Editor's note: This article was numbered as article 1 of chapter 62, C.R.S. 1963. The substantive provisions of this article were repealed and reenacted in 1984 with an effective date of January 1, 1985, resulting in the addition, relocation, and elimination of sections as well as subject matter. For amendments to this article prior to 1984, consult the Colorado statutory research explanatory note and table itemizing the replacement volumes and supplements to the original volume of C.R.S. 1973 beginning on page vii in the front of this volume. Former C.R.S. section numbers are shown in editor's notes following those sections that were relocated.

33-1-101. Legislative declaration. (1) It is the policy of the state of Colorado that the wildlife and their environment are to be protected, preserved, enhanced, and managed for the use, benefit, and enjoyment of the people of this state and its visitors. It is further declared to be the policy of this state that there shall be provided a comprehensive program designed to offer the greatest possible variety of wildlife-related recreational opportunity to the people of this state and its visitors and that, to carry out such program and policy, there shall be a continuous operation of planning, acquisition, and development of wildlife habitats and facilities for wildlife-related opportunities.

(2) All wildlife within this state not lawfully acquired and held by private ownership is declared to be the property of this state. Right, title, interest, acquisition, transfer, sale, importation, exportation, release, donation, or possession of wildlife is permitted only as provided in articles 1 to 6 of this title or in any rule of the parks and wildlife commission.

(3) In order to foster the welfare of the inhabitants of the state of Colorado, it is further declared to be the policy of this state to protect and encourage full development of absolute and conditional water rights created under state law and to develop and maximize the beneficial use of the waters to which Colorado and its citizens are entitled under interstate compacts.

(3.5) (a) The general assembly hereby finds, determines, and declares that it supports the recommendation of the Lower Arkansas river commission in its plan dated March 25, 1993, to protect and enhance fish and wildlife resources at the Great Plains Reservoirs, and further finds that a joint funding effort, which includes funds appropriated from the wildlife cash fund created in section 33-1-112 to carry out such recommendation, would further the public interest by establishing recreational opportunities in southeastern Colorado.

(b) The general assembly further declares that the joint funding effort described in paragraph (a) of this subsection (3.5) shall not be solely a division responsibility and that the appropriation from the wildlife cash fund shall be used to maximize matching funds from other sources to ensure full implementation of the recommendation.

(4) The state shall utilize hunting, trapping, and fishing as the primary methods of effecting necessary wildlife harvests.

(5) The general assembly declares that it is the policy of the state to prosecute persons who violate multiple provisions of this title 33 for each violation that contains unique elements.

For the purposes of this subparagraph (III), the spouse and dependent children of any such student shall also be considered residents. The temporary absence of such student or the student's spouse or dependent children from this state while the student is still enrolled at any such trade school, college, or university shall not be deemed to terminate their residency. A student shall be deemed "full-time" if considered full-time under the rules or policy of the educational institution he or she is attending.

(IV) Colorado residents who attend school full-time out of state and pay nonresident tuition unless exempted from such tuition payments by the trade school, college, or university.

(d.5) The residency status of children under eighteen years of age is presumed to be that of the parent with whom the child resides the majority of the time pursuant to court order or legal guardian.

(e) Except as provided in paragraph (c), (d), or (d.5) of this subsection (38), a person is deemed, for the purposes of this title, to have terminated his or her Colorado residence if the person applies for, purchases, or accepts a resident hunting, fishing, or trapping license issued by another state or foreign country; registers to vote in another state or foreign country; or accepts a driver's license that shows an address other than in Colorado.

Such determination within this statute shall not affect other statutes or court decisions determining injury to persons or damage to property which depend on the classification of animals by such statute or court decision as wild or domestic animals.

(52) "Wildlife sanctuary" means a place of refuge where a nonprofit entity, as defined in section 7-90-102 (40), C.R.S., provides care for abused, neglected, unwanted, impounded, abandoned, orphaned, or displaced wildlife for their lifetime and, with respect to any wildlife owned by such entity, does not:

33-1-105. Powers of commission. (1) The commission has power to:

(a) (I) Acquire by gift, transfer, devise, lease, purchase, or long-term operating agreement such land and water, or interest in land and water, as in the judgment of the commission may be necessary, suitable, or proper for wildlife purposes or for the preservation or

conservation of wildlife. The term "interest in land and water", as used in this section, means any and all rights and interests in land, including but not limited to fee title interests, future interests, easements, covenants, and contractual rights. Every such interest in land and water held by the commission when properly recorded shall run with the land or water to which it pertains for the benefit of the citizens of this state and may be protected and enforced by the commission in the district court of the county in which the land or water, or any portion thereof, is located. Game cash funds shall not be expended for water development projects except in those projects specifically authorized by the commission. Whenever the commission purchases any fee title interest in land or water as authorized by this section, it shall follow the procedures established in section 33-1-105.5.

(II) Repealed.

(b) Lease, exchange, or sell any property, water, land, or interest in land or water, including oil, gas, and other organic and inorganic substances which now are or may become surplus or which, in the proper management of the division, the commission desires to lease, exchange, or sell in accordance with the joint rule number 34 of the senate and house of representatives. As used in this paragraph (b), "exchange" means the transferring of property, water, land, or interest in land or water to another person in consideration for the transfer to the commission of other property, water, land, or interest in land or water, or cash, or any combination thereof; except that any cash received may not exceed fifty percent of the total value of the consideration. A transaction otherwise qualifying as an exchange shall not be deemed a sale merely because dollar values have been assigned to any property, water, land, or interest in land or water, for the purpose of ensuring that the commission will receive adequate compensation.

(c) Construct or otherwise establish public facilities and conveniences at any site or on any land in which the commission holds an interest and operate and maintain all such lands, facilities, and conveniences and provide services with respect thereto, and, when appropriate, make reasonable fees or charges for their use or enter into contracts for their maintenance or operation;

(d) Capture, provide for propagation of, transport, buy, sell, or exchange any species of wildlife needed for the purpose of stocking any of the lands or waters of this state;

(e) Enter into cooperative agreements with state and other agencies, educational institutions, municipalities, political subdivisions, corporations, clubs, landowners, associations, and individuals for the development and promotion of wildlife programs;

(f) (I) Receive and expend:

(A) Grants, gifts, sponsorships, contributions, donations, and bequests, including federal money, made available for the purposes for which the commission is authorized; and

(B) Moneys made available to the division for the purpose of mitigating or offsetting adverse impacts of development on wildlife or wildlife habitat.

(II) The commission may provide matching funds when appropriate moneys are available. The commission shall provide such information as may be required in order to secure matching funds. The receipt and expenditure of money so received by the commission shall be reported to the executive director prior to the time of submission of the commission's annual budget requests.

(g) Enter into agreements with landowners for public hunting and fishing areas. Such agreements shall be negotiated by the commission or its authorized agent and shall provide that, if the landowner opens the land under his control to public hunting and fishing, the commission shall compensate him in an amount to be determined by the parties to the agreement. Under the agreement, the commission shall control public access to the land to prevent undue damage and to properly manage attendant wildlife populations. The commission shall not be liable for damages caused by the public other than those specified in the agreement. Nothing in section 33-4-103 limits the authority of the commission both to enter into an agreement and to include the issuance of a hunting license in the agreement. Nothing in section 33-3-103.5 limits the authority of the commission to negotiate the waiver of game damage eligibility in an agreement.

(h) Provide for the destruction of any wildlife that poses a threat to public health, safety, or welfare;

(i) (I) Purchase, without using the bid process required by section 33-1-105.5, no more than two thousand acres of real property in Mesa county to build a multi-use shooting facility using moneys received from:

(A) Appropriated funds or nonappropriated grant moneys; or

(B) The federal government.

(II) The commission may contract with an independent contractor to build or operate the multi-use shooting facility authorized by this paragraph (i).

(III) The authority to purchase land under subparagraph (I) of this paragraph (i) expires on July 1, 2020, but this expiration does not affect the authority to build and operate or to contract to build and operate the multi-use shooting facility.

(2) Nothing in articles 1 to 6 of this title 33 authorizes the commission to change any penalty prescribed by law for a violation of articles 1 to 6 of this title 33.

(3) (a) In the event that the commission plans to acquire the fee title to any real property or to acquire an easement for a period to exceed twenty-five years or at a cost to exceed one hundred thousand dollars or to enter into any lease agreement for the use of real property for a period to exceed twenty-five years or at a cost to exceed one hundred thousand dollars, or to sell or otherwise dispose of the fee title to any real property that has a market value in excess of one hundred thousand dollars, after the commission has approved the transaction but before it has completed the transaction, the commission shall submit a report to the capital development committee that outlines the anticipated use of the real property, the maintenance costs related to the property, the current value of the property, any conditions or limitations that may restrict the use of the property, and, in the event real property is acquired, the potential liability to the state that will result from the acquisition. The capital development committee shall review the reports submitted by the commission and make recommendations to the commission concerning the proposed land transaction within thirty days from the day on which the report is received. The commission shall not complete the transaction without considering the recommendations of the capital development committee, if the recommendations are made in a timely manner.

33-1-105.5. Acquisition of property - procedure. (1) Except as provided in subsection (7) of this section, before the commission purchases any fee title interest in real property or any interest in water pursuant to section 33-1-105 (1)(a), it shall solicit bid proposals from all interested parties through the issuance of a request for proposals. Notice of such request for proposals shall be published in a newspaper of general circulation in the area where the commission plans to purchase the real property or interest in water.

(2) The notices required to be published pursuant to subsection (1) of this section shall include, but shall not be limited to, the following information:

(a) The approximate amount of money available to the commission for the type of property, interest in water, and habitat to be acquired;

(b) The nature of the wildlife habitat, other property, or interest in water desired, including the type or types of recreational opportunities, if any;

(c) The expected terms and conditions of the proposed acquisitions;

(d) The name, address, and phone number of a contact person employed by the division who shall be responsible for providing further information relating to the bid process to any interested party;

(e) The deadlines for the submission of proposals and the address where proposals are to be sent; and

(f) Any other information deemed relevant by the commission.

