 Sherman street.

(b) Notwithstanding any law, rule, or provision of any tenant handbook for the capitol complex facilities to the contrary, the executive committee of the legislative council created in section 2-3-301 (1) may grant any member or employee of the general assembly access to any or all of the tunnels providing access to the subbasements of the capitol building, the legislative services building, and the state office building at 1525 Sherman street unless, after consultation with the department of personnel and the Colorado state patrol, the executive committee determines that denial of access is necessary to address immediate concerns about building security and occupant protection.

(c) Notwithstanding any law or rule to the contrary, after the attorney general and the staff of the attorney general vacate the state office building at 1525 Sherman street, the department of personnel shall designate parking space in the state parking lot at Lincoln street and east Colfax avenue to the general assembly based upon approximately the same proportion as the proportion of space in the state office building at 1525 Sherman street designated and assigned by the general assembly to the total amount of space in that state office building. The general assembly, by joint

resolution, shall assign parking space allocated to the general assembly pursuant to this paragraph (c).

(2) (a) In addition, the general assembly shall designate and assign such space in the legislative services building at Fourteenth avenue and Sherman street, including, but not limited to, all areas of the subbasement of the legislative services building, and on no more than two floors of the state office building at 1525 Sherman street after the attorney general and the staff of the attorney general vacate said state office building and may provide for the furnishing and equipping thereof as may be necessary for the use of the legislative department.

(b) (I) If any of the space referred to in paragraph (a) of this subsection (2) is assigned to the senate or house of representatives, the executive committee of the legislative council created in section 2-3-301 (1) shall determine the allocation of the space between the two houses.

(II) Any space allocated to the senate shall be assigned by the president of the senate and the majority and minority leaders of the senate in an equitable manner among the major political parties with which members of the senate are affiliated.

(III) Any space allocated to the house of representatives shall be assigned by the speaker of the house of representatives and the majority and minority leaders of the house of representatives in an equitable manner among the major political parties with which members of the house of representatives are affiliated.

2-2-322. Fiscal notes. (1) The general assembly shall provide by rule for legislative service agency review of the fiscal impact of legislative measures.

(2) The general assembly shall provide by rule, as recommended by the executive committee of legislative council, for legislative service agency review of the fiscal impact of legislative measures which include the creation or increase of any fee collected by a state agency. The fiscal information on such measures shall include the average amount of such fee collected annually by such agency from each individual, family, or business, whichever is applicable, paying such fee and a projection of the average amount of such fee that will be collected from each individual, family, or business subsequent to the creation of or increase in such fee.

(2.5) If a legislative measure creates a new criminal offense, increases or decreases the crime classification of an existing criminal offense, or changes an element of an existing offense that creates a new factual basis for the offense, the fiscal note shall include the following:

(a) A description of the elements of the proposed new crime or a description of the new, amended, or additional elements of an existing crime;

(b) An analysis of whether the new crime, or changes to an existing crime, may be charged under current Colorado law;

(c) A comparison of the proposed crime classification to similar types of offenses;

(d) An analysis of the current and anticipated future prevalence of the behavior that the proposed new crime, or changes to an existing crime, intends to address; and

(e) A description of gender and minority data as it relates to the general Colorado population and available data on gender and minority offender and crime victims populations potentially

affected by the proposed measure.

(3) (a) Each state department, agency, or institution shall cooperate with and provide information on the fiscal impact of a legislative measure in the manner requested by the staff of the legislative council for consideration by the staff in connection with the preparation of a fiscal note for the measure.

(b) The state department, agency, or institution shall substantiate the calculation of the fiscal impact of the legislative measure in its response to a request for information made pursuant to paragraph (a) of this subsection (3) by providing any documentation that clearly identifies any assumptions supporting that calculation and a narrative discussion of the justification for any increase or decrease in workload.

(c) The state department, agency, or institution shall meet the deadlines established by the staff of the legislative council for providing a response to a request for information made pursuant to paragraph (a) of this subsection (3) or shall specify the need for additional time to provide the response. If additional time is required to respond to the request for information, the staff of the legislative council shall set a reasonable time for providing the information.

(d) (I) The state department, agency, or institution shall not modify the amount of the fiscal impact that was originally calculated for a legislative measure after the staff of the legislative council has released and made public the fiscal note for such measure unless:

(A) The measure has been amended;

(B) There is newly discovered information that was previously unavailable that warrants modification of the original calculation and narrative submitted by the state department, agency, or institution; or

(C) Technical errors are discovered that warrant modification of the original calculation and narrative submitted by the state department, agency, or institution.

(II) Information supporting a modification to the fiscal impact shall be submitted in the manner requested by the staff of the legislative council by the head of the state department, agency, or institution.

(4) In addition to any other requirement under this section or in the legislative rules for legislative service agency review of the fiscal impact of legislative measures, the general assembly shall also provide for legislative service agency review of the fiscal impact of legislative measures considered by committees of the general assembly meeting during the legislative interim. For each interim, the deadlines and guidelines adopted prior to each interim by the executive committee of the legislative council for requesting and finalizing interim committee bills must allow for sufficient time between the public release of the fiscal note for a particular measure by the staff of the legislative council and the final vote by the applicable legislative interim committee so that members of the committee are able to consider the fiscal note in voting on the measure. For each interim, the specific dates by which these requirements will be satisfied must be specified in the applicable set of deadlines and guidelines for that interim. Except as otherwise provided in this subsection (4), all other requirements governing legislative service agency review of the fiscal impact of legislative measures considered during regular legislative sessions that are specified in this section or in the legislative rules also govern the requirements of this subsection (4).

2-2-323. Service of process on the general assembly - legislative declaration. (1) The general assembly hereby declares that the provisions of the Colorado rules of civil procedure which govern the service of process on the state, on officers, agents, or employees of the state, and on departments and agencies of the state do not expressly address service on the general assembly; that such rules require delivery of a copy of any process to the attorney general, even though by statute the attorney general does not represent the general assembly; that confusion has existed about how the general assembly should be served; and that clarification of the procedure for serving the general assembly would be beneficial for all parties who may become involved in future litigation.

(2) Service of process on the general assembly as an entity shall be upon the chief clerk of the house of representatives and the secretary of the senate. The provisions of the Colorado rules of civil procedure concerning service of process, including the contents of the summons, by whom process may be served, and the manner of proof of service, shall continue to apply to service of process on the general assembly.

(3) As quickly as possible after service of process on the general assembly, the chief clerk of the house of representatives shall notify the speaker of the house and the minority leader of the house, and the secretary of the senate shall notify the president of the senate and the minority leader of the senate, concerning such service.

2-2-324. Committees of reference - program review. (Repealed)

2-2-325. Legislative appointees - boards and commissions - other governmental bodies. Unless otherwise provided by law, appointments or reappointments of persons to a board, commission, committee, council, panel, or authority by the speaker of the house of representatives, the president of the senate, the majority leader of the house of representatives, the majority leader of the senate, the minority leader of the house of representatives, or the minority leader of the senate shall expire on the convening date of the first regular session of each general assembly, and all subsequent appointments or reappointments shall be made as soon as practicable after such convening date. The person making the original appointment or reappointment shall fill any vacancy by appointment for the remainder of an unexpired term. Members appointed or reappointed by the speaker, the president, the majority leader of the house of representatives, the majority leader of the senate, the minority leader of the house of representatives, or the minority leader of the senate shall serve at the pleasure of the appointing authority and shall continue in office until the member's successor is appointed.

2-2-326. Compensation and expenses for members appointed to and serving on state entities - definition. (1) Notwithstanding any law to the contrary:

(a) While appointed to any state entity and serving on any state entity during regular and special sessions of the general assembly, in addition to the base compensation specified in section 2-2-307 (1), current members of the general assembly are entitled to receive only the per diem lodging and expense allowances and the travel expenses authorized by section 2-2-317; and

(b) While appointed to and serving on any state entity when the general assembly is in recess for more than three days or is not in session, in addition to the base compensation specified in section 2-2-307 (1), current members of the general assembly are entitled to receive the amount specified in section 2-2-307 (3) (a) for necessary attendance at meetings of the state entity and reimbursement for all actual and necessary travel and subsistence expenses incurred in connection with attendance at meetings of the state entity. Mileage rates shall not exceed those authorized for the executive department. All compensation paid and reimbursements made pursuant to this paragraph (b) shall be paid from appropriations made to the legislative department.

(2) For purposes of this section, "state entity" means any board, commission, committee, task force, authority, enterprise, council, working group, review team, or other entity created or authorized by statute on which current members of the general assembly are statutorily required to be appointed to serve; except that "state entity" does not include the Colorado commission on uniform state laws created in section 2-3-601 (1) or the education commission of the states created pursuant to section 24-60-1201, C.R.S.

PART 4

INTERFERENCE WITH THE LEGISLATIVE PROCESS

2-2-401. Legislative declaration. The general assembly finds and declares that in addition to the protections against interference with the legislative process afforded by the provisions of sections 18-4-401, 18-4-501, 18-8-102, 18-8-306, and 18-9-110, C.R.S., there is a need for legislation under which appropriate action may be taken to prevent the commission of acts prohibited under said sections.

2-2-402. Chief security officers. (1) Each house of the general assembly may appoint a chief security officer to ensure the orderly operation of each house and committees thereof. Such chief security officers shall perform the duties of the house employing them and shall be under the direction of one or more members or officers of such house as may be designated in the rules of each house.

(2) Such chief security officers are hereby designated to be peace officers and shall have jurisdiction to act as such in the performance of their duties anywhere within the state.

(3) Each house may adopt rules regarding the organization, supervision, and operations of its security staff, prescribing the qualifications, training, and duties of its security officers and all other matters relating to the performance of their responsibilities.

2-2-403. Indemnification of members, officers, and employees of the general assembly. (1) The state shall save harmless and indemnify all members, officers, and employees of the general assembly, either house thereof, or committees of the general assembly or either house thereof from financial loss arising out of any claim, demand, suit, or judgment by reason of alleged

negligence or other act by such member, officer, or employee, as long as such member, officer, or employee at the time damages were sustained was performing duties relating to the maintenance of order in connection with the operation of the general assembly, either house thereof, or any committee of the general assembly or either house thereof, or involving the security, health, or safety of any member, officer, or employee of the general assembly, either house or a committee thereof, or the general public, and as long as such damage did not result from the willful and wrongful act or gross negligence of such member, officer, or employee; except that such member, officer, or employee shall, within five days after the time he is served with any summons, complaint, process, notice, demand, or pleading, deliver the original or a copy thereof to the attorney general.

(2) Upon such delivery the attorney general may assume control of the representation of such member, officer, or employee. Such member, officer, or employee shall cooperate fully with the attorney general's defense.

(3) This section shall not in any way impair, limit, or modify the rights or obligations of any insurer under any policy of insurance.

(4) The benefits of this section shall inure only to such members, officers, and employees and shall not enlarge or diminish the rights of any other party.

2-2-404. Legislative rules. (1) The senate and the house of representatives shall each have the power to adopt rules or joint rules, or both, for the orderly conduct of their affairs and to preserve and protect the health, safety, and welfare of their members, officers, and employees in the performance of their official duties, as well as that of the general public in connection therewith, and to preserve and protect property and records under the jurisdiction of the general assembly or either house thereof, consistent with public convenience, the public's rights of freedom of expression and to peaceably assemble and petition government, and the established democratic concepts of the openness of the legislative process.

(1.5) Repealed.

(2) In lieu of or in addition to the adoption of such rules, the senate and the house of representatives may each, by rule, authorize its presiding officer to promulgate regulations for any or all such purposes.

(3) Rules or regulations may be adopted with respect to the following matters, among others, without limitation by reason of such specification:

(a) Regulating admission to the legislative chambers, galleries, lobbies, offices, and other areas of the buildings wherein they are located which provide access thereto;

(b) Limiting the size of groups of persons permitted within such areas, for reasons of health and safety and in case of fire or other emergency;

(c) Prohibiting or restricting the bringing of signs, banners, placards, or other display materials into any such areas, or possessing them therein, without proper authorization;

(d) Prohibiting or restricting the bringing of radio or television equipment, recording equipment, sound-making or amplifying equipment, and photographic equipment into any such areas, or possessing them therein, without proper authorization;

(e) Prohibiting or restricting the bringing of packages, bags, baggage, or briefcases into any such areas, or possessing them therein, without proper authorization;

(f) Establishing rules of conduct for visitors to the galleries;

(g) Authorizing the clearing of the public from the chambers, lobbies, and galleries or from any room in which a public legislative hearing or meeting is being conducted in the event of any disturbance therein which disrupts legislative proceedings or endangers any member, officer, or employee of the general assembly or the general public, or where reasonable grounds exist for believing that such a disturbance or danger may occur; except that duly accredited representatives of the news media not participating in any such disturbance shall be permitted to remain therein. The closing of such areas to the public shall continue only so long as necessary to avoid disruption of the legislative proceedings or to preserve and protect the safety of the members, officers, or employees of the general assembly or the general public.

(h) Authorizing the construction of safety barriers and other protective measures for the galleries and other areas under the jurisdiction of the general assembly and the acquisition of security equipment, all within the funds made available therefor;

(i) Protecting the records and property of the general assembly from unlawful damage or destruction;

(j) Any and all other matters which may be necessary or appropriate to the orderly conduct of the affairs of the general assembly and the protection of the health, safety, and welfare of the members, officers, and employees of the general assembly and the general public in connection therewith.

(4) In lieu of or in addition to the adoption of separate rules, the senate and the house of representatives may adopt joint rules applicable to both houses.

(5) In lieu of or in addition to the promulgation of separate regulations, the senate and the house of representatives may promulgate joint regulations applicable to both houses.

(6) All such rules of the senate and the house of representatives or either house and regulations of the senate and the house of representatives shall be filed in the offices of the clerks thereof, and a copy of such rules and regulations shall be made available to any person upon request, without charge.

(7) Such rules and regulations shall have the force and effect of law. Any person who willfully violates any such rule or regulation is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than one hundred dollars, or by imprisonment in the county jail for not more than thirty days, or by both such fine and imprisonment.

2-2-405. Injunctions. If the presiding officer of either the senate or the house of representatives has reasonable grounds for believing that any person is then committing an unlawful act, or is about to do so, which is interfering with or will interfere with any proceedings or other business of the general assembly, either house thereof, or any committee of the general assembly or either house thereof, he may seek injunctive relief in accordance with the Colorado rules of civil procedure.

2-2-406. Contempt of either house. (1) The senate and the house of representatives may each punish by imprisonment not extending beyond the same session of the general assembly, as and

for a contempt, disorderly conduct of its members, officers, employees, or others committed in the immediate view of the senate or the house of representatives and tending to interrupt its proceedings. Imprisonment for contempt shall be effected by a warrant in the name of the people of the state, signed by the presiding officer of the house in which the contempt occurred, directed to the chief security officer of such house or the state police and ordering the apprehension of the contemnor and the delivery of him to the sheriff of the county in which the alleged contempt occurred for detention by said sheriff in accordance with such warrant, subject to such bail as may be set by the district court of the county in which the alleged contempt occurred. A finding of contempt and imprisonment therefor shall not constitute a bar to any other proceeding, civil or criminal, for the same act.

(2) Notice of the proposed contempt citation shall be published in a resolution of the house in which the contempt occurred approved first by a majority of a committee and then of the house itself. If the contempt is committed before the house itself rather than a committee thereof, a resolution of the house itself shall be sufficient. Persons actually named in the resolution shall be either personally served or otherwise be given notice in the same manner as is provided by law and the Colorado rules of civil procedure for acquisition of jurisdiction over the person in civil actions. The notice shall include:

(a) A statement of the terms or substance of the offense which caused the citation to be issued;

(b) A statement of the time and place of the hearing before the committee which first passed the contempt resolution or before the house in which the contempt occurred, as the case may be. The person to be cited shall be required to show cause why he should not be found in contempt. The time and place for hearing shall allow reasonable time to give the person to be cited notice of the charges against him and to prepare an appropriate defense concerning them.

(3) The contempt hearing shall give the person to be cited an opportunity for an oral presentation before the committee or before the house in which the contempt occurred, whichever is holding the hearing, for submission of written arguments, and for the right to counsel at the hearing.

(4) A person to be cited shall be found in contempt and shall be punished therefor only after a majority of the committee which initiated the contempt proceeding finds, after notice and a hearing which satisfies the provisions of subsections (2) and (3) of this section, that the person cited has been proven beyond a reasonable doubt to have committed a contempt as defined in this section. The committee shall state in a report to the full house the reasons for its finding. If the full house affirms by a majority vote the finding of the committee, the cited person shall be held in contempt.

(5) If the contempt citation is initiated by the house itself because of a contempt committed before the house, the person to be cited shall be punished for contempt if the house itself finds, by a majority vote, after notice and a hearing which satisfies the provisions of subsections (2) and (3) of this section, that the person cited has been proven beyond a reasonable doubt to have committed a contempt as defined in this section.

PART 5

LEGISLATIVE DISTRICTS - IMPLEMENTATION OF COMMISSION PLAN

2-2-501. Number of members of general assembly - election from districts. The senate of the general assembly shall consist of thirty-five members and the house of representatives thereof shall consist of sixty-five members, with one member of the senate to be elected from each senatorial district and one member of the house of representatives to be elected from each representative district, as established in this part 5.

2-2-502. Definitions. As used in this part 5:

(1) "Commission" means the Colorado reapportionment commission, created pursuant to section 48 of article V of the state constitution and appointed in 2011.

(2) "Major political party" means one of the two political parties whose candidate for governor at the last preceding gubernatorial election received the first and second greatest number of votes.

2-2-503. Designation of senatorial districts to elect in 2012 and 2014. As a part of its preliminary and final reapportionment plans for state senatorial districts, the commission shall designate those senatorial districts in which state senators shall be elected at the general election to be held in November 2012, and every four years thereafter, and those senatorial districts in which state senators shall be elected at the general election to be held in November 2014, and every four years thereafter. Such designation of senatorial districts shall be filed with the secretary of state as a part of the approved reapportionment plan required to be filed by section 48 (1) (e) of article V of the state constitution.

2-2-504. Holdover senators keep office - vacancies. (1) Nothing in this part 5 or in any reapportionment plan shall be construed to cause the removal of any senator from his or her office for the term for which the senator was elected, and each such senator shall serve the term for which he or she was elected.

(2) If any senator elected at the 2010 general election vacates his or her seat prior to the convening of the regular legislative session in 2013, such vacancy shall be filled from the district from which the senator was elected in accordance with section 1-12-203, C.R.S. If such vacancy occurs more than fifty-five days before the general election in 2012, there shall be an election at the general election in 2012 for the remainder of such senator's term from the senatorial district created by the commission. Nomination of candidates at such election shall be in accordance with article 4 of title 1, C.R.S.

(3) If any senator elected at the 2010 general election vacates his or her seat on or after the convening of the regular legislative session in 2013, such vacancy shall be filled from the senatorial district created by the commission in accordance with section 1-12-203, C.R.S.

2-2-505. Maps of legislative districts. (1) Following the development of a preliminary plan, as required by section 48 (1) (e) of article V of the state constitution, and prior to the holding of public hearings on any preliminary plan, the commission may file with each county clerk and recorder and each county chairman of the two major political parties a copy of the preliminary reapportionment plan showing the proposed state senatorial and representative districts in which such county is located, together with a state outline map of legislative districts. A complete state plan may be provided to the state chairmen of the two major political parties.

(2) At the time of submission of a final reapportionment plan to the Colorado supreme court for its review and determination in accordance with section 48 (1) (e) of article V of the state constitution, the commission shall provide the supreme court with a copy of all maps showing the division of the state into legislative districts and necessary supportive evidence, pursuant to the supreme court rules adopted for such proceedings.

(3) As soon as possible after approval of a final plan by the Colorado supreme court, the commission shall prepare and file with the secretary of state copies of census maps showing thereon each legislative district and a description of each district in terms of official census units. The commission shall also file with the county clerk and recorder in each county the necessary maps and descriptions of each legislative district which is located within the boundaries of such county.