(3) All proposals received by the commission shall be opened in a manner which is designed to prevent the disclosure of the offering price information contained in such proposals to competing bidders. Once a successful bidder has been selected and the acquisition is completed, the acquisition price and any other information deemed relevant by the commission shall be made available to the public.

(4) The commission, or its designee, may conduct discussions with any person who submits a proposal pursuant to this section for the purpose of clarifying whether the bidder is responsive to, or has a full understanding of, the solicitation requirements. The commission, or

its designee, shall, at the request of any person making a proposal, unless it deems such proposal nonresponsive to the bid solicitation, assist such person in restructuring the proposal for the purpose of making the most attractive possible proposal. Bidders shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals. The commission, or its designee, shall not disclose any information regarding the offering prices of other proposals during the course of such discussions. Bidders may submit revisions to proposals after the initial submission of the proposal, so long as such revisions are made prior to the date listed in the request for proposals for final submission of all proposals. The commission has the right to reject any and all bids.

(5) The commission shall evaluate the proposals based on the following criteria:

(a) Whether the ability of the commission to attain the goals established in the long-range plan of the division is enhanced by the acquisition of the property or interest in water;

(b) Whether the acquisition results in the establishment of additional wildlife habitat or in the potential for additional habitat through the use of habitat improvement methods;

(c) Whether the acquisition will improve access to other public lands;

(d) Whether additional wildlife-oriented recreational opportunities will result from the acquisition;

(e) The size and location of the property or interest in water, including the proximity of the property or interest in water to other property controlled by the division; and

(f) Such other criteria as the commission may establish.

(6) Prior to acceptance of proposals by the commission, said proposals must be reviewed by boards of commissioners of counties with lands or water included in the proposals.

(7) The commission may decide not to use the bid process established in this section when the property or interest in water being purchased is located in such proximity to other property controlled by the division that, in the judgment of the commission, the bid process would not be effective, or when the property or interest in water to be purchased is offered through foreclosure, receivership, or auction, or when the property or interest in water is to be purchased from another governmental entity. In the event that the bid process is not used, the purchase of any fee title interest in real property or any interest in water shall be approved by the general assembly acting by bill.

(8) The commission may adopt such rules as are necessary to implement the acquisition process established in this section.

(9) Notwithstanding section 24-1-136 (11)(a)(I), the commission shall include in its annual report, which report shall be submitted to the capital development committee and to the agriculture, livestock, and natural resources committee of the house of representatives and the agriculture, natural resources, and energy committee of the senate, a listing of all acquisitions of real property or interests in water made pursuant to the provisions of this section. The report must describe all property and interests in water acquired within the previous five years, the acquisition cost of each such property or interest in water, and the appraised value of each such property or interest in water, and must contain a description of all pending acquisitions of property and interests in water.

33-1-106. Authority to regulate taking, possession, and use of wildlife - rules. (1) In order to provide an adequate, flexible, and coordinated statewide system of wildlife management and to maintain adequate and proper populations of wildlife species, the commission shall have authority in this state, by appropriate rules and regulations, to:

(a) Determine under what circumstances, when, in which localities, by what means, what sex of, and in what amounts and numbers the wildlife of this state may be taken and, further, to shorten, extend, or close seasons on any species of wildlife in any specific locality or the entire state when it finds after investigation that such action is necessary to assure maintenance of adequate populations of wildlife or to preserve the proper ecological balance of the environment. In no event, however, shall the commission adopt any regulation concerning the taking of black bears which is in conflict with the provisions of section 33-4-101.3.

(b) Provide for the disposal of the usable portions of wildlife confiscated, abandoned, or unclaimed at meat processing and storage facilities or by taxidermists or otherwise obtained under the provisions of articles 1 to 6 of this title;

(c) Control the exportation, importation, transportation, release, possession, sale, transfer, and donation of wildlife;

(d) Establish requirements for persons who are engaged in the business of buying, selling, processing, or otherwise handling wildlife for the keeping of records of such transactions and to make such records available for inspection;

(e) Provide for the issuance of and require persons to obtain licenses for the purpose of hunting, fishing, trapping, taking, or possession of wildlife in accordance with the provisions of articles 1 to 6 of this title and the rules and regulations adopted pursuant thereto;

(f) Authorize fishing without a license on a statewide basis for up to two days during the calendar year.

(2) The commission shall adopt rules which regulate the conduct of fishing contests in public waters of the state. Such rules may prohibit the holding of such a contest on specific waters and at specific times of the year, but such rules shall not unreasonably restrict persons conducting such a contest from charging an entry fee, awarding prizes to participants, or using marked or tagged fish.

(3) (a) The state agricultural commission shall review the rules concerning captive wild ungulates submitted by the division and make recommendations to the parks and wildlife commission concerning the rules. The parks and wildlife commission shall not pass nor implement rules concerning captive wild ungulates without the approval of the state agricultural commission. If the parks and wildlife commission makes the possession of red deer unlawful in

this state, the division shall compensate any person who owns or possesses any red deer on the effective date of the prohibition for the cost to replace such red deer with a legal elk of the same sex and comparable age.

(b) For purposes of this subsection (3), "captive wild ungulates" means wildlife which are ungulates lawfully acquired and held in confinement for breeding for agricultural purposes, production of meat, or other animal products; except that "captive wild ungulates" does not include wildlife held or used for the purpose of hunting or domestic elk or fallow deer held by persons licensed pursuant to section 35-41.5-104, C.R.S.

(c) Captive wild mammals and alternative livestock which have escaped from an owner's control may be removed from the wild by the division of parks and wildlife at the owner's expense, but not sooner than seventy-two hours after the division has given the owner or his designee actual notice of such escape, or the owner has notified the division of such escape. The amount the division of parks and wildlife may charge an owner shall be limited to actual costs incurred by the division to accomplish such removal, subject to further limitation by the following maximum caps:

(I) For native wildlife and for nonnative or exotic wildlife, one thousand dollars per animal not to exceed in the aggregate five thousand dollars per incident; and

(II) For prohibited species, no maximum cap per animal and no maximum cap per incident.

(4) (a) The commission may propose rules concerning:

(I) Hunting of alternative livestock as defined in section 35-41.5-102 (1), C.R.S.;

(II) Maintaining the purity of the native species of elk in the elk herds of Colorado by preventing the introduction of red deer or hybrid nonnative species, whether by the importation of untested live animals, gametes, eggs, sperm, or other genetic material, into Colorado. For purposes of this subparagraph (II), "native species of elk" includes those subspecies native to North America including *cervus elaphus roosevelti*, *cervus elaphus nannodes*, *cervus elaphus nelsoni*, *cervus elaphus manitobensis*, *cervus elaphus canadensis*, and *cervus elaphus merriami*.

(III) Requirements that owners of alternative livestock have samples taken for the purpose of identifying individual animals;

(IV) Perimeter fences for alternative livestock farms, licensed pursuant to article 41.5 of title 35, C.R.S., to prevent ingress of big game wildlife and egress of alternative livestock.

(b) The state agricultural commission shall review any rules proposed by the commission and may make recommendations to the commission concerning such rules. The state agricultural commission shall approve all rules promulgated pursuant to this section prior to adoption by the commission.

(c) For purposes of carrying out the rules promulgated pursuant to this section, at any reasonable time during regular business hours, the director or the director's designee shall have free and unimpeded access upon consent or upon obtaining an administrative search warrant to:

(I) All buildings, yards, pens, pastures, and other areas in which any alternative livestock is kept, handled, or transported; and

(II) All records required to be kept and to make copies of such records.

(5) Nothing in this section shall be construed to preclude the commissioner of agriculture from authorizing, pursuant to section 35-40-101, C.R.S., the taking of depredating animals.

(6) The commission may adopt rules governing wildlife sanctuaries.

33-1-107. Regulation of areas under wildlife commission control. (1) The commission shall adopt such rules or regulations as may be reasonably necessary for the administration, protection, and maintenance of all land and water, or interests in land and water, acquired by the commission. The term "interests in land and water", as used in this section, means any and all rights and interests in land or water less than the full fee interest. Specifically, the commission shall have power to adopt rules or regulations upon the following matters:

- (a) Maintenance, enhancement, or management of property, vegetation, wildlife, signs, markers, buildings or other structures, and any object of scientific value or interest in any such area;
- (b) Restriction, limitation, or prohibition concerning the use of any such area either as to time, manner, permitted activities, or numbers of people;
- (c) Necessary sanitation, health, and safety measures.

(2) Rules or regulations that apply to any particular area shall be published as provided in section 33-1-108 and shall be prominently posted at any such area. (1) Rule-making procedures shall be as prescribed in article 4 of title 24, C.R.S., except as otherwise provided in articles 1 to 6 of this title. Notice of rules and regulations may also be given such other publicity as the commission may deem desirable.

(2) A certified copy, which may be certified by the director or his designee, of any rule, regulation, or order of the commission shall be *prima facie* evidence in any court of this state. A printed copy of any rule or regulation purporting or proved to have been adopted and published by the authority of the commission or as published in the code of Colorado regulations in

(f) Wildlife rehabilitators must execute a contract with the division in order to receive any grant moneys awarded. Such contracts must require, at a minimum, that rehabilitation projects funded in whole or in part through grant moneys will be performed or managed by the grantee.

(g) Grantees shall submit annual reports, in accordance with a schedule developed by the board, to the division describing how grant moneys they received have been expended. The division shall make the grant recipients and amounts and the annual reports available on its official website.

33-2-105. Endangered or threatened species. (1) On the basis of investigations of nongame wildlife provided for in section 33-2-104 and other available scientific and commercial data and after consultation with other state wildlife agencies, the Colorado water conservation board, the Colorado water and power development authority, water conservancy districts, and other water conservation districts of the state, and other water resource development agencies within the state, appropriate federal agencies, and other interested persons and organizations, the commission shall by regulation adopted pursuant to the procedures specified in sections 33-1-111 and 24-4-103, C.R.S., establish a list of those species and, where necessary, subspecies of wildlife indigenous to this state which are determined to be endangered or threatened within this state, giving their common and scientific names by species and, where necessary, by subspecies.