2-2-505.5. Presidential election years. Pursuant to section 1-3-102, C.R.S., in any year in which a presidential election will be held, a political party may decide to hold its precinct caucuses on the first Tuesday in February. Because 2012 is a presidential election year, political parties may hold precinct caucuses on February 7, 2012. To allow county clerks sufficient time to redraw precinct boundaries, pursuant to section 48 (1) (e) of article V of the state constitution, the Colorado supreme court is required to approve the commission's plan no later than fifty-five days before the precinct caucuses or by December 14, 2011. While this date shortens the timeline for the commission to complete its final plan, the general assembly urges the commission to complete its final plan and the supreme court to approve a final plan by this date.

2-2-506. Precinct boundaries. (1) (a) Pursuant to the provisions of sections 1-5-101 and 1-5-102, C.R.S., the board of county commissioners of each county shall redraw the general election precincts in such county to ensure that no general election precinct is contained within more than one state representative, state senatorial, or congressional district.

(b) and (c) (Deleted by amendment, L. 94, p. 1623, § 9, effective May 31, 1994.)

(d) Not more than one week after such approval of precinct boundaries and in accordance with sections 1-5-101 and 1-5-102, C.R.S., the board of county commissioners shall file with the secretary of state a copy of the county precinct boundary map showing thereon the revised and reestablished general election precinct boundaries and the boundaries of any legislative or congressional district, if said county is divided into two or more state representative, state senatorial, or congressional districts.

(2) The board of county commissioners shall notify the county chairman of each of the two major political parties of any general election precinct boundaries revised and reestablished in

accordance with the provisions of this section within five days after the establishment of precinct boundaries in accordance with the provisions of this section.

2-2-507. Attachments and detachments. (1) If any area of the state is omitted from the reapportionment plan approved by the Colorado supreme court, inadvertently or by virtue of the complexities of the census materials used in the development of the plan, the secretary of state, upon discovery of such omission, shall determine to which senatorial or representative district the area should be assigned as follows:

(a) If the area is surrounded by a representative or senatorial district, the area shall be assigned to said district; and

(b) If the area is contiguous to two or more representative or senatorial districts, the area shall be assigned to the district that has the least population according to the latest national census.

(2) If any area of the state is included in two or more senatorial or representative districts in the reapportionment plan approved by the Colorado supreme court, inadvertently or by virtue of the complexities of the census materials used in the development of the plan, the secretary of state, upon discovery of such inclusion, shall detach said area from the senatorial or representative district or districts having the largest population and shall designate such area as being assigned to the district having the least population; except that, if such area is wholly surrounded by a senatorial or representative district and by inadvertence is also included in another district, the secretary of state shall assign such area to the district wholly surrounding such area, regardless of population.

(2.5) (a) If a county clerk and recorder discovers that a border between two senatorial or representative districts divides a residential parcel between the two districts and the clerk and recorder wishes to have the border moved, the clerk and recorder shall submit to the secretary of state documentation, satisfactory to the secretary of state, evidencing such division. If the secretary of state believes that the border should be moved, the secretary of state shall propose moving the border between the two districts to a visible feature normally relied upon by the United States census bureau such that the border:

(I) Does not split a residential parcel;

(II) Moves the remaining portion of the residential parcel into the least populated of the two districts; except that, if the border is a border between both senatorial and representative districts, the remaining portion of the residential parcel shall be moved into the least populated of the two representative districts;

(III) Would not result in a violation of section 46 or 47 of article V of the state constitution based upon the latest national census;

(IV) Minimizes the impact on the affected community for purposes of establishing polling locations; and

(V) Minimizes changes in distances from the reapportionment plan approved by the Colorado supreme court.

(b) If the secretary of state proposes moving any border pursuant to this subsection (2.5), the secretary of state shall describe any potential changes in populations of affected senatorial or representative districts, based on the latest national census, to the Colorado supreme court. If the supreme court determines that the assignments made by the secretary of state satisfy the criteria

established in paragraph (a) of this subsection (2.5), the supreme court may approve said assignments. If the supreme court determines that the assignment does not satisfy the criteria established in paragraph (a) of this subsection (2.5), the supreme court shall deny the proposed assignment.

(3) Following the assignment of any area pursuant to the provisions of subsection (1) or (2) of this section, the secretary of state shall certify the population of such assigned area and any changes in populations of affected senatorial or representative districts, based on the latest national census, to the Colorado supreme court. If the supreme court determines that the assignments made by the secretary of state would not result in a violation of the population requirements of section 46 of article V of the state constitution, the supreme court shall approve said assignments. If the supreme court determines that the assignments would result in a violation of the population requirements of section 46 of article V of the state constitution, the supreme court shall certify a revised reapportionment plan to the secretary of state.

2-2-508. Changes in county and municipal boundaries. Whenever the boundaries of a senatorial or representative district coincide with the boundaries of a county or municipality, and said county or municipal boundaries are changed by annexation or detachment, the boundaries of the senatorial or representative district shall remain the same until such time as a new reapportionment is made following a national census as provided in section 48 of article V of the state constitution.

2-2-509. Published plan and records. (1) Upon submission of the reapportionment plan approved by the Colorado supreme court to the secretary of state, the commission shall provide all copies of the published plan and all commission records to the secretary of state.

PART 6

LEGISLATIVE COMMISSION

2-2-601 and 2-2-602. (Repealed)

PART 7

ENACTMENT OF LAWS REGARDING
SENTENCING OF CRIMINAL OFFENDERS

2-2-701. General assembly - bills regarding the sentencing of criminal offenders - legislative intent - definition.

(1) and (2) Repealed.

(3) On and after July 1, 1994, any bill which is introduced at any session of the general assembly which affects criminal sentencing and which may result in a net increase or a net decrease in periods of imprisonment in state correctional facilities shall be reviewed by the director of research of the legislative council for the purpose of providing information to the general assembly on the long-term fiscal impact which may result from the passage of the bill, including the increased capital construction costs, increased operating costs, and increased parole costs for the department of corrections for the first five fiscal years following the effective date of the bill. The division of criminal justice in the department of public safety in cooperation with the department of corrections shall annually provide incarceration and parole length of stay estimates to the director of research of the legislative council.

(4) For purposes of this part 7, "state correctional facilities" means any facility under the supervision of the department of corrections in which persons are or may be lawfully held in custody as a result of conviction of a crime and any prison facility operated by a county, city and county, or private corporation located in this state or another state; except that it does not include any local jail, multijurisdictional jail, or community corrections center.

2-2-702. General assembly - bills regarding the sentencing of criminal offenders - required to be assigned to the appropriations committee of the house of introduction. On and after July 1, 1991, any bill which is introduced into either house of the general assembly which affects the sentencing of criminal offenders and which would result in a net increase in periods of imprisonment in state correctional facilities shall, as soon as such net increase is determined, in addition to the assignment or referral of such bill to any other legislative committee or committees, be assigned or referred to the appropriations committees of the house into which such bill is introduced.

2-2-703. General assembly - bills which result in a net increase in periods of imprisonment in state correctional facilities - funding must be provided in the bill. On and after July 1, 1991, a bill may not be passed by the general assembly which would result in a net increase

in periods of imprisonment in state correctional facilities unless, in such bill, there is an appropriation of money which is sufficient to cover any increased capital construction costs, any increased operating costs, and increased parole costs which are the result of such bill for the department of corrections in each of the first five years following the effective date of the bill. Money sufficient to cover such increased capital construction costs and increased operating costs for the first five fiscal years following the effective date of the bill must be estimated by the appropriations committee, and after consideration of such estimate the general assembly shall make a determination as to the amount of money sufficient to cover the costs, and such money must be appropriated in the bill in the form of a statutory appropriation from the general fund in the years affected. Any such bill which is passed on or after July 1, 1991, which is silent as to whether it is intended to be an exception to this section, shall not be deemed to be such an exception. Any bill which is enacted which is intended to be an exception to this section must expressly state such exception in such bill.

PART 8

PLAIN LANGUAGE IN STATE LAWS

2-2-801. Plain language requirement in state laws. Any person, including members of the general assembly and employees of each house of the general assembly, the office of legislative legal services, the legislative council staff, and the staff of the joint budget committee, shall ensure that, to the extent possible, all bills and amendments to bills prepared or proposed by such person are written in plain, nontechnical language and in a clear and coherent manner using words with common and everyday meaning which are understandable to the average reader. Enactment of a bill by the general assembly shall create a presumption that such bill conforms to this section.

2-2-802. People first language in state laws. (1) On or after August 11, 2010, all new or amended statutes that refer to persons with disabilities shall:

(a) Avoid language that:

(I) Implies that a person as a whole is disabled, such as the "mentally ill" or the "learning disabled"; or

(II) Equates persons with their condition, such as "epileptics", "autistics", or "quadriplegics";

(b) Replace disrespectful language by referring to persons with disabilities as persons first.

Examples of people first language include, but are not limited to, the following: Persons with disabilities, persons with developmental disabilities, persons with mental illness, and persons with autism.

(c) Replace disrespectful, insensitive, or outdated terms such as "mental retardation" with people first language such as "people with intellectual disabilities".

(2) Violation of this section shall not be grounds to invalidate any new or amended statute; however, such statutes shall be amended to reflect the provisions of this section in any subsequent revision.

(3) Nothing in this section shall constitute a requirement to change the name of any department, agency, or program of the state or any political subdivision of the state.

(4) The revisor of statutes is authorized to change any disrespectful, insensitive, or outdated terms that appear in the Colorado Revised Statutes and to replace such terms with people first language in accordance with this section.