(2) The commission shall:

33-2-105.5. Reintroduction of endangered species - legislative declaration. (1) The general assembly determines and declares that pursuant to the tenth amendment of the United States constitution, the state of Colorado has primacy over affairs that are of statewide concern and that matters concerning the environment, including the introduction or reintroduction of species that are currently not found or no longer found in this state is a statewide concern and should be conducted by the state through specific legislation. Reintroduction drives enormous land use questions and impacts property and water rights throughout Colorado.

(2) Before any species may be introduced or reintroduced into this state through action by any state or local government entity, the general assembly shall act by bill to specifically name such species and to specify the manner of introduction or reintroduction. The species to be introduced or reintroduced shall be:

(a) Not, or no longer, found in this state; and

24, 2000, or any release that has previously been approved by the general assembly acting by bill.

(b) The general assembly determines and declares that the introduction of species is a matter of statewide concern and should be conducted by the state through specific legislation. Such introduction may cause substantial harm to the state's overall ecosystem, including native plants and animal wildlife. The introduction of wildlife species also has far-reaching impacts on benefits from the use of both public and private lands within the state.

(2) Before any wildlife species may be introduced, the department shall prepare a report that includes, at a minimum, the following information:

(a) The potential ecological and economic impacts, including whether the introduction of a wildlife species will prevent or impair the then-existing use or uses of private land, and the benefits of the introduction;

(b) The probable survival rates of the introduced animals;

(c) The possible impacts should the introduction not take place; and

(d) An assessment evaluating whether the introduction of the wildlife species will impair any use of private land or beneficial use of water existing at the time of such introduction. If the assessment concludes that any such use will be impaired by the introduction, the report shall also describe the reason for the impact and possible actions to reduce such impact.

(3) The department shall deliver the report prepared pursuant to subsection (2) of this section to the general assembly, in accordance with section 24-1-136 (9), C.R.S., within thirty days after its completion.

(4) The department shall annually prepare a report for each of the five years after an introduction occurs that shall include, at a minimum, the following information:

(a) The status of the introduction effort;

(b) A report on the estimated survival rates of the introduced wildlife species and their progeny;

(c) If the survival rate of the introduced wildlife species and their progeny is below the initial projected range, an assessment of why the survival rate is lower than expected and the steps that have been considered and put in place to increase survival rates; and

(d) The recovery goals and anticipated timelines of the recovery program.

ARTICLE 3

Damage by Wildlife

Editor's note: This article was numbered as article 3 of chapter 62, C.R.S. 1963. The substantive provisions of this article were repealed and reenacted in 1969, resulting in the addition, relocation, and elimination of sections as well as subject matter. For amendments to

this article prior to 1969, consult the Colorado statutory research explanatory note beginning on page vii in the front of this volume.

PART 1

GENERAL PROVISIONS

33-3-101. Definitions. As used in this article, unless the context otherwise requires:

- (1) "Division" means the division of parks and wildlife.

Source: L. 72: p. 332, § 22. C.R.S. 1963: § 62-3-10.

Editor's note: Although § 62-3-10, currently 33-3-101, was added in 1972 as the last section appearing in article 3 of chapter 62, C.R.S. 1963, a supplement was not printed for the laws enacted in 1972 or 1973. This article was subsequently renumbered in the compilation of the Colorado Revised Statutes 1973.

33-3-102. State's liability for damage. The state of Colorado is liable for certain damages caused by wildlife, but only to the extent provided in this article.

Source: L. 69: R&RE, p. 408, § 1. C.R.S. 1963: § 62-3-1.

33-3-103. No liability for damage - when. (1) The state shall not be liable for:

- (a) Damage to livestock caused by coyotes, bobcats, or dogs. It is the intent of the general assembly that the division shall use whatever proper means are available to effectively minimize depredation to livestock by coyotes and bobcats.
- (b) Damage to motor vehicles caused by wildlife;
- (c) Injury to or the death of any person caused by wildlife;
- (d) Damages, if the division has furnished to the claimant sufficient and appropriate damage prevention materials and the claimant has refused to accept or use such materials exclusively for game damage prevention, and if the provisions of section 33-3-103.5 have been complied with by the division and the claimant;
- (e) Damages, if the claimant has willfully failed to maintain damage prevention materials throughout the normal life of such materials, and such materials have not been damaged or destroyed by wildlife;
- (f) Damages caused by wildlife if the claimant has unreasonably restricted hunting on land under his control or has unreasonably restricted passage to other land by restricting access across land under his control. In determining whether or not there has been an unreasonable restriction on hunting or availability of access by the claimant, the division shall consider only whether or not such restriction has significantly and adversely reduced a necessary harvest of wildlife.
- (g) Damages caused by wildlife, if claimant charges a fee in excess of five hundred dollars per person, per season, for the purpose of big game hunting access on or across claimant's property.

33-3-103.5. Game damage prevention materials - definitions. (1) This section shall be applicable in determining the liability of the state under paragraph (e) of subsection (3) of this section and section 33-3-103 (1)(d) and (1)(e).

(2) (a) (I) Every landowner shall be eligible to receive sufficient and appropriate temporary game damage prevention materials pursuant to this section.

(II) Permanent game damage prevention materials shall be available only to a landowner who does not unreasonably restrict hunting of species likely to cause damage on land under the landowner's control or restrict the hunting of species likely to cause damage on any other lands by restricting access across lands under the landowner's control, and:

(A) Who charges not more than five hundred dollars per person, per season, for big game hunting access on or across the landowner's property; or

(B) Who charges a fee in excess of five hundred dollars per person, per season, for big game hunting access on or across the landowner's property, if the landowner has requested and been denied game damage prevention materials from the habitat partnership program created in section 33-1-110 (8) and the division determines that excessive game damage is occurring, and may continue to occur in the future.

(III) The division shall not deny a landowner game damage claims or game damage prevention materials on the grounds that the landowner received a voucher pursuant to the wildlife conservation landowner hunting preference program for wildlife habitat improvement under section 33-4-103.

(IV) As used in this section:

(A) "Temporary game damage prevention materials" means materials of an adequate substance that are utilized to protect private property for a period of time agreed upon by the landowner and the division. Such materials may include, but are not limited to, transferable panels or pyrotechnics.

(B) "Permanent game damage prevention materials" means materials of an adequate substance that are erected in such a way to protect private property for the expected normal life of the materials. The normal life of the materials shall be as specified in a written agreement between the landowner and the division.

(b) The division has the responsibility to supply useable, sufficient, and appropriate game damage prevention materials to a requesting landowner, and the landowner shall keep such materials in good repair throughout their normal life, if such materials have not been destroyed or damaged by wildlife.

(3) (a) The division shall respond to a landowner making an inquiry related to game damage within two business days after receiving the inquiry.

(b) (I) Within five business days after receiving a request for game damage prevention materials, the division shall consult with the landowner to discuss the sufficient and appropriate materials to prevent or mitigate the game damage. Temporary game damage prevention materials shall be delivered to the landowner within fifteen business days after the consultation, unless otherwise agreed to by the division and the landowner.

(II) For a landowner eligible to receive permanent game damage prevention materials pursuant to subparagraph (II) of paragraph (a) of subsection (2) of this section, such materials shall be provided within forty-five days after the date that the landowner makes the initial request for the materials.

(c) The division shall deliver game damage prevention materials to the specific site as directed by the landowner, if such delivery may be made by truck.

(d) When agreed upon by the landowner, the division may construct permanent stackyards or orchard fencing in those areas of high wildlife damage potential within the limitations of appropriation by the general assembly for that purpose.

(e) (I) If the division does not provide game damage prevention materials within the amount of time established by paragraph (b) of this subsection (3), the division shall have the sole responsibility to supply and erect the damage prevention materials, and the state shall be liable for game damages incurred on and after the date by which the division should have provided the game damage prevention materials.

(II) When erecting game damage prevention materials pursuant to subparagraph (I) of this paragraph (e), the division may use division employees, individuals under contract to the division, or voluntary workers. If the division uses voluntary workers to assist in erecting game damage prevention materials, the division shall keep in force workers' compensation insurance as necessary to protect the landowner from liability resulting from injuries or death of said voluntary workers while engaged in the erection of such game damage prevention materials. If the division uses contract workers to assist in erecting game damage prevention materials as provided in this section, the division shall require the contractor to provide evidence of workers' compensation insurance as necessary to protect the landowner from liability resulting from injuries or death of said contract workers while engaged in the erection of such game damage prevention materials.

(4) If the game damage prevention materials that the division provides to a landowner fail to prevent game damage due to insufficiency or inappropriateness of such materials, or if the division's insufficient or inappropriate erection of such materials fail to prevent game damage, the state shall be liable for damages caused by such materials or erection.

33-3-104. When state is liable - rules. (1) Subject to the limitations contained in sections 33-3-103 (1) and 33-3-103.5, and in part 2 of this article, the state shall be liable only for:

(a) Damages to livestock or personal property used in the production of raw agricultural products, which under this article shall be no more than five thousand dollars per head of livestock injured or killed, caused by big game; except that damages to livestock shall be limited to physical trauma resulting in injury or death;

(b) Damages to real or personal property, when such damages are caused by wildlife that is being moved or is otherwise under the direct control of division personnel at the time the damage occurs;

(c) Damage to real or personal property caused by the use of damage prevention materials if the use of such materials or equipment is under the control of any personnel who are under the direction of division personnel at the time damage occurs;

(d) Damages caused by those species of wildlife enumerated in section 33-1-102 (2) to orchards, nurseries, crops under cultivation, and harvested crops, damages to lawful fences as defined in section 35-46-101 (1), C.R.S., when such damages exceed ten percent of the value of the specific fence involved, and damages to livestock forage in excess of ten percent of historic use levels for privately owned and fenced ranch or farm units which are specifically limited to hay meadows, pasture meadows, artificially seeded rangelands, and grazing land which is deferred to seasonal uses. Damages to aftermath on alfalfa shall be paid to the full extent of such damages without regard to historic numbers of wildlife. Historic levels shall be designated by the claimant at the time of making a claim. Historic levels shall be expressed in average numbers of wildlife present on the property in question based on the twenty-year period ending January 1, 1973. If the division does not agree with the claimant on normal historic levels or any element of a damage settlement, the matter shall be submitted to arbitration within ten days of notice by either party. The arbitration panel shall consist of one arbitrator chosen by the landowner, one arbitrator chosen by the division, and one arbitrator chosen by the other two arbitrators. If the two arbitrators cannot agree within ten days on a third arbitrator, a request by either party shall be made to the district court for the judicial district of the county in which the damage is located for appointment of a third impartial arbitrator. The division and the landowner shall equally share the cost of the use of the third arbitrator. Historic levels or any element settled by arbitration may be included in an appeal to a court of competent jurisdiction, and the court shall not be bound by the finding of the arbitration panel.