PART 9

CENSUS DATA FOR REDISTRICTING

2-2-901. Population data for redistricting - legislative declaration. (1) The general assembly hereby finds and declares that:

(a) Section 44 of article V of the state constitution requires the general assembly to divide the state into congressional districts after each new apportionment of seats in the United States house of representatives, and a new apportionment occurs after each federal decennial census;

(b) Section 48 of article V of the state constitution requires that a reapportionment commission be appointed after each federal census to establish, revise, and alter the state senatorial and representative districts;

(c) These sections imply that the general assembly and the reapportionment commission must perform their constitutional duty to redraw the boundaries of congressional and state legislative districts using population data derived from the latest federal census, so that the equal population requirements of the federal and state constitutions can be satisfied;

(d) Federal officials have proposed using statistical sampling techniques to modify the traditional headcount of the population;

(e) The United States supreme court has held that the federal census act prohibits the use of statistically adjusted population data to apportion seats in the United States house of representatives among the states;

(f) Many have argued that statistically adjusted population data does not satisfy the requirement of the federal constitution for an "actual enumeration" of the population;

(g) There is no reason for congress to use one set of population data for apportionment of seats in congress and for state redistricting authorities to use a different set of data to redraw congressional and state legislative district boundaries, and the federal government would incur additional costs by furnishing two sets of data to the states;

(h) Using different population data for redistricting would subject the state of Colorado to the risk of litigation over the appropriate population figures, which form the very foundation of any congressional or state legislative redistricting plan;

(i) It is therefore necessary to establish the intent of the general assembly that the same population data be used in the congressional and state legislative redistricting processes as is used for purposes of apportioning seats in the United States house of representatives among the states.

(2) For purposes of redrawing the boundaries of congressional, state senatorial, and state representative districts after the federal census in the year 2010, the general assembly and the

Colorado reapportionment commission shall use population data supplied by the United States bureau of the census that has been used to apportion the seats in the United States house of representatives among the states.

(X) Any other pertinent observation made by the legislative service agencies that relate to the implementation of the bill.

(b) If the legislative service agencies cannot determine any of the items specified in paragraph (a) of this subsection (2), in whole or in part, due to a lack of sufficient information set forth in the legislative declaration of the bill for which a post-enactment review is being conducted or due to any other ambiguity arising from the language of the bill, the legislative service agencies shall include a statement to that effect in their written findings reported in accordance with subsection (3) of this section.

The legislative service agencies shall report their written findings resulting from any post-enactment review of the implementation of a bill to the speaker of the house of representatives, the president of the senate, the minority leaders of the house of representatives and senate, and the prime sponsors of the bill if they are still serving in the general assembly at the time the report is filed. The report shall be filed no later than sixty days after a post-enactment review is completed by the legislative service agencies and shall be a public record for purposes of article 72 of title 24, C.R.S.

(4) (a) Nothing in this section shall be construed to require the inclusion of an accountability clause and a legislative declaration in any bill.

(b) For purposes of this section, an accountability clause and a legislative declaration may be:

(I) Included in any bill introduced in the house of representatives or the senate at the request of the prime sponsor of the bill; or

(II) Added to any bill by amendment offered by any member of the general assembly and adopted during the legislative process in accordance with law and legislative procedures.

(5) Notwithstanding any other provision of law, all officers, departments, agencies, and offices of the state, or of any political subdivision of the state, that is responsible for or involved in the implementation of any bill that is subject to a post-enactment review pursuant to the provisions of this section shall cooperate with and provide all information that may be requested by legislative service agencies for purposes of conducting a post-enactment review pursuant to this section.

(6) The general assembly may adopt rules to implement accountability clauses and the post-enactment review of bills containing an accountability clause and a legislative declaration by

legislative service agencies in accordance with the provisions of this section.

(7) For purposes of this section, unless the context otherwise requires:

(a) "Accountability clause" means a noncodified provision of a bill that directs legislative staff agencies to conduct a review of the implementation of the bill either two or five years, as specified in the provision, after the enactment of the bill.

(b) "Legislative service agencies" means the office of legislative legal services, legislative council staff, and staff of the joint budget committee.

(8) Repealed.

The power to fix the date of the sale of the bonds, to receive bids or proposals, to award and sell bonds to fix interest rates, and to take all other action necessary to sell and deliver the bonds may be delegated to an officer or agent of the organization. Any outstanding bonds may be refunded by the organization pursuant to resolution of the executive committee or governing board of the organization. All bonds and any interest coupons applicable thereto are declared to be negotiable instruments.

(d) The resolution or trust indenture authorizing the issuance of bonds may pledge all or a portion of the revenues of the organization, may contain such provisions for protecting and enforcing the rights and remedies of holders of any of the bonds as the organization deems appropriate, may set forth the rights and remedies of the holders of any of the bonds, and may contain provisions that the organization deems appropriate for the security of the holders of the bonds, including, but not limited to, provisions for letters of credit, insurance, standby credit agreements, or other forms of credit insuring timely payment of the bonds, including the redemption price or the purchase price.

The revenues or property so pledged shall immediately be subject to the lien of such pledge without any physical delivery or further act and the lien of such pledge shall be valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the pledging party, irrespective of whether such claiming party has notice of such lien. The instrument by which the pledge is created need not be recorded or filed.

(f) Neither the members of the executive committee or governing board of the organization, employees of the organization, nor any person executing the bonds shall be liable personally on the bonds or subject to any personal liability or accountability by reason of the issuance thereof.

(h) Any bonds issued by the organization and the transfer of and income from any bonds issued by the organization shall be exempt from all taxation and assessments in the state.

financial obligation whatsoever of the state for purposes of section 20 of article X of the state constitution or a debt, liability, obligation, or pledge of the full faith and credit of the state or any political subdivision thereof other than the organization, but shall be payable solely from the revenue or property of the organization pledged for such payment. Each bond issued on behalf of the organization under this subsection (4) shall contain on its face a statement to the effect that neither the state nor any political subdivision thereof other than the organization shall be obligated to pay the same or the interest thereon and that neither the full faith and credit nor the taxing power of this state nor any political subdivision thereof other than the organization is pledged to the payment of the principal or interest on such bond.

(j) Nothing in this subsection (4) shall be construed to obligate the general assembly to subscribe to membership or pay membership fees to any organization declared to be a joint governmental agency of the state pursuant to subsection (2) of this section.

In order to better provide for the legal services for the general assembly, including the drafting of legislation and the revision and publication of the laws of this state, and to provide for the best technical advice and information to be available to the general assembly, agencies of state government, and the people of this state, and to provide for the professional preparation, drafting, revision, and publication of laws, there is hereby created in the legislative department a committee on legal services and an office of legislative legal services, referred to, respectively, in parts 5 and 7 of this article, as the "committee" and the "office".

2-3-502. Committee on legal services - membership - duties. (1) Except as provided in part 3 of this article, the committee shall supervise and direct the operations of the office of legislative legal services.

(2) The committee may designate one or more subcommittees from among its membership to perform any duties of the committee with respect to the supervision and direction of the office of legislative legal services.

(3) The membership of the committee consists of ten members of the general assembly. The ten legislative members of the committee are as follows: The respective chairs of the house and

senate committees on judiciary or their respective designees; four members from the house of representatives, two from each major political party, one of whom shall be an attorney-at-law, if there is an attorney-at-law in each party, appointed by the speaker and the minority leader of the house of representatives, respectively, with the approval of a majority of the members elected to the house of representatives; and four members from the senate, two from each major political party, one of whom shall be an attorney-at-law, if there is an attorney-at-law in each party, appointed by the president and the minority leader of the senate, respectively, with the approval of a majority of the members elected to the senate.

(4) The eight appointive members of the committee shall be appointed no later than ten days after the convening of the first regular session of each general assembly. An appointing authority may make an appointment to temporarily replace a current member of the committee appointed by that appointing authority. In addition, the president of the senate may make an appointment to temporarily replace the chair of the senate committee on judiciary or the chair's respective designee currently serving on the committee and the speaker of the house of the representatives may make an appointment to temporarily replace the chair of the house committee on judiciary or the chair's designee currently serving on the committee; except that a temporary appointment made pursuant to this subsection (4) does not require approval of a majority of the members elected to the applicable body. Membership on the committee of each such appointive member terminates upon the appointment of his or her successor or upon termination of a member's term of office in the general assembly, whichever first occurs. The membership of a judiciary committee chair terminates upon the termination of his or her term of office in the designated position. Any member may be appointed to succeed himself or herself on the committee. Vacancies in the committee's membership shall be filled in the same manner as original appointments; except that the approval of the members elected to the general assembly is not necessary if any such appointment is made when the general assembly is not in session.

(5) The committee shall select from among its members a chairman and a vice-chairman. The committee may meet as often as necessary, but it shall meet at least twice in each calendar year.

(6) Members of the committee shall be reimbursed for necessary expenses incurred in the performance of their duties and shall be paid the same per diem compensation as provided by law for members of interim legislative committees for each day of attendance.

(7) If any law or other document of this state refers to the legislative drafting committee or to the committee on statute revision, said law or other document shall be deemed to refer to the committee on legal services.

2-3-503. Director - staff - revisor. (1) The committee shall interview persons applying for the position of staff director as to qualifications and ability and shall make recommendations thereon to the executive committee, which shall appoint the director as provided in section 2-3-303 (3). The director of the office of legislative legal services shall be an attorney-at-law. The director shall be responsible to the committee for the provision of staff assistance in the performance of the committee's duties and functions. The director, with the approval of the committee, may appoint such attorneys-at-law and technical and clerical personnel as may be necessary for the efficient operation of the office. The director and all employees of the office shall be appointed without regard to

affiliation and solely on the basis of their ability to perform their duties. They shall be employees of the general assembly and shall not be subject to the state personnel system laws. The director shall be paid a salary determined by the executive committee in accordance with section 2-3-303 (3).

(2) The director shall be, ex officio, the revisor of statutes; except that the director, in his discretion, may appoint an employee of the office to be the revisor of statutes and to exercise the powers and perform the duties and functions assigned to the revisor by part 7 of this article or by any other law.

2-3-504. Duties of office. (1) The office shall:

(a) Upon the request of any member of the general assembly or the governor, draft or aid in drafting legislative bills, resolutions, memorials, amendments thereto, conference reports, and such other legislative documents and papers as may be required in the legislative process;

(b) Prepare a digest of laws enacted by the general assembly, approved or vetoed by the governor, immediately upon the adjournment of any regular or special session;

(e) Keep on file records concerning legislative bills and the proceedings of the general assembly with respect to such bills; subject indexes of bills introduced at each session of the general assembly; files on each bill prepared for members of the general assembly and the governor; and such documents, pamphlets, or other literature relating to proposed or pending legislation, without undue duplication of material contained in the office of the legislative council or in the supreme court library. All such records and documents shall be made available in the office at reasonable times to the public for reference purposes, unless said records are classed as confidential under this part 5.