(2) Repealed.

(3) The burden of proof shall be with the claimant for all claims for damages enumerated in paragraph (d) of subsection (1) of this section, pursuant to rules established by the commission pertaining to wildlife damage.

(4) If the commission has not promulgated rules relating to damage by wildlife, pursuant to sections 33-1-104 and 33-1-108, the division shall not refuse to pay a claim for wildlife damage.

(5) If for any reason a pertinent rule of the commission relating to wildlife damage is declared void or suspended, the provisions of subsection (4) of this section shall not be applicable.

(6) For the year 1979, any damage claims received by the division after June 21, 1979, shall not be denied until and unless considered under the rules promulgated by the commission relating to damage by wildlife. If such rules are not promulgated by January 1, 1980, the provisions of subsection (4) of this section shall apply.

(7) Repealed.

(8) All rules concerning damages by wildlife adopted or amended by the commission on or after July 1, 1979, are subject to section 24-4-103.

(9) Reimbursement for wildlife damages shall be reduced by the amount of claim awarded by an insurance company for the same damages.

33-3-106. Excessive damage to property - permit to take wildlife - when - harassment by dogs. (1) (a) Where wildlife is causing excessive damage to property, as determined by the division after consultation with the property owner, the division is authorized to issue a permit to the property owner, the property owner's designee, or to such other person selected by the division to kill a specified number of the species of wildlife causing such excessive damage. Upon request by the property owner, whenever the wildlife causing the excessive damage exceeds the wildlife objective set by the division for that species for that geographical area for the current year, the division is encouraged to issue a permit under this section. Any determination by the division that the damage being caused is not excessive may, upon application by the property owner, be reviewed by the commission.

(b) No permit to take wildlife pursuant to this subsection (1) shall be issued or used in violation of any local restriction on firearm use.

(2) Any wildlife killed, as permitted under subsection (1) of this section, shall remain the property of the state and shall be field dressed promptly, and such killing shall be reported to the division within forty-eight hours; except that the killing of a bear or mountain lion shall be reported within five days.

(3) Nothing in this section shall make it unlawful to trap, kill, or otherwise dispose of bears, mountain lions, or dogs without a permit in situations when it is necessary to prevent them from inflicting death, damage, or injury to livestock, real property, a motor vehicle, or human life and additionally, in the case of dogs, when it is necessary to prevent them from inflicting death or injury to big game and to small game, birds, and mammals. Any wildlife killed as permitted under this subsection (3) shall remain the property of the state, and such killing shall be reported to the division within five days. The division may bring a civil action against the

owner of any dog inflicting death or injury to any big game and to small game, birds, and mammals for the value of each game animal injured or killed. The minimum value of each animal shall be as set forth in section 33-6-110.

33-3-107. Claims procedure. (1) When any person has sustained damages to property caused by any wildlife, he shall notify the division of such damages within ten days after the discovery thereof. In the case of recurring damage, the division shall be notified within ten days after the discovery of each new or different occurrence of damage.

(2) Proof of loss forms shall be filed within ninety days after the last notice of loss is submitted to the division under subsection (1) of this section. The division, within thirty days after the filing of such proof of loss forms, shall make an investigation of the alleged loss, and, where possible, shall attempt to reach an agreement with the claimant upon an amount of settlement. The commission may review settlement agreements between the division and the claimant and may disapprove any settlement which it finds to be unreasonable; but said review is not required in every case and the commission may determine that it will review only certain categories of settlements or that it will not review any settlements. The commission shall review all claims which the division recommends for denial and all claims upon which the division and claimant are unable to reach a settlement; except that a claimant whose claim is within the monetary jurisdictional limitations of the small claims division of county court may waive such review by the commission and commence an action which shall entitle such claimant to a trial de novo in the small claims division of the county court of the county in which the damage or any portion thereof is alleged to have occurred. Such waiver shall be in writing and shall be mailed to the commission within ten days after such claimant receives notification from the division of the denial of his claim, or within ten days after the claimant receives from the division an offer of settlement unacceptable to such claimant. The division may be represented by a full-time employee in small claims court.

33-3-108. Review by the commission. If the commission reviews a claim pursuant to the provisions of section 33-3-107, the commission may either confirm a decision of the division denying a claim or may extend to the claimant an offer of settlement. If the claimant disagrees with the commission's determination or refuses to accept the commission's offer of settlement,

the claimant may file an action for damages in the district or county court of the judicial district or county in which the damage or any portion thereof is alleged to have occurred. Such action shall be filed within sixty days after the claimant receives notice of denial by the commission, which notice shall set forth the reasons for denial, or within sixty days after the claimant receives an offer of settlement from the commission. Such report shall include, at a minimum:

(a) (I) The herd management objectives set by the division and whether those objectives are being met. In providing this information, the division shall supply the actual number of herd animals by game unit.

(II) If any of the herd management objectives of the division are not being met, the division shall set forth in detail its plans, strategies, and efforts that it is using or intends to use in order to achieve compliance with the objectives.

(b) The number of requests for game damage prevention materials, the timeliness of the division in responding to such requests, the quantity and types of temporary and permanent materials issued, the number of requests for materials denied, and, to the extent that such information is available, the adequacy of materials in preventing game damage;

33-3-201. Scope of part - definitions. (1) This part 2 shall govern claims for damage arising from the foraging of wild ruminants on privately owned or leased private land and for which damage the state is liable under section 33-3-104 (1)(d). Except where inconsistent with a specific provision of this part 2, the provisions of part 1 of this article shall also apply to such claims.

(2) For purposes of this part 2, "wild ruminants" includes elk and other ruminants within the definition of big game as set forth in section 33-1-102 (2).

33-3-202. Head counts. The claimant's head count of wild ruminants shall be made upon no less than twenty-four hours' notice to the division, which may arrange to have its personnel present when the count is made. The time of day at which the count is made shall be at the claimant's discretion. If the division chooses not to have personnel present, the claimant's head count shall be conclusive. Subsequent head counts may be made at intervals of ten days.

Source: L. 93: Entire part added, p. 1721, § 3, effective June 6.

33-3-203. Claims procedure. (1) When any person has sustained damage to livestock forage caused by wild ruminants, such person shall notify the division of such damages within

ten days after the discovery thereof. In the case of recurring damage, the division shall be notified within ten days after the discovery of each new or different occurrence of damage.

(2) (a) Proof of loss forms shall be filed within ninety days after the last notice of loss is submitted to the division under subsection (1) of this section. The division, within thirty days after the filing of such proof of loss forms, shall make an investigation of the alleged loss, and, where possible, shall attempt to reach an agreement with the claimant upon an amount of settlement. All such agreements shall be completed and the settlement amount paid in full within sixty days after terms and conditions have been agreed upon; otherwise, at the claimant's option, the matter shall proceed to arbitration or to court as provided in this article.

(b) (I) If the division does not agree with the claimant on normal historic levels, or any element of a damage settlement, the matter shall be submitted to arbitration within ten days of notice by either party unless the claimant waives arbitration. The arbitration panel shall consist of one arbitrator chosen by the landowner, one arbitrator chosen by the division, and one arbitrator chosen by the other two arbitrators. If the two arbitrators cannot agree within ten days on a third arbitrator, a request by either party shall be made to the district court for the judicial district of the county in which the damage is located for appointment of a third impartial arbitrator. The division and the landowner shall equally share the cost of the use of the third arbitrator.

(II) In any case which goes to arbitration, all arbitrators chosen shall reside within fifty miles of the subject property. The arbitration proceeding shall be conducted pursuant to part 2 of article 22 of title 13, C.R.S. The decision of the arbitration panel shall be binding and shall be subject to judicial review only for statutory compliance with the provisions of this article and the said act. The claimant or the division may seek such review by filing an action for same in the county or district court in the county or judicial district where the subject damage is alleged to have occurred within thirty days after receipt of the arbitration panel's decision.

(c) Any waiver of arbitration shall be in writing and shall be mailed to the division within ten days after the claimant receives notification from the division of the denial of the claim, or within ten days after the claimant receives from the division an offer of settlement unacceptable to such claimant.

(d) In adjudication of any claim, should the court find that the claimant has made or the division has contested the claim without a substantial legal or factual basis, the court shall award the other party reasonable attorney fees, not to exceed the actual amount incurred, upon the submission of satisfactory proof thereof.

(3) For payment to a claimant, the controller shall draw a warrant upon a voucher approved by the division and the state treasurer shall pay the amount of settlement out of the wildlife cash fund.

(4) The division shall furnish forms to be used for the notice and proof of loss required under this section.

33-4-101. License agents - reports - board of claims - penalty for failure to account - rules. (1) The director may designate sole proprietors, partnerships, or corporations as license agents to sell hunting, fishing, trapping, and other licenses of the division. License agents shall be paid a commission, in an amount to be determined by rule by the commission, on all moneys collected for licenses sold. All agents authorized to sell licenses shall keep accurate records of all sales of licenses and shall make such reports to the division regarding license sales as may be required by the division. Such agents shall be required to give evidence of financial responsibility, in the form of a savings account, deposit, or certificate of deposit meeting the requirements of section 11-35-101, C.R.S., or an irrevocable letter of credit meeting the requirements of section 11-35-101.5, C.R.S., or a bond, in such amount as may be fixed by the division based upon performance criteria established by the wildlife commission by rule, which may be less than the full value of consignment in an amount adequate to ensure the remittance of all moneys collected from such license sales, less amounts allowed as commissions, and the making of reports required by the division. The commission may promulgate rules for the establishment and cancellation of license agencies. All license moneys received shall be kept separate and apart from any other moneys of the agent authorized to sell licenses and shall at all times belong to the state. All moneys due from the sale of wildlife licenses shall belong to the state and shall draw interest at the rate of one and one-half percent per month from the date due.

(2) The executive director, state auditor, and attorney general, or their duly designated representatives, shall constitute a board of claims for the hearing of all claims for relief when any license agent is unable to account for licenses and claims that the same have been destroyed, lost, or stolen. The findings of the board of claims are subject to review pursuant to section 24-4-106, C.R.S. Claims for relief in an amount totaling three hundred dollars or less shall not be determined by the board of claims, except as otherwise provided in this section, but shall be

settled by the division. If the division offers to make settlement and such settlement is not accepted by the claimant, the claimant may submit his claim to the board of claims.

(3) Every agent designated to sell licenses shall account for all licenses delivered to such agent. If any license agent is not able to account for any license, such agent shall be responsible for the maximum fee for which each unaccounted-for license could have been issued, except as provided in subsections (4) to (8) of this section.

(4) Any agent designated to sell licenses may make a claim under oath for relief from responsibility for licenses which have been lost, stolen, or destroyed and for which such agent is unable to account, but no claim for relief shall be considered unless the agent making the claim informs the division of such loss, theft, or destruction within thirty days after such loss, theft, or destruction is discovered, said notice to set forth in detail all pertinent information then known to the agent. Upon receipt of any claim for relief, it is the duty of the division to make an investigation of the claim as soon as practicable, and for that purpose the claimant shall make available such records, information, or other pertinent data as may be in his possession or under his control. A written report of such investigation shall be filed by the division with the board of claims.

(5) As soon as practicable after receipt of the investigator's report and in no event later than one hundred twenty days after receipt of notice of a claim for relief, the board of claims shall set a date for the hearing on such claim for relief, and the claimant may appear at the hearing if he so desires. The claimant shall be given not less than ten days' written notice of the date of the hearing, such notice to be mailed to his last-known address.

(6) The board of claims may give relief to any claimant in the following circumstances and subject to the following limitations:

(a) If the board of claims is satisfied that any licenses were destroyed due to fire, flood, act of God, or any other cause beyond the control of the claimant and that destruction was not due in part to his negligence, then the board of claims may entirely relieve the claimant of the responsibility to account for such licenses or make such lesser adjustment as the board of claims may deem proper.

(b) If the board of claims is satisfied that any licenses were either lost, stolen, or destroyed under circumstances other than those set forth in paragraph (a) of this subsection (6), the board of claims may, in its discretion, make an adjustment of the amount due for any such licenses. The board of claims, in determining what adjustment, if any, shall be allowed for any lost, stolen, or destroyed licenses, may consider the following:

(I) Whether or not, or the extent to which, the loss was due to the negligence or carelessness of the claimant in the handling of licenses, but no adjustment shall be made in the case of gross negligence or gross carelessness upon his part;

(II) Such other evidence as the board of claims may consider pertinent.

(7) The board of claims, in the event that it makes any adjustment upon a claim, may, in its discretion, require the use of such protection against the possibility of future loss, theft, or destruction of licenses as it may deem proper, including, but not limited to, the posting of corporate or personal surety bonds.

(8) It is the legislative intent of subsections (2) to (7) of this section to provide in proper cases for the relief of license agents where licenses have been lost, stolen, or destroyed, which relief, however, shall be strictly construed, it being the further intent of such sections to encourage the proper and careful handling of licenses by license agents.

(9) The commission may promulgate rules and regulations for the cash sale of licenses, at a price which is discounted five percent from the face value thereof, to license agents of the division for resale to the public at the face value stated on such a license. Only the license agents of the division in good standing may qualify to purchase and sell under this subsection (9); except that no evidence of financial responsibility shall be required to qualify under this subsection (9). A post or base exchange of the United States government located in Colorado may qualify as a license agent for the purpose of this subsection (9). Failure to comply with all applicable rules and regulations of the commission and lawful directives of the division regarding license agents shall be grounds for the suspension or termination of the license agency, and, upon suspension or termination, all unsold licenses shall be returned immediately to the division for return of cash in the amount paid by the license agent for the licenses. The commission, in connection with a program which it may adopt under this subsection (9), shall provide for redemption by the division, at least annually, of any unsold licenses in the amount paid by the license agent for such unsold licenses. The provisions of subsections (1) to (8) of this section, except the provisions of subsection (1) regarding the designation of license agents, shall not apply to licenses sold under this subsection (9).

(10) The commission may authorize certain employees to sell licenses for the face value thereof at the headquarters and regional offices of the division. Such employees are not entitled to five percent of the face value of the licenses and are not required to give evidence of financial responsibility. Such employees may make claims under oath for relief from responsibility for licenses or moneys which have been lost, stolen, or destroyed and for which the employees are unable to account in accordance with the provisions of subsections (4) to (8) of this section.

(11) Any license agent who fails, upon demand of the division, to account for licenses or who fails to pay over to the division or its authorized representative money received from the sales of licenses commits theft as described in section 18-4-401.

33-4-101.3. Black bears - declaration of intent - spring season hunting prohibited - prohibited means of taking - penalty. (1) It is the intent of the voters of Colorado in adopting this measure to prohibit the taking of black bears when female black bears are rearing their cubs. It is the further intent of the voters of Colorado to promote the concept of fair chase in the taking of black bears by eliminating the use of bait and dogs. In considering proposed changes to the restrictions on the taking of black bears which are established in this measure, the Colorado general assembly shall take notice of the fact that this measure was adopted by a vote of the people at the 1992 general election.

(2) During the period from March 1 through September 1 of any calendar year, it is unlawful for any person to take a black bear by any means including but not limited to firearm or bow and arrow.

(3) It is unlawful for any person to take a black bear with the use of bait, or with the use of one or more dogs, at any time during any calendar year. In the event that a dog or dogs accidentally chases a black bear while the owner or person in control of such dog or dogs is in legal pursuit of other game, such owner or person in control of the dog or dogs shall not be charged with the illegal taking of a black bear so long as the dog or dogs are called off as soon as the mistake is realized and the black bear is not injured or killed.

(4) The provisions of this section shall not apply to employees or agents of the division of parks and wildlife or to field agents of the United States department of agriculture when such employees or agents are acting in their official capacity, nor shall this section apply to any person who lawfully takes a black bear in defense of livestock, real property, a motor vehicle, or human life pursuant to section 33-3-106.

(5) For purposes of this section, "bait" means to place, expose, deposit, distribute, or scatter salt, minerals, grain, animal parts, or other food, so as to constitute a lure, attraction, or enticement for black bears on or over any area where hunters are attempting to take black bears.

(6) Any person who violates any provision of this section commits a class 2 misdemeanor and, upon conviction thereof, shall be punished as provided in section 18-1.3-501. In addition, persons convicted pursuant to this section shall have their wildlife license privileges suspended for five years and persons convicted of a second or subsequent offense pursuant to this section shall have their wildlife license privileges suspended permanently.

(7) For the purposes of this section, "agent" means any qualified individual trained in wildlife procedures and operating under the direction of the division of parks and wildlife.

(1.5) (a) With respect to the licenses authorized under subsections (1.4)(d.5) and (1.4)(e) of this section, the commission may raise the fees by rule as necessary to maintain sufficient funding for Colorado to remain eligible for federal funding made available to the states through the "Federal Aid In Sport Fish Restoration Act", 16 U.S.C. secs. 777 to 777k, as amended.

(b) With respect to licenses authorized under subsection (1.4) of this section, the commission shall consider offering discounted licenses or license combinations for wildlife management or hunting and fishing recruitment purposes, including consideration of the creation of a resident low-income license.

(c) *[Editor's note: For the applicability of this subsection (1.5)(c) on or after January 1, 2025, see the editor's note following this section.]* Except for the senior annual fishing license, resident low-income fishing license, youth big game hunting license, annual Colorado wildlife habitat stamp, lifetime Colorado wildlife stamp, and migratory waterfowl stamp issued

in accordance with subsections (1.4) and (1.5)(b) of this section, the commission may, by rule, assess a harvest permit surcharge in an amount not to exceed five dollars for each species that may be taken under any license listed in subsections (1), (1.4), and (1.5)(b) of this section that is sold by the division or one of its license agents pursuant to section 33-4-101 when, as determined by the commission by rule, doing so is necessary for the proper management of the division or is otherwise beneficial to the management of state wildlife resources.

(1.6) (a) By promulgation of appropriate rule, the commission may, from time to time, reduce a fee specified in this section and may, by promulgation of appropriate rule, later raise the license fee up to an amount not to exceed the statutory limit, when, in the judgment of the commission, one of the following conditions applies:

(I) If the commission determines that it would be beneficial to issue the license in conjunction with another type of license and creates a combination license;

(II) If the commission determines it is proper for management of the division or otherwise beneficial to the management of state wildlife resources. Licenses so discounted may be limited to certain geographic areas, by sex of the animal, or as otherwise deemed appropriate by the commission.

(III) If the commission determines that an activity is regulated at both the state and federal levels and that issuance of a multi-year state license or collection of a reduced state annual license fee, or both, would help to coordinate state and federal regulation and reflect the administrative cost savings realized through coordination.

(IV) (Deleted by amendment, L. 2018.)

(b) *[Editor's note: For the applicability of this subsection (1.6)(b) on or after January 1, 2025, see the editor's note following this section.]* (I) For a fee or surcharge described in articles 1 to 6 of this title 33, the commission may, by rule, adjust the fee or surcharge by an amount up to the total amount reflected by the annual percentage change in the United States department of labor's bureau of labor statistics consumer price index for Denver-Aurora-Lakewood for all items and all urban consumers, or its applicable predecessor or successor index. The adjustment is not effective until the commission notifies the joint budget committee of the adjustment.