(f) Cooperate with legislative drafting offices or corresponding services of other states, and with other legislative drafting service agencies, either public or private;

(g) Aid and assist in the enrolling and engrossing of bills and such other services as the general assembly may require.

2-3-505. Requests for drafting bills and amendments - confidential nature thereof - lobbying for bills. (1) All requests made to the office for the drafting of bills or amendments thereto shall be submitted, either in writing or orally, by the legislator or by the governor or the governor's representative making the request, with a general statement respecting the policies and purposes which the person making the request desires the bill or amendment to accomplish. The office shall draft each bill or amendment to conform to the purposes so stated or to supplementary instructions of the person making the original request.

(2) (a) Prior to the introduction of a bill or amendment in the general assembly, no employee

of the office shall reveal to any person outside the office the contents or nature of such bill or amendment, except with the consent of the person making the request. Nothing in this section shall prohibit the disclosure to the staff of any legislative service agency of such information concerning bills or amendments prior to introduction as is necessary to expedite the preparation of fiscal notes, as provided by the rules of the general assembly, but such staff shall not reveal the contents or nature of such bills or amendments to any other person without the consent of the person making the request.

(b) All documents prepared or assembled in response to a request for a bill or amendment, other than the introduced version of a bill or amendment that was in fact introduced, shall be considered work product, as defined in section 24-72-202 (6.5), C.R.S.

(c) (I) The final version of all documents prepared or assembled by the office for a member of the general assembly but not in response to a request for a bill or amendment and not containing legal analysis or expressing a legal opinion or conclusion shall not be considered work product as defined in section 24-72-202 (6.5), C.R.S. Except as otherwise provided in paragraph (e) of this subsection (2), the final version of such documents shall be a public record. These documents include, but are not limited to:

(A) Comparisons of existing law with the provisions of any bill or amendment, comparisons of any bills or amendments with other bills or amendments, comparisons of different versions of bills or amendments, and comparisons of the laws of this state with laws of other jurisdictions;

(B) Compilations of existing public information, statistics, or data;

(C) Compilations or explanations of general areas or bodies of law, legislative history, or legislative policy.

(II) Prior to delivery of the final version of such a document to the member who requested it, no employee of the office shall reveal to any person outside the office the contents or nature of the document, except with the consent of the member making the request.

(d) If a member of the general assembly requests a legal opinion or document from the office that is the same as or substantially similar to a legal opinion or document previously requested by another member, the office may produce an identical or substantially similar legal opinion or document for the second member. The office shall not disclose the identity of any member who made a previous request.

(e) A member may request that the final version of a document that would otherwise become a public record in accordance with paragraph (c) of this subsection (2) remain work product.

(3) No employee of the office shall lobby, personally or in any other manner, directly or indirectly, for or against any pending legislation before the general assembly.

2-3-506. Use of supreme court library. The librarian of the supreme court library shall facilitate the work of the office by permitting the liberal withdrawal of materials and data therefrom, subject to such reasonable rules as may be necessary for the proper operation of the library.

2-3-507. Office space in capitol - office hours - appropriations. (1) The office shall be provided with suitable office space in the state capitol, so situated as to be convenient for the

members of the general assembly. Throughout the year, the office shall be kept open during the hours prevailing in other offices in the state capitol, and at such other times in order to efficiently serve the general assembly.

(2) Adequate appropriations shall be made to carry out the purposes of this part 5, to be included in the appropriation to the legislative department. The controller is authorized and directed to draw warrants monthly in payment of the salaries of personnel, and in payment of expenditures of the office, on vouchers signed by the chair of the committee or, in the absence of the chair, by the vice-chair; except that any payroll voucher or any other voucher that does not exceed five thousand dollars may be signed by the staff director or, with prior written approval of the chair of the committee, by the staff director's authorized designee.

2-3-508. Terminology - references. The office of legislative legal services shall be the successor in every way of the legislative drafting office and the office of revisor of statutes, and every contract, agreement, or other document entered into by the legislative drafting office or the office of revisor of statutes prior to May 23, 1988, is deemed to have been entered into by the office of legislative legal services. The director and the employees of the legislative drafting office and the office of revisor of statutes shall become employees of the office of legislative legal services on May 23, 1988. The director and such employees shall retain all accrued rights to retirement and other benefits under the laws of the state, and their service shall be deemed to have been continuous. If any law of this state refers to the legislative drafting office or the office of revisor of statutes, said law shall be construed as referring to the office of legislative legal services.

2-3-509. Transfer of employees. (Repealed)

2-3-510. Study regarding an organizational recodification of title 12 of the Colorado Revised Statutes - legislative declaration - repeal. (1) The general assembly hereby:

(a) Finds that title 12 of the Colorado Revised Statutes, entitled "Professions and Occupations":

(I) Lacks a coherent structure among its articles, including two groupings of articles entitled "general" that are separated by a grouping of "health care" articles, and a large percentage of articles that have either been repealed or been codified with a decimal number;

(II) Lacks a true "common provisions" article resulting in the recurrence of identical or nearly identical provisions throughout the title; and

(III) Includes numerous articles that do not strictly relate to the regulation of a profession or occupation and that could be more appropriately codified elsewhere in the Colorado Revised Statutes;

(b) Determines that these shortcomings make the title unnecessarily voluminous, repetitive, and difficult to amend, understand, and administer; and

(c) Declares that it is in the public interest to study an organizational recodification of title 12.

(2) (a) Beginning in the 2016 interim, the office, overseen by the committee, shall study an organizational recodification of title 12 of the Colorado Revised Statutes. In conducting the study, the office shall solicit input, including input regarding unofficial estimates of the fiscal impact that an organizational recodification of title 12 might entail, from:

(I) The judicial branch and the following state agencies that have regulatory authority established in title 12: agriculture, higher education, law, public health and environment, regulatory agencies, revenue, state, and any other interested state agency or office;

(II) Local governments and any other entity that has regulatory authority established in title 12;

(III) Representatives from the professions and occupations regulated by title 12; and

(IV) The public.

(b) The office shall provide periodic updates to the committee regarding the study and, no later than December 31, 2017, the committee shall determine whether to direct the office to provide to the committee proposed legislation for an organizational recodification of title 12.

(3) The study is subject to the following guidelines:

(a) Fundamentally, the recodification should be organizational and nonsubstantive, and any substantive provisions that may be included in the proposed legislation should be strictly limited to those that are necessary to promote the public purposes of an organizational recodification as specified in this section, such as:

(I) Conforming similar provisions to achieve uniformity, eliminate redundancy, and allow for the consolidation of common provisions; and

(II) Eliminating provisions that are archaic or obsolete;

(b) The office should endeavor to use active voice, authority verbs, gender-neutral language, and people-first language; and

(c) The executive and judicial branches of Colorado state government and the local governments and other entities with regulatory authority established in title 12 are encouraged to participate in the study and cooperate with the office.

(4) This section is repealed, effective September 1, 2018.

PART 6

The commission shall prepare and transmit a report and its recommendations to the general assembly on or before January 1 of each year concerning subjects of legislation upon which uniformity among the states may be deemed desirable and concerning the proceedings and recommendations of the most recent meeting of the national conference of commissioners on uniform state laws.

2-3-1203. Sunset review of advisory committees - legislative declaration - definition - repeal. (1) (a) The general assembly finds and declares that advisory committees are beneficial to government since they help involve private citizens in the daily operations of government and provide the government with a system for using the expertise of its citizens. However, historically there was no legislative supervision that would allow for the systematic review of these committees to identify those committees that may have outlived their usefulness yet remained in the statutes and those committees that may have failed to perform the functions for which they were created. To assure that newly created advisory committees are supervised and subjected to review, the life of a newly created advisory committee may not exceed ten years, and the statutory authorization for the committee must include a corresponding repeal provision. The general assembly, acting by bill, may reschedule the review date for an advisory committee to a later date if the rescheduled date does not violate the ten-year maximum life provision. Newly created advisory committees are subject to the review provisions of this section.

(b) As used in this section, "advisory committee" means an advisory body, including but not limited to a commission, council, or board.

(2) (a) A legislative committee of reference designated pursuant to section 2-3-1201 shall consider whether to continue or to continue with modification an advisory committee whose statutory authority is scheduled to repeal and may recommend the consideration of a bill as it deems necessary to continue the advisory committee.

(b) (I) Each advisory committee shall submit the following information to the department of regulatory agencies:

(A) The names of the current members of the advisory committee;

(B) All revenues and all expenditures, including advisory committee expenses per diem paid to members and any travel expenses;

(C) The dates the advisory committee met and the number of members who attended each meeting;

(D) A list of the advisory proposals the advisory committee made and an indication as to whether each proposal was acted on, implemented, or enacted into statute; and

(E) The reasons why the advisory committee should continue.

(II) The information required by subparagraph (I) of this paragraph (b) must be for the fiscal year in which the advisory committee makes the submission as well as the prior fiscal year. The advisory committee must submit the information before July 1 of the year preceding the year in which the statutory authorization for the advisory committee repeals.

(III) The department of regulatory agencies shall analyze and evaluate the performance of each advisory committee scheduled for repeal under this section. The department of regulatory agencies shall submit a report setting forth the analysis and evaluation to the office of legislative legal services by October 15 of the year preceding the date established for repeal.

(c) A legislative committee of reference designated in section 2-3-1201 shall conduct hearings for each advisory committee that submits the information required by paragraph (b) of this subsection (2).

(d) A bill recommended for consideration under this subsection (2) must be introduced in the house of representatives in even-numbered years and in the senate in odd-numbered years.

(e) A bill recommended for consideration under this subsection (2) does not count against the number of bills to which the sponsor is limited by a law or joint rule of the senate and house of representatives.

PART 16

WILDFIRE MATTERS REVIEW COMMITTEE

2-3-1601. Legislative declaration. (1) The general assembly finds, determines, and declares that:

(a) Wildfires are a part of the natural cycle of Colorado's forests, yet increasingly pose a severe threat to human life and property;

(b) People are attracted to the forest and mountain areas of the state and increasingly choose to make their homes in what is known as the "wildland-urban interface", where wildland areas meet residential development;

(c) For many years now, residential areas in numerous parts of the state are regularly threatened by a close proximity to wildfires and, tragically, during the spring and summer of 2012, Colorado wildfires resulted in the loss of life and extensive property damage, including the destruction of homes affecting thousands of people;

(d) Since wildfires cause annual harm to many areas of the state and those residing in such areas, wildfire prevention and mitigation is a matter of extreme importance throughout the state and an issue demanding critical attention from the general assembly on a regular basis.