(II) (A) For a fee for resident and nonresident licenses described in subsection (1.4) of this section, the commission may, by rule, adjust the fee by an amount up to the total amount reflected by the annual percentage change in the United States department of labor's bureau of labor statistics consumer price index for Denver-Aurora-Lakewood for all items and all urban consumers, or its successor index.

(B) If the commission adjusts a fee in accordance with subsection (1.6)(b)(II)(A) of this section, the commission shall base the adjustment on the prices for fees as those prices were established by Senate Bill 18-143, as enacted in 2018, and described in subsection (1.4) of this section.

(C) The fee adjustment described in this subsection (1.6)(b)(II) is not effective until the commission notifies the joint budget committee of the adjustment.

(c) Repealed.

(1.7) Nothing in this section shall be construed to invalidate any senior lifetime license previously issued by the division.

(1.8) Repealed.

(1.9) (a) (I) The general assembly hereby finds, determines, and declares that:

(A) Service members returning from post-September 11, 2001, overseas contingency operations who have been injured during combat face a challenging period of rehabilitation upon their return to the United States;

(B) Many of these service members are so severely injured that they require medical assistance for many years, or even the rest of their lives, as they reenter mainstream life;

(C) Although the scope of care provided by the United States armed services wounded warrior programs varies with each service member, based on the needs of the individual, these service members may be assigned, upon return to Colorado, to a medical treatment facility such as Evans army hospital at Fort Carson, Colorado;

(D) Wounded warrior programs are direct efforts by the United States armed services to care for service members during their long transition from combat-related injury to civilian life and to provide assistance to those service members in recovery, rehabilitation, and reintegration that is worthy of their service and sacrifice; and

(E) For those wounded warriors who suffer injuries so severe that they will require intense, ongoing care or assistance for many years or the rest of their lives, a significant part of the healing process is enabling and encouraging these service members to experience some of the recreational activities they enjoyed prior to their service-related injuries.

(II) The general assembly therefore recognizes the need to provide opportunities for Colorado's severely injured "wounded warriors" to enjoy the natural resources of the state as part of their rehabilitative care. Furthermore, offering reduced-cost or free big game hunting licenses to such recovering service members is a small, but recognizable, acknowledgment of their selfless service and sacrifice.

(b) The commission may promulgate rules to reduce or eliminate big game license fees and establish a big game hunting license preference for members of the United States armed services wounded warrior programs who are residents of, or stationed in, Colorado and who have been so severely injured that they will require years of intense, ongoing care or assistance.

(c) As used in this subsection (1.9), "United States armed services wounded warrior programs" means:

- (I) The Army wounded warrior (AW2) program;
- (II) The Air Force wounded warrior (AFW2) program;
- (III) The Navy safe harbor program;
- (IV) The Coast Guard wounded warrior regiment; and

(V) Any successor program administered by a branch of the United States armed services to provide individualized support for service members who have been severely injured in overseas contingency operations undertaken since September 11, 2001.

(d) The commission may adopt rules to implement this subsection (1.9), including rules defining "severely injured" and establishing residency requirements for service members eligible under this subsection (1.9).

(2) Except as otherwise provided in subsection (1.6) of this section, the division may issue the following special licenses and shall collect the following fees:

(5) Any person may obtain more than one one-day or five-day fishing license during a calendar year. The effective date shall appear on every such fishing license. Said date may be the date it is procured or any future date during the fishing season specified by the license.

(6) (a) Moneys received in payment for any licenses issued under this title shall not be refunded except for proven error committed by the division in issuing licenses or upon the death of a licensee in possession of a big game license if death occurs before the starting date of the season specified on said license or if authorized by the director under rules of the commission.

(b) Repealed.

(7) Any person claiming residency in Colorado as set forth in section 33-1-102, for the purpose of purchasing a resident license of any kind, must produce evidence of such residency at the time of purchase.

(7.5) The division or a license agent issuing a license on the division's behalf need not comply with section 24-72.1-103 concerning secure and verifiable identity documents when issuing a license pursuant to this section.

(8) In the event of the loss, theft, or destruction of any wildlife license issued by the division, the person to whom the license was issued may receive a duplicate license from the division upon payment of a fee of up to fifty percent of the cost of the original license, not to exceed twenty-five dollars, as established by the commission by rule, and completion of an affidavit stating where and by whom the license was issued and the circumstances under which the license was lost, stolen, or destroyed. In the event the division determines that the original license has been lost or destroyed in the mail, the person to whom the license was issued may obtain a duplicate license from the division without charge by submitting to the division a signed affidavit stating that the license was never received.

(8.5) (a) Except for the annual Colorado wildlife habitat stamp, the lifetime Colorado wildlife stamp, the migratory waterfowl stamp, and the youth small game hunting license, the commission shall, by rule, assess a surcharge in an amount not to exceed one dollar and fifty cents on each license listed in subsections (1) and (1.4) of this section that is sold by the division

or one of its license agents pursuant to section 33-4-101. Revenues derived from the assessment of the surcharge, together with any interest earned on the revenues, shall be deposited into the wildlife management public education fund created in section 33-1-112 (3.5)(a).

(b) to (e) (Deleted by amendment, L. 2005, p. 469, § 1, effective January 1, 2006.)

(9) All licenses issued pursuant to this section expire on the date written or printed thereon, unless otherwise provided by the commission or by any other law.

(10) Repealed.

(11) With respect to licenses that are issued in limited numbers for the taking of game wildlife, the division may collect from each resident license applicant a nonrefundable processing fee not to exceed ten dollars and from each nonresident license applicant a nonrefundable processing fee not to exceed twenty dollars, which fees the commission shall establish by rule.

(12) (a) A person holding a valid aquaculture facility permit pursuant to section 35-24.5-109, C.R.S., may charge a fee for fishing at the production facility; no state fishing license is required.

(b) Several satellite stations of a fish production facility may operate under one aquaculture license provided all such satellite stations are listed on such license.

(13) (a) The commission shall establish a license classification for zoological parks. Each licensed zoological park shall be subject to the following requirements:

(I) The primary purpose of the park shall be the exhibition of captive wild or exotic animals for the education of the general public; except that this subparagraph (I) shall not be construed to prohibit the carrying on of reasonable incidental activities such as propagation, purchase, sale, and exchange of animals;

(II) The park shall be operated under the direction of a professional staff that has generally recognized formal or practical training in the husbandry of the types of animals kept in the park;

(III) The park shall have a state-licensed veterinarian on staff or under contract with the park and available to provide professional consultation and care when needed;

(IV) The park shall maintain regular hours during which it is open to the public;

(V) The animals kept at the park shall be confined by at least one fence or other enclosure surrounding the area in which they are housed or displayed and by at least one additional fence, no less than eight feet in height, surrounding the perimeter of the park.

(b) A licensed zoological park may move animals within Colorado in connection with the buying, selling, exchanging, or loaning of such animals with another licensed or accredited zoological park or in connection with the export of such animals from Colorado.

(c) No licensed zoological park may import noncervid ruminants or camelids into Colorado unless, in each such instance, the animal has been subjected to the following process:

(I) Before importation, the animal is tested for tuberculosis and found not to be infected;

(II) After such test, the animal is imported and held in isolation in an isolation facility for a continuous period of least sixty days; and

(III) After the end of such isolation period, the animal is again tested for tuberculosis. If the test result is negative, the animal may then be incorporated into the animal population of the park.

(d) Importation and testing of cervid animals by licensed zoological parks shall be subject to regulation by the division.

(e) A license issued to a zoological park shall cover the park and also other property used in conjunction with the park for the selling, buying, brokering, trading, or breeding of or caring for animals used at the park. Animals may be moved between the park and such other property as may be reasonably necessary for the operation of the park.

(f) The annual fee for a zoological park license shall not exceed the annual fee for a commercial park license.

33-4-102.5. Issuance of migratory waterfowl stamp - prohibition against hunting without stamp. (1) As used in this section, unless the context otherwise requires, "migratory waterfowl" means any wild goose or duck.

(2) All persons sixteen years of age or older shall procure a state migratory waterfowl stamp before hunting or taking any migratory waterfowl within Colorado. Such stamp shall be in the possession of the person while hunting or taking any migratory waterfowl.

(3) (a) The stamp is valid through the last day of June following its issuance.

(b) The division may grant up to twenty-five percent of the funds derived from the sale of state migratory waterfowl stamps to appropriate nonprofit organizations for implementation of the North American waterfowl management plan. The nonprofit organizations shall use the funds for the development of waterfowl propagation areas within the dominion of Canada or the United States that specifically provide waterfowl for the central flyway, pacific flyway, or both. A nonprofit organization granted money pursuant to this subsection (3)(b) shall not use the money for lobbying or any other political purpose.

(4) The commission may enter into a contract with a nonprofit waterfowl conservation organization for the purpose of providing the form and design of the migratory waterfowl stamp. Such contract shall provide that such nonprofit waterfowl conservation organization shall select a form and design. At least one of the alternative pieces of artwork considered for final selection shall be the work of an artist who is a resident of Colorado. In addition, such contract shall designate the ownership of the publication rights for any art prints or other facsimiles of the

migratory waterfowl stamp and the disposition of any proceeds. The division shall not be an eligible contractor, unless no contract can be negotiated with a nonprofit waterfowl conservation organization.

33-4-102.7. Colorado wildlife habitat stamp - review committee - rules - study - repeal. (1) The general assembly hereby finds, determines, and declares that:

(a) Protecting wildlife habitat and obtaining public access are important elements to preserving wildlife and wildlife-related recreational opportunities in Colorado;

(b) The general assembly specifically recognizes that hunting of big game species is an activity that hundreds of thousands of residents and visitors to Colorado enjoy, which contributes significantly to state and local economies; and

(c) Priorities for the expenditure of funds generated from the sale of habitat stamps shall include protecting big game winter range and migration corridors, acquiring public access to wildlife-related recreation, including fishing, hunting, and wildlife viewing, protecting habitat for species of concern, and preserving the diversity of wildlife enjoyed by Coloradans.