(2) The purpose of this part 16 is to provide a permanent interim committee as a forum through which the general assembly reviews state policies and resources addressing wildfire prevention and mitigation and the successful implementation and execution of such policies. In creating a permanent interim committee to address matters relating to wildfires, the general assembly intends that issues relating to wildfire prevention and mitigation receive sufficient legislative scrutiny and public participation.

2-3-1602. Wildfire matters review committee - creation - repeal of part. (1) To address wildfire prevention and mitigation and to review and propose legislation relating to such matters, the wildfire matters review committee is hereby created, and is referred to in this part 16 as the "committee". The committee shall meet at the call of the chair at least once during the interim of each year to review and to propose legislation or other policy changes relating to wildfire prevention and mitigation and all related matters, including, without limitation, public safety, forest health, and cooperation with appropriate federal agencies and local governments. The committee may take up to two field trips during the interim and consult with experts in all fields relating to wildfire prevention and mitigation as may be necessary to achieve the objectives of this part 16. All personnel of any state agency or political subdivision of Colorado involved in wildfire prevention and mitigation, including the Colorado department of public safety and the Colorado state forest service, shall cooperate with the committee and with any persons assisting the committee in carrying out its duties pursuant to this section.

(1.5) (a) In 2014, in addition to any other matters it considers, the committee shall consider the creation of a Colorado wildland and prescribed fire advisory commission under the division of fire prevention and control in the department of public safety, also referred to in this subsection (1.5) as the "advisory commission". The purpose of the advisory commission will be to assist the director of the division of fire prevention and control in performing his or her duties. The committee shall make specific findings and recommendations regarding the appropriate composition of the advisory commission, length of terms, and the types of expertise and interests that should be represented.

(b) On or before December 1, 2014, the committee shall submit its specific recommendations pertaining to the advisory commission to the agriculture, livestock, and natural resources committee of the house of representatives and the agriculture, natural resources, and energy committee of the senate, or any successor committees. Nothing in this paragraph (b) prevents the committee from proposing legislation regarding the creation of the advisory commission.

(c) (I) In 2016, in addition to any other matters it considers, the committee shall consider potential marketable uses for hazardous fuels in forests, including biochar, energy, liquid fuel, heat, wood waste products, and combined uses, for the purpose of maintaining and improving watershed health, forest health, job creation, impacts on carbon emissions, and innovation and determining the most economically viable, value-added means of removing woody materials, including those that are used in traditional wood products, from the forests, including a consideration of federal, state, and local governmental efforts in using woody materials; an examination of costs, including technology and transportation, markets, and the amount of woody material used for each potential use; consideration of the effects of structures and a warmer climate on forests and firefighter safety; and an updated report prepared by the Colorado state forest service concerning the issues specified by section 23-31-314, C.R.S., prior to its repeal on July 1, 2012.

(II) This paragraph (c) is repealed, effective September 1, 2017.

(2) The committee consists of ten members of the general assembly selected as follows:

(a) Five members from the senate, three appointed by the president of the senate and two appointed by the minority leader of the senate;

(b) Five members from the house of representatives, three appointed by the speaker of the house of representatives and two appointed by the minority leader of the house of representatives.

(3) Appointing authorities shall make their original appointments to the committee not later than July 1, 2013. Terms of service on the committee are for two years. The terms of original appointees to the committee terminate on the convening date of the first regular session of the seventieth general assembly. Thereafter, the terms of members of the committee terminate on the convening date of the first regular session of the general assembly next following their appointment or reappointment, and all subsequent appointments or reappointments are made as soon as practicable after such convening date. Incumbent members may be reappointed to the committee. The person making the original appointment or reappointment shall fill any vacancy by appointment for the remainder of an unexpired term. Members serve at the pleasure of the appointing authority and continue in office until a successor is appointed, as applicable.

(4) (a) The president of the senate shall appoint the chair of the committee in even-numbered years and the vice-chair in odd-numbered years. The speaker of the house of representatives shall appoint the chair of the committee in odd-numbered years and the vice-chair in even-numbered years.

(b) The committee shall prescribe its own rules of procedure.

(5) Members of the committee serve without compensation; except that each member is entitled to be reimbursed for necessary expenses in connection with the performance of his or her duties and receives the same per diem as other members of interim committees in attendance at meetings.

(6) Existing employees of the legislative service agencies shall provide any staff assistance required by the committee within existing appropriations.

(7) This part 16 is repealed, effective July 1, 2018.

(3) If a number of months is to be computed by counting the months from a particular day, the period ends on the same numerical day in the concluding month as the day of the month from which the computation is begun, unless there are not that many days in the concluding month, in which case the period ends on the last day of that month.

2-4-109. Standard time - daylight saving time. (1) The standard time within the state, except as provided in subsection (2) of this section, is that which is now known and designated by act of congress as "United States Mountain Standard Time".

PART 2

CONSTRUCTION OF STATUTES

2-4-201. Intentions in the enactment of statutes. (1) In enacting a statute, it is presumed that:

- (a) Compliance with the constitutions of the state of Colorado and the United States is intended;
- (b) The entire statute is intended to be effective;
- (c) A just and reasonable result is intended;
- (d) A result feasible of execution is intended;
- (e) Public interest is favored over any private interest.

2-4-202. Statutes presumed prospective. A statute is presumed to be prospective in its operation.

2-4-203. Ambiguous statutes - aids in construction. (1) If a statute is ambiguous, the court, in determining the intention of the general assembly, may consider among other matters:

- (a) The object sought to be attained;
- (b) The circumstances under which the statute was enacted;
- (c) The legislative history, if any;
- (d) The common law or former statutory provisions, including laws upon the same or similar subjects;
- (e) The consequences of a particular construction;
- (f) The administrative construction of the statute;
- (g) The legislative declaration or purpose.

2-4-204. Severability of statutory provisions. If any provision of a statute is found by a court of competent jurisdiction to be unconstitutional, the remaining provisions of the statute are valid, unless it appears to the court that the valid provisions of the statute are so essentially and inseparably connected with, and so dependent upon, the void provision that it cannot be presumed the legislature would have enacted the valid provisions without the void one; or unless the court determines that the valid provisions, standing alone, are incomplete and are incapable of being executed in accordance with the legislative intent.

2-4-205. Special or local provision prevails over general. If a general provision conflicts with a special or local provision, it shall be construed, if possible, so that effect is given to both. If the conflict between the provisions is irreconcilable, the special or local provision prevails as an exception to the general provision, unless the general provision is the later adoption and the manifest intent is that the general provision prevail.

2-4-206. Irreconcilable statutes passed at the same or different sessions. If statutes enacted at the same or different sessions of the general assembly are irreconcilable, the statute prevails which is latest in its effective date. If the irreconcilable statutes have the same effective date, the statute prevails which is latest in its date of passage.

2-4-207. Original controls over subsequent printing. If the language of the official copy of a statute conflicts with the language of any subsequent printing or reprinting of the statute, the language of the official copy prevails.

2-4-208. Continuation of prior law. A statute which is reenacted, revised, or amended is intended to be a continuation of the prior statute and not a new enactment, insofar as it is the same as the prior statute.

2-4-209. Statutory references. A reference to any portion of a statute applies to all reenactments, revisions, or amendments thereof.

2-4-210. References in a series. (Repealed)

2-4-211. Common law of England. The common law of England so far as the same is applicable and of a general nature, and all acts and statutes of the British parliament, made in aid of or to supply the defects of the common law prior to the fourth year of James the First, excepting the second section of the sixth chapter of forty-third Elizabeth, the eighth chapter of thirteenth Elizabeth, and the ninth chapter of thirty-seventh Henry the Eighth, and which are of a general nature, and not local to that kingdom, shall be the rule of decision, and shall be considered as of full force until repealed by legislative authority.

2-4-212. Liberal construction. All general provisions, terms, phrases, and expressions, used in any statute, shall be liberally construed, in order that the true intent and meaning of the general assembly may be fully carried out.

2-4-213. Form of enacting clause. All acts of the general assembly of the state of Colorado shall be designated, known, and acknowledged in each such act of said state as follows: "Be it enacted by the General Assembly of the State of Colorado".

2-4-214. Use of relative and qualifying words and phrases. The general assembly hereby finds and declares that the rule of statutory construction expressed in the Colorado supreme court decision entitled *People v. McPherson*, 200 Colo. 429, 619 P.2d 38 (1980), which holds that ". . . relative and qualifying words and phrases, where no contrary intention appears, are construed to refer solely to the last antecedent with which they are closely connected . . ." has not been adopted by the general assembly and does not create any presumption of statutory intent.

2-4-215. Each general assembly a separate entity - future general assemblies not bound by acts of previous general assemblies. (1) The general assembly finds and declares, pursuant to the constitution of the state of Colorado, that each general assembly is a separate entity, and the acts of one general assembly are not binding on future general assemblies. Accordingly, no legislation passed by one general assembly requiring an appropriation shall bind future general assemblies.

(2) Furthermore, the general assembly finds and declares that when a statute provides for the proration of amounts in the event appropriations are insufficient, the general assembly has not committed itself to any particular level of funding, does not create any rights in the ultimate

recipients of such funding or in any political subdivision or agency which administers such funds, and clearly intends that the level of funding under such a statute is in the full and complete discretion of the general assembly.

2-4-216. Limitations on statutory programs. (1) When the general assembly creates statutory programs which are not required by federal law and which offer and provide services or assistance or both to persons in this state, the general assembly gives rise to a reasonable expectation that such services or assistance or both will be provided by the state in a manner consistent with the statutes which created the programs. However, the general assembly does not commit itself or the taxpayers of the state to the provision of a particular level of funding for such programs and does not create rights in the ultimate recipient to a particular level of service or assistance or both. The general assembly intends that the level of funding, and thus the level of service or assistance or both, shall be in the full and complete discretion of the general assembly, consistent with the statute which created the program.