(1.5) A person eighteen years of age or older and under sixty-five years of age shall purchase a Colorado wildlife habitat stamp, or shall have purchased a lifetime Colorado wildlife habitat stamp, when applying for or purchasing a hunting or fishing license. No habitat stamp purchase is required prior to application for or purchase of such person's first two one-day hunting or fishing licenses, but a habitat stamp shall be purchased prior to applying for or purchasing a third one-day hunting or fishing license. No person is required to purchase more than one Colorado wildlife habitat stamp within a twelve-month period. Any person acquiring a license issued pursuant to section 33-4-104 and any person who is mobility-impaired, as defined by commission rules, is exempt from the requirement to purchase a Colorado wildlife habitat stamp.

(2) Such stamp, or an authorized facsimile of such stamp, shall be in the possession of the person while hunting or fishing.

(3) Fees for each stamp shall be as established in section 33-4-102 (1.4).

(4) (a) All moneys received pursuant to the issuance of the Colorado wildlife habitat stamp shall be used for the benefit of wildlife habitat or access to wildlife habitat, including costs associated with the operation and maintenance, such as weed control and fencing, of those lands purchased in fee simple by the division or those access easements acquired by the division under

the Colorado wildlife habitat protection program. Revenues collected from the sale of the stamp are subject to annual appropriation. The Colorado wildlife habitat stamp review committee shall annually review proposed projects for expenditure of Colorado wildlife habitat stamp funds and make recommendations to the director and the commission. In consultation with the habitat stamp committee, the commission shall, in its discretion, ensure that, in the allocation of revenues under this section, sufficient priority is given to conserve and protect winter range and vital habitats, including migration corridors, for deer, elk, and other big game wildlife species; to improve public access for hunting, access for anglers to the waters of the state, and access for other wildlife-related recreation; to protect habitat for species of concern; and to preserve the diversity of wildlife enjoyed by Coloradans.

(b) Repealed.

(c) Real property interest acquisitions made by the commission pursuant to this section shall emphasize the acquisition of easements and ensure that all other avenues are pursued prior to fee simple acquisition. Conservation easements, as described in section 38-30.5-104 (2), C.R.S., and fee simple title purchases are allowed. All fee simple title purchases made with revenues collected pursuant to this section, not including purchases of water for maintenance or enhancement of aquatic habitats, such as minimum storage pools or direct flow rights purchased specifically to protect habitat, shall be primarily for the purpose of providing access to the public for wildlife-related recreation, and shall be made available to the public for hunting or fishing, subject to commission rules. The commission shall not use the power of eminent domain to obtain fee simple title or a conservation easement on real property. The commission shall comply with a seller's agreement or sections 33-1-105 and 33-1-105.5 prior to purchasing real property.

(d) No third-party conservation easement shall be obtained using proceeds from the sale of habitat stamps unless the requesting organization contributes at least fifteen percent of the purchase price of the easement or fifteen percent of the purchase price is secured using other sources of nondivision funding; however, if, in the commission's discretion, sufficient hunting or fishing access is provided, the fifteen percent contribution requirement may be waived.

(5) The Colorado wildlife habitat stamp committee is hereby created. The committee shall be composed of four sports persons; two representatives of national or regionally recognized conservation organizations whose missions are focused on nongame wildlife and whose membership is composed primarily of nongame wildlife users; two landowners actively engaged in agriculture; one citizen at large; and two division of parks and wildlife representatives as ex officio members, at least one of whom shall be a wildlife biologist. The sports persons shall be representative of the four quadrants of the state. Members shall be appointed by the governor and confirmed by the senate. Staggered appointments shall be made so that not more than two members' terms expire in any one year, and thereafter appointments shall be for terms of four years each. Members shall be limited to two consecutive four-year terms.

(6) Repealed.

(7) The commission may adopt rules concerning the Colorado wildlife habitat stamp.

(8) (a) This section is repealed, effective July 1, 2027.

(b) Prior to such repeal, the committee created in this section shall be reviewed as provided for in section 2-3-1203, C.R.S.

33-4-103. Landowner preference for hunting license - legislative declaration - rules.

(1) **Legislative declaration.** (a) The general assembly hereby finds, determines, and declares that the wildlife resources of the state are in danger of decline from increasing population pressures and the loss of wildlife habitat. In order to encourage private landowners to provide habitat that increases wildlife populations for the benefit of all hunters, discourage the harboring of game animals on private lands during public hunting seasons, and relieve hunting pressure on public lands by increasing game hunting on private lands, the general assembly finds that it is necessary to provide an incentive-based system to landowners to provide habitat for wildlife through a hunting license allocation program that allows hunters access to the state's wildlife under the cooperative control of the private landowner.

(b) The landowner preference program is designed to encourage hunter access to private land by enabling landowners to apply for licenses using applications based upon land ownership and wildlife benefit.

(2) **Eligibility.** (a) A landowner who is an owner, as shown by a recorded deed, of a parcel of agricultural land of one hundred sixty acres or more and whose land meets the following requirements is eligible for the landowner preference program, also referred to in this section as the "program". The land must:

(I) Be inhabited by the species being applied for in significant numbers throughout the year or in substantial numbers for shorter times;

(II) Provide for the species being applied for wintering habitat, transitional habitat, calving areas, solitude areas, migration corridors, or an important food source; and

(III) Have a history of game damage or a huntable population of the species being applied for.

(b) For owners of one hundred sixty to six hundred thirty-nine acres, the division shall verify the size of the property and that the property meets the eligibility requirements of this subsection (2) before issuing the applications under subsection (3) of this section.

(c) Owners of properties registered under the "wildlife conservation application program" that existed prior to July 1, 2013, remain eligible to participate in the program until the earlier of:

(I) July 1, 2016;

(II) The date when the ownership of the property is transferred to a person who is not within the immediate family of the owner; or

(III) The date when the owner of land no longer is in compliance with this section or any rule promulgated under this section.

(3) **Applications - availability.** (a) After determining a landowner is eligible and in compliance with this section, the division shall issue the landowner applications for licenses permitting the hunting of deer, elk, pronghorn, and such other species, except for moose, rocky mountain big horn sheep, desert big horn sheep, and rocky mountain goat, that meet the

commission's animal management objectives for the game management unit where the property lies, in an amount determined by this subsection (3).

(b) (I) In game management units west of interstate highway 25:

(A) Ten percent of the number of licenses established for each management area where firearm hunting licenses are totally limited are available for eligible landowners; and

(B) An additional ten percent of the number of licenses established for each management area where firearm hunting licenses are totally limited are available for eligible landowners if these licenses are restricted to use on private land in the designated management area.

(II) In game management units east of interstate highway 25:

(A) Fifteen percent of the number of licenses established for each management area where firearm hunting licenses are totally limited are available for eligible landowners; and

(B) An additional ten percent of the number of licenses established for each management area where firearm hunting licenses are totally limited are made available for eligible landowners if these licenses are restricted to use on private land by the applicant's immediate family members or youth under eighteen years of age.

(III) The division shall make licenses not used by eligible landowners available to the general public.

(c) (I) The applications available under this subsection (3) are allocated to a participant based upon the following schedule:

(A) For owners of one hundred sixty to one thousand two hundred thirty-nine acres, one application;

(B) For owners of six hundred forty to one thousand two hundred thirty-nine acres, an additional application for a license restricted to private land if the division has verified that the land meets the conditions required for eligibility under paragraph (a) of subsection (2) of this section; and

(C) For owners of one thousand two hundred forty or more acres, one additional application for each additional six hundred acres more than one thousand two hundred forty acres, not to exceed nineteen applications or the limit imposed by subparagraph (II) of this paragraph (c).

(II) Landowners may obtain more than eight applications only if the division has verified that the land is the size reported by the landowner and meets the conditions required for eligibility under paragraph (a) of subsection (2) of this section.

(4) **Requirements - vouchers.** In addition to the limitation on the number of applications available under the program, the program has the following additional requirements and authorizations:

(a) Successful applicants receive a voucher that may be transferred to any person who is eligible for a big game license for that species, to be used for the purchase of a license to be used only within the applicant's game management unit for that species and in accordance with any restrictions imposed by this section.

(b) The transfer of a license voucher by a landowner must include permission to access and hunt the lands yielding the license under the program during the entire season that the license is issued. The permission must not discriminate among hunters entering the property or contain restrictions other than manner of access, including foot, horseback, or vehicular restrictions reasonably necessary to prevent damage to property.

(c) Except as authorized by paragraph (a) of this subsection (4), a voucher that has been transferred by any person who is not the landowner or land manager is void. A voucher that is brokered for another person is void. A hunting license obtained for use with a void voucher is also void.

(d) If a landowner submits one or more applications that fail to yield a license, the division shall give a preference in succeeding years to one application of that landowner for each application of the same landowner that failed to yield a license.

(e) (I) In game management units where hunting is totally limited for a species, and where eligible landowners do not use the number of landowner preference licenses established for a species for that management area, the division shall make the unused licenses available to private landowners in that particular game management unit or data analysis unit as a first priority before making them available to the general public hunter.

(II) A landowner may receive no more than three times the number of leftover applications than the number of initial applications authorized under paragraph (c) of subsection (3) of this section.

(f) If a landowner or hunter fails to comply with this section or any rule promulgated under this section, the division may disqualify the person from participation in the program for up to five years.

(5) The commission shall adopt rules to implement this section prior to July 1, 2014.

(2) Any Colorado resident on active duty outside this state with any branch of the armed forces of the United States may obtain, from the division of parks and wildlife, a fishing license

- (a) One member who is not a commercial aquaculturist and who may be an employee of the department of agriculture, appointed by the commissioner of agriculture;
- (b) One member who may be an employee of the division, appointed by the director;

(c) Two members who are engaged in the private business of aquaculture and who shall, insofar as is possible, represent the various segments of the aquaculture industry and the various geographic areas of the state, appointed by the commissioner of agriculture; and

(d) One member who is an employee of the United States fish and wildlife service, appointed by the regional director thereof.