(2) In the statutes creating some of these programs, the general assembly expressly conditions any rights arising under such programs by the use of the words "within available appropriations" or "subject to available appropriations" or similar words of limitation. The purpose of the use of these words of limitation is to reaffirm the principles set forth in subsection (1) of this section.

(3) At the time such a program is created, the general assembly appropriates funds for its implementation, taking into account many factors, including but not limited to the availability of revenues, the importance of the program, and needs of recipients when balanced with the needs of recipients under other state programs. The amount of the initial appropriation indicates a program's priority in relation to other state programs. The general assembly reasonably expects that the priority of the program will be subject to annual changes which will be reflected in the modification of the annual appropriation for the program. If the general assembly desires a substantive change in the program, or to eliminate the program, that can be accomplished by amendment of the statutory law which created the program.

(4) It is the purpose of the general assembly, through the enactment of this section, to clarify that the rights, if any, created through the enactment of statutory programs are subject to substantial modification through the annual appropriation process, so long as the modification is consistent with the statute which created the program.

PART 3

AMENDATORY STATUTES

2-4-301. Multiple amendments to the same provision - one without reference to the other. If amendments to the same statute are enacted at the same or different sessions of the general assembly and one amendment is without reference to another, the amendments are to be harmonized, if possible, so that effect may be given to each. If the amendments are irreconcilable, the amendment

prevails which is latest in its effective date. If the irreconcilable statutes have the same effective date, the statute prevails which is latest in its date of passage.

2-4-302. Repeal of a repealing statute. The repeal of a repealing statute does not revive the statute originally repealed.

2-4-303. Penalties and liabilities not released by repeal. The repeal, revision, amendment, or consolidation of any statute or part of a statute or section or part of a section of any statute shall not have the effect to release, extinguish, alter, modify, or change in whole or in part any penalty, forfeiture, or liability, either civil or criminal, which shall have been incurred under such statute, unless the repealing, revising, amending, or consolidating act so expressly provides, and such statute or part of a statute or section or part of a section of a statute so repealed, amended, or revised shall be treated and held as still remaining in force for the purpose of sustaining any and all proper actions, suits, proceedings, and prosecutions, criminal as well as civil, for the enforcement of such penalty, forfeiture, or liability, as well as for the purpose of sustaining any judgment, decree, or order which can or may be rendered, entered, or made in such actions, suits, proceedings, or prosecutions imposing, inflicting, or declaring such penalty, forfeiture, or liability.

- (e) Eliminate any duplications in law and any laws repealed directly or by implication; and
- (f) Clarify existing laws, modernize terminology, and make such other nonsubstantive

changes as the committee considers proper.

(2) The revisor shall make no change in the substance of any statute but may make such changes in arrangement and terminology as will, in the judgment of the committee, improve the style and clarity of the laws, yet preserve the intent, effect, and meaning of each statutory provision.

(3) The revisor, with the approval of the committee, may employ such additional professional and clerical staff, within limits of appropriations, as may be necessary for the preparation and publication of the statutes under this article. In addition, the committee may obtain, by contract, such technical and professional assistance as it deems advisable for the efficient and accurate preparation and publication of such statutes, including but not limited to preparation of annotations and indices.

2-5-104. Revisor's bill. The revisor, under the supervision and direction of the committee, shall prepare and submit annually one or more bills containing such amendments or repeals of obsolete, inoperative, imperfect, obscure, or doubtful laws as he considers necessary to improve the clarity and certainty of the statutes as provided in section 2-5-103.

2-5-105. Publication contract - legislative declaration. (1) (a) Consistent with the requirement of section 8 of article XVIII of the state constitution that the general assembly provide for the publication of the laws passed at each session, the state acknowledges its obligation to provide official sets of statutes that are reasonably priced, accurate, and easy to use. In fulfillment of this obligation, the general assembly provides for distribution of statutes to state and local government agencies and the courts, without charge, in accordance with section 2-5-116 and provides for sale of statutes to the public in accordance with sections 2-5-111 and 2-5-118.

(b) The general assembly hereby finds and declares that:

(I) This section is enacted to assure that the obligation set forth in paragraph (a) of this subsection (1) is met consistent with the requirements of section 29 of article V of the state constitution governing the printing, binding, and distribution of the laws;

(II) An official, softbound, fully annotated set of statutes that is republished in its entirety annually and that is prepared under the supervision and direction of the committee on legal services of the general assembly meets that obligation; and

(III) On and after January 1, 1997, annual, softbound, official statutes shall be printed as a continuation of the original enactment of the Colorado Revised Statutes printed in accordance with the provisions of this article.

(2) On and after January 1, 1997, the work of the printing, binding, and packaging of softbound volumes and publications ancillary to Colorado Revised Statutes, originally entitled Colorado Revised Statutes 1973, and other similar operations precedent to the distribution thereof when published shall be performed pursuant to a contract or contracts bid and entered into in the manner directed by the committee on legal services in accordance with this section. Such contract or contracts shall be bid by employing standard bidding practices including, but not limited to, the use of requests for information, requests for proposals, or any other standard vendor selection practices determined by the committee to be best suited to selecting an appropriate printing

contractor. The executive director of the department of personnel shall provide such technical advice and assistance regarding bidding procedures as deemed necessary by the committee.

(3) (a) It is the intent of the general assembly that the work of printing, binding, and packaging of softbound volumes and publications ancillary to Colorado Revised Statutes be submitted to bid and any contract or contracts be awarded by the committee on legal services at least one year prior to the expiration of the current printing contract on December 31, 1997. However, if the committee determines that a further extension of the current contract would facilitate preparation of Colorado Revised Statutes in a new format and that such an extension would be in the public interest, the committee may extend such contract for an additional period not to exceed five years. The committee shall determine whether such an extension should be granted and, subject to the five-year limitation, the duration of any extension. Subsequent contracts for the work of printing, binding, packaging, and distribution shall be rebid at the direction of the committee on legal services prior to the expiration of a contract or, if an extension is granted, prior to the expiration of the extension period. Subsequent contracts shall be awarded at least six months prior to the expiration of a prior contract or extension period. The committee shall assure that the work is rebid at least every ten years. Such contract or contracts shall be awarded to the lowest responsible bidder or bidders and the determination thereof by the committee shall be final.

(b) The terms and conditions of any contract shall be determined by the committee on legal services, subject to the following:

(I) The term of any contract shall not exceed five years; however, the committee on legal services may extend the term of any such contract for one additional period of not more than five years if it finds that such an extension would be in the public interest; and

(II) Any contract shall contain adequate procedures to allow for verification of actual costs of printing.

(c) The methods and terms of sale of Colorado Revised Statutes to the public shall be included in the contract as an alternative provision as provided for in section 2-5-111.

(d) The committee on legal services may authorize such enhancements to or improvements in Colorado Revised Statutes as the committee deems appropriate.

(e) In the award of said contract or contracts, the committee on legal services shall take into consideration the policies set forth in the "Unfair Practices Act", article 2 of title 6, C.R.S.

(f) In determining the lowest responsible bidder in the award of said contract or contracts or in determining whether to extend any such contract as provided for in paragraph (b) of this subsection (3), the committee on legal services shall take into consideration the economic, fiscal, and tax impacts of the award or extension on the state of Colorado, its citizens, and its businesses. The information must be provided in writing and shall be verifiable by legal services staff.

(4) (Deleted by amendment, L. 93, p. 548, § 1, effective April 29, 1993.)

2-5-105.5. Publication - paper specification. (1) In any contract entered into after July 1, 1991, to publish or print the Colorado Revised Statutes pursuant to section 2-5-105, the contract shall specify that any paper used shall be acid-free, alkaline-based, or permanent type paper that conforms to the American national standards for permanent paper for printed library materials (ANSI Z 3948).

(2) This provision shall not affect any contract that is in effect on July 1, 1991.

2-5-106. Bid and contract forms, guarantee, bonds. (Repealed)

2-5-107. Notification of bidders. (Repealed)

2-5-108. Contents of forms. (Repealed)

2-5-109. Contract approval and execution. Any publication contract entered into pursuant to section 2-5-105 and all proceedings included therein shall be approved by the attorney general as to legality and by the controller, acting as the designee of the governor, and executed by the chairman of the committee for and in behalf of the state.

2-5-110. Cost, alternative specifications. (Repealed)

2-5-111. Sale price to public. The methods and terms of sale of Colorado Revised Statutes, and ancillary publications thereto, to the public shall be included by the committee as an alternative specification and bid, and as a part of a contract let by bids authorized by this article.

2-5-112. Report to the 1974 session of the general assembly. (Repealed)

2-5-113. Effect of enactment of Colorado Revised Statutes 1973 - legislative construction not based on editorial matters. (1) Colorado Revised Statutes 1973 was enacted as a repeal and reenactment of Colorado Revised Statutes 1963 and the supplements thereto, as provided for in section 2-5-122, as said section existed upon its repeal.

(2) The effect of the enactment of the Colorado Revised Statutes 1973, as of its effective and operative date, shall be:

(a) To repeal all statutes and parts of statutes of a general and permanent nature not contained in the Colorado Revised Statutes 1973;

(b) To revive no law repealed or superseded before the effective and operative date of the Colorado Revised Statutes 1973;

(c) To affect no act done, right accrued, or obligation incurred or imposed by law prior to that effective and operative date;

(d) Neither to abate nor otherwise affect any action, suit, or proceeding pending on such effective and operative date;

(e) To affect no penalty or forfeiture incurred before such effective and operative date, except that where a punishment, penalty, or forfeiture is mitigated by any provision of the Colorado Revised Statutes 1973, that mitigating provision shall apply to any judgment pronounced after that effective and operative date; and

(f) To have no effect on the running or ending of a limitation or period of time prescribed for acquiring a right, barring a remedy, or for any other purpose, where the time limitation began to run before that effective and operative date and the same or a similar limitation is prescribed in Colorado Revised Statutes 1973.

(3) The provisions of Colorado Revised Statutes 1973, insofar as they are the same in substantial intent, effect, and meaning as those of prior laws, shall be given effect as though a continuation of those laws and not as new enactments. If, however, any act set out in the prior laws and reenacted by Colorado Revised Statutes 1973 or any supplement thereto is alleged to have had a defective title when originally enacted, that defect is cured by enactment of the Colorado Revised Statutes 1973 or any supplement thereto.

(4) The classification and arrangement by title, article, and numbering system of sections of Colorado Revised Statutes, as well as the section headings, source notes, annotations, revisor's notes, and other editorial material, shall be construed to form no part of the legislative text but to be only for the purpose of convenience, orderly arrangement, and information; therefore, no implication or presumption of a legislative construction is to be drawn therefrom.

2-5-114. Deposit with secretary of state. (Repealed)

2-5-115. Copyright by state. Colorado Revised Statutes and ancillary publications thereto, as published, shall be the sole property of the state of Colorado as owner and publisher thereof. The committee, or its designee, may register a copyright for and in behalf of the state of Colorado in any and all original publications and editorial work ancillary to the Colorado Revised Statutes that are prepared by the general assembly or its staff. The committee shall use its best efforts to ensure that any federal copyright registered pursuant to this section is appropriately maintained. Any prior actions of the committee and the revisor in securing such federal copyright are hereby validated.

2-5-116. Official list - designation and disposition of statutes. (1) The revisor shall prepare for approval by the committee an official list of the state, district, county, and municipal officials and state boards, commissions, divisions, and agencies who shall receive for official use sets of Colorado Revised Statutes, including a sufficient number of volumes for exchange with other states and territories on a reciprocal basis.

(2) The office of legislative legal services shall distribute such sets to the officials and agencies so listed, taking a receipt for each set so delivered.

(3) All sets of volumes provided for official use shall remain the property of the state of Colorado for the use of the named officials and their successors, and shall bear such designation.

2-5-117. Softbound volumes - ancillary publications. (1) Following the regular legislative session convening after January 1, 1997, the revisor, under the supervision and direction of the committee, shall annotate, arrange, and prepare for publication all laws of a general and permanent nature enacted at that session and at any special session intervening since the last preceding regular legislative session. Such laws shall be combined with the laws previously contained in the original hardbound volumes or replacement volumes and with the laws contained in the 1996 cumulative supplements for those volumes. Such combined laws shall be republished in accordance with this article in a fully annotated, softbound set of statutes.

(2) After each regular legislative session convening after January 1, 1998, the preparation for publication shall be as a republication of the entire set of statutes in softbound format that combines newly enacted laws with those published in the preceding year.

(3) Such softbound volumes, when, in like manner as is provided for enactment of Colorado Revised Statutes 1973, certified and reported to the general assembly by the committee, approved and enacted by the general assembly, published, and deposited with the secretary of state, shall be received, recognized, and referred to in like manner as Colorado Revised Statutes. Each year's set of softbound volumes shall become effective on the date specified in section 2-5-126 (2).

(4) The committee may issue such ancillary publications as it considers necessary or desirable in aid of the general use and purposes of Colorado Revised Statutes.

2-5-118. Official statutes - publications by other persons or agencies. (1)(a) The statutes prepared in accordance with sections 2-5-102 and 2-5-103 and printed and enacted as the law of the state in accordance with sections 2-5-105, 2-5-113, 2-5-117, and 2-5-126 shall be considered to be the official statutes of the state of Colorado. Such official statutes shall be the only publication of the statutes entitled to be considered as evidence in Colorado courts in accordance with section 13-25-101, C.R.S., and with applicable Colorado court rules. The courts of this state shall take judicial notice of such official statutes.

(b) To ensure public access to the statutes, the committee:

(I) Shall authorize the printing of the official statutes in softbound sets in accordance with section 2-5-105;

(II) May authorize and work cooperatively with the person printing the official statutes in accordance with section 2-5-105 to reprint and distribute the statutes in alternative printed and electronic formats, including, but not limited to the following:

(A) Compact discs;

(B) Online public access through the world wide web;

(C) Electronic applications for handheld electronic devices;

(D) Electronic books or digital versions of books readable on personal computers, mobile handheld electronic devices, or special e-reader or tablet-style devices; and

(E) Other electronic products or formats;

(III) May, pursuant to subsection (2) of this section, provide the statutory database containing the official text of the statutes, with or without original ancillary publications prepared by the general assembly or its staff, for the additional publication, reprinting, and distribution of the statutes in

print, electronic, or other digital format by another person, agency, or political subdivision, in accordance with subsections (2) to (5) of this section; and

(IV) Recognizes that other persons, agencies, or political subdivisions may, from time to time, also publish, reprint, or otherwise distribute the statutes in print, electronic, or other digital format without the use of the statutory database containing the official text of the statutes as prepared by the general assembly or its staff.

(c) Publication, reprinting, or distribution of any of the publications ancillary to the statutes of the state of Colorado, as prepared by the general assembly or its staff, other than pursuant to sections 2-5-101 to 2-5-116, may be made only as provided for in this section.

(2) (a) Any person, agency, or political subdivision desiring to publish, reprint, or distribute, whether by use of printed matter or by use of computer or other electronic means, the statutes of the state of Colorado using the statutory database prepared by the general assembly or its staff containing the official text of the statutes, shall submit to the committee or the committee's designee:

(I) A statement specifying those portions of the statutes the person, agency, or political subdivision seeks to publish;

(II) A statement specifying whether the person, agency, or political subdivision is seeking to publish, reprint, or distribute any of the publications ancillary to the statutes as prepared by the general assembly or its staff pursuant to subsection (2.5) of this section;

(III) The costs and fees required by the committee as specified in paragraph (c) of this subsection (2); and

(IV) Such other information as the committee reasonably requires.

(b) Any person, agency, or political subdivision who wishes to publish, reprint, or distribute an officially sanctioned version of the statutes pursuant to this subsection (2) shall reproduce the statutes and ancillary publications, if any, accurately.

(c) (I) In addition to any other requirement, the committee may require that any person, agency, or political subdivision seeking to publish, reprint, or distribute the statutes using the statutory database prepared by the general assembly or its staff containing the official text of the statutes pay a fee to the state and any direct costs of preparation of any material provided by the state. Such fee and costs shall be determined by the committee, and any fee shall be in an amount that the committee determines is necessary to pay for state property interests in the statutes, to pay for the use of any material copyrighted by the state, and to pay for expenses incurred by the committee to ensure the accuracy of the statutes.

(II) (Deleted by amendment, L. 92, p. 959, § 1, effective April 29, 1992.)

(2.5) (a) Any person, agency, or political subdivision desiring to publish, reprint, or distribute, whether by use of printed matter or by use of computer or other electronic means, any of the publications ancillary to the statutes of the state of Colorado shall make prior written application to the committee, in which the applicant:

(I) Specifies what ancillary publications it seeks to publish;

(II) States generally the purpose for the publication, reprinting, or distribution and the persons or classes of persons to receive copies thereof;

(III) Demonstrates to the satisfaction of the committee that such ancillary publications will be accurately reproduced; and

(IV) Agrees to pay the costs and fees required by the committee.

(b) If the committee finds from the application that such distribution meets the requirements of this subsection (2.5) and that it will not be detrimental to the interests of the citizens of the state, it may authorize distribution of such ancillary publications specified in the application. Upon satisfactory arrangements for the payment by such person, agency, or political subdivision of any costs and fees, the committee may provide copies of such ancillary publications in printed or electronic format.

(3) (a) (Deleted by amendment, L. 2011, (SB 11-261), ch. 205, p. 875, § 3, effective May 23, 2011.)

(b) The committee may enter into such contracts as it deems necessary to implement the provisions of this section. Any contracts entered into prior to May 23, 2011, are hereby validated.

(4) The general assembly hereby finds and declares that this section and the other provisions of this article are enacted in furtherance of the general assembly's legislative duty to provide for the publication of the laws as required by section 8 of article XVIII of the state constitution and that any acts of the committee or its staff in implementing these provisions are legislative in character. The purpose of this section is to ensure that the official statutes are made available to the courts, state and local government agencies, and other users; that copies of the Colorado Revised Statutes, when published, reprinted, or distributed to interested citizens, accurately state the law in effect when those copies are prepared; and that unofficial publications, reprintings, or distributions of the statutes are not mistaken for the official statutes produced and enacted in accordance with this article. Any person, agency, or political subdivision that publishes, reprints, or otherwise distributes the statutes of the state of Colorado, with or without any ancillary publications to the statutes, shall reproduce them accurately.

(5) (a) Any publication, reprinting, or distribution that is published in accordance with paragraph (a) of subsection (2) of this section using the statutory database containing the official text of the statutes may contain a notice, approved by the committee, that indicates that it is an officially sanctioned publication using the official text of the Colorado Revised Statutes. Except for the official statutes provided for in subsection (1) of this section, publications of the statutes shall not contain any notice or other indication that they are official statutes of this state.

(b) to (d) (Deleted by amendment, L. 2011, (SB 11-261), ch. 205, p. 875, § 3, effective May 23, 2011.)

(6) Notwithstanding any other provision of this section to the contrary, a person, agency, or political subdivision may publish, reprint, or distribute two hundred or fewer sections of the Colorado Revised Statutes, with or without the ancillary publications thereto, for educational purposes.

2-5-119. Tax levy on civil actions. A tax of one dollar is imposed upon each action filed in the office of each clerk of a court of record of the state of Colorado, except criminal actions, cases filed for reviews of findings and orders of the industrial claim appeals office, petitions relating to the distribution of estates under sections 15-12-1203 and 15-12-1204, C.R.S., petitions relating to a person with a mental illness filed under articles 10.5, 65, and 92 of title 27, C.R.S., cases filed by the state of Colorado, cases filed by the United States of America or any of its agencies in any matter under articles 10 to 20 of title 15, C.R.S., and cases where a party is allowed to sue as a poor person.

The tax shall be paid to the clerk by the party filing the action at the time of such filing. Each clerk shall keep the taxes so received in a separate fund and remit them to the state treasurer on the first day of each month for the purpose of reimbursing the general fund for appropriations made for the use of the committee on legal services for statutory revision purposes.

(b) Considerations such as avoidance of duplication, cost-effective service delivery, and efficient management of state government may have been overlooked in the assignment and undertaking of said powers, duties, and functions;

(c) While the initial assignment or undertaking of powers, duties, and functions may be reasonable, the assignment or undertaking may become obsolete because of changes in the nature of the problem sought to be solved or because of the passage of time;