(2) The term of office of said members shall be three years; but of the members first appointed to the board, two members shall be appointed for one-year terms, two members shall be appointed for two-year terms, and the remaining member shall be appointed for a three-year term. The assignment of such initial terms shall be made by the director. Each member shall serve until his or her successor has been appointed and qualified, and any member shall be eligible for reappointment. The appointing entity shall fill any vacancy by appointment for the remainder of an unexpired term. The commissioner of agriculture and the director of the division shall be ex officio nonvoting members of the board. Board members shall serve without compensation except for actual and necessary traveling expenses. The board shall meet at least once each year and additionally as necessary.

(3) The fish health board shall annually elect a chairman and a vice-chairman, each of whom shall serve at the pleasure of the board.

(4) A majority of the fish health board shall constitute a quorum, and, if a quorum is present, in person or by telephone, the board may act upon a vote of a majority of those present.

(5) The fish health board shall constitute a "public entity" and each member and employee of the board shall constitute a "public employee" within the meaning of the "Colorado Governmental Immunity Act", article 10 of title 24, C.R.S.

(6) The fish health board is a **type 2** entity, as defined in section 24-1-105, and exercises its powers and performs its duties and functions specified in this article 5.5 under the department and the executive director thereof.

33-5.5-102. Duties of the fish health board. (1) The fish health board shall review or initiate and consider, prior to presentation to the commission for adoption, every rule which is to regulate or control, or otherwise relates to, fish health, the spread of aquatic disease within private aquaculture facilities or cultured aquatic stock, or the importation into the state or the distribution of any exotic aquatic species.

(2) After considering any proposed rule, the fish health board shall vote to approve or disapprove the rule.

(3) The proposed rules approved by the fish health board shall be sent to the commission with the recommendation to adopt. The commission shall, through its normal regulatory review procedure, timely review the rule and act either to adopt or to decline to adopt the rule. In the event the commission declines to adopt the rule, it shall convey its decision to the board, along with an explanation of the reason for its decision.

(4) The proposed rules disapproved by the fish health board shall not be forwarded to the commission unless the director determines that a situation or condition exists which threatens to have a serious impact on existing aquatic populations and that the proposed regulation should be considered by the commission in spite of the recommendation of the fish health board. The director shall then forward the rule to the commission along with a recommendation of disapproval from the fish health board.

(5) Nothing in this section shall be construed to diminish or supersede the authority of the division or the commission to regulate or manage wild populations of aquatic organisms in the waters of the state or in facilities controlled or managed by the division or by the United States fish and wildlife service.

(6) The fish health board shall review any orders for the destruction of aquatic organisms or quarantines of aquaculture facilities which last beyond thirty days, and all such orders shall be conditioned upon the board's approval; except that destruction orders may be approved by the director of the division upon a determination that a situation exists which threatens imminent danger to existing aquatic populations or to human health and safety, and that no more reasonable means exist to control the condition.

(7) Destruction of aquatic organisms or quarantines shall be done in accordance with applicable regulations of the division.

(8) The board shall periodically review division rules relating to destruction or quarantine of aquaculture stock or facilities and recommend appropriate changes to the commission.

Every other peace officer, as defined in section 33-1-102 (32), may assist the Colorado wildlife officers in the enforcement of articles 1 to 6 of this title. Each such officer has the full power and authority to arrest any person who he or she has probable cause to believe is guilty of a violation of articles 1 to 6 of this title, and, in accordance with the constitutions and laws of the United States and the state of Colorado, to open, enter, and search all places of concealment where he or she has probable cause to believe wildlife held in violation of articles 1 to 6 of this title is to be found or where other material evidence relating to a violation of articles 1 to 6 of this title is to be found and to seize the same. Each such officer shall have the authority to secure and execute search or arrest warrants.

(2) Any peace officer, as defined in section 33-1-102 (32), empowered with enforcing the provisions of articles 1 to 6 of this title has the authority to go onto any lands or waters, public or private, to demand of any person, who he has reason to believe has exercised the benefits conferred by any license provided for in articles 1 to 6 of this title, the immediate production of such license and any wildlife in possession; and such peace officer shall have the right and opportunity to inspect such licenses and wildlife.

(3) When protection of the public health, safety, or welfare requires, any officer having the power to enforce the provisions of articles 1 to 6 of this title shall have the authority to make use of any motor vehicle or other means of transportation, whether privately or publicly owned, to aid him in the performance of his duties. Editor's note: This section is similar to former § 33-6-101 as it existed prior to 1984.

33-6-102. Items constituting public nuisance - when - seizure. (1) Every motor vehicle, vessel, firearm, seine, net, trap, explosive, poisonous or stupefying substance, or other personal property used in the hunting, taking, or harassing of wildlife in violation of the provisions of articles 1 to 6 of this title is declared to be a public nuisance. Every such item shall be subject to seizure, confiscation, and forfeiture or destruction as provided in this section, unless the possession of said property is not unlawful and the owner of said property was not a party to the violation and would suffer undue hardship by the sale, confiscation, or destruction of the property.

(2) (a) Any personal property subject to seizure, confiscation, and forfeiture or destruction under the provisions of this section, which is seized as a part of or incident to a criminal proceeding for violation of the provisions of articles 1 to 6 of this title and for which disposition is not provided by another statute of this state, shall be disposed of as provided in this section.

(b) (I) The division shall be in violation of this section if it seizes any personal property that is not part of or incident to a criminal proceeding for violation of articles 1 to 6 of this title and does not return such property on demand.

(II) If the division violates subparagraph (I) of this paragraph (b) or any other provision of law when seizing personal property, the division shall be charged one hundred dollars per day per violation plus any attorney's fees incurred by the owner of the property.

(3) Any such property, the possession of which is illegal and which in the opinion of the court having jurisdiction over the criminal proceeding is not properly the subject of a sale, may be destroyed pursuant to a warrant for the destruction of personal property issued by the court and directed to the division. The court shall stay the execution of any such warrant during the period in which the property is used as evidence in any pending criminal or civil proceeding.

(4) Except as otherwise provided in this section, the court may order any such property sold by the division in the manner provided for sales on execution. The proceeds of the sale shall be applied as follows:

- (a) To the fees and costs of removal and sale;
- (b) To the payment of the state's costs on such action; and

(c) The balance, if any, or any portion thereof not otherwise distributed pursuant to this paragraph (c), to the wildlife cash fund. Instead of being deposited in the wildlife cash fund, such balance or any portion thereof may be transmitted, upon order of the court, as follows:

(I) To the seizing agency, if the court finds that the proceeds can be used by such agency;

(II) To any person who suffers bodily injury or property damage as a result of the action which constitutes the violation, if said person petitions the court therefor.

(5) In lieu of ordering the sale or destruction of such property, the court may, if it finds that it can be used by the agency which seized it, order it delivered to the agency for such use.

(6) The division shall not undertake any seizure of property pursuant to this section unless the division has complied with parts 3 and 5 of article 13 of title 16, C.R.S., as applicable.

Two or more offenses may be charged in the same complaint, information, or indictment, and proof as to part of an animal shall be sufficient to sustain a charge as to the whole of it. Violations as to any number of animals of the same kind may be charged in the same count and punished as a separate offense as to each animal.

33-6-104. Imposition of penalty - procedures. (1) A person is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of one hundred dollars, a surcharge as described in section 24-33.5-415.6, and an assessment of five license suspension points for a violation of any of the following for which there is not an associated statutory penalty listed:

- (a) A provision of articles 1 to 6 of this title 33; or
- (b) A rule of the commission promulgated pursuant to one or more of the articles specified in subsection (1)(a) of this section.

(2) (a) (I) At the time that a person is charged with violating any misdemeanor or civil infraction provision of articles 1 to 6 of this title 33 or a rule of the commission, the officer shall issue a summons and complaint to the alleged offender or, in the case of a violation for which a fine of a fixed amount is prescribed, may give the alleged offender an opportunity to voluntarily pay the fine and surcharge in the form of a penalty assessment.

(II) An officer shall not issue a penalty assessment for violations for which minimum and maximum fines have been established. The penalty assessment notice given to the alleged offender must:

- (B) Be in the form of a summons and complaint; and

(C) Specify in dollars the amount of the penalty to be assessed for the alleged offense and the amount of the surcharges to be collected pursuant to sections 24-4.2-104 (1) and 24-33.5-415.6.

(b) If the alleged offender accepts the penalty assessment notice and pays the fine and the surcharges entered on the fine to the division within twenty days of issuance of the notice, the alleged offender's acceptance and payment constitutes an acknowledgment of guilt of the violation set forth in the penalty assessment notice.

(c) (I) An officer may take any person who accepts a penalty assessment notice but who does not furnish satisfactory evidence of identity or who the officer has reasonable and probable grounds to believe will disregard a written promise to pay the specified fine and surcharges to the nearest known post office facility to require that the person remit the amount of the specified fine and surcharges to the division immediately by mail in United States currency or other legal tender or by money order or by personal check.

(II) Refusal or inability to remit the specified fine and surcharges by mail when required constitutes a refusal to accept a penalty assessment notice. The officer shall advise the person arrested of the license suspension points to be assessed in accordance with section 33-6-106.

(III) Checks tendered by the violator to and accepted by the division and for which payment is received by the division are deemed sufficient receipt. If the fine and surcharges are not paid, then the officer who issued the penalty assessment notice shall docket the summons and complaint with a court of competent jurisdiction for appearance by the person to answer the charges contained in the summons and complaint at the time and place specified in the summons and complaint.

(3) (a) Service of a copy of a summons and complaint or penalty assessment notice issued pursuant to subsection (2) of this section must be provided at least ten days before the date set for a hearing on the matter by:

- (I) Providing personal service of the copy directly to the alleged offender;

- (III) Mailing the copy to the alleged offender's last-known place of residence by certified mail, return receipt requested. Service by certified mail is complete upon return of the receipt signed by the alleged offender.

(b) An individual who provides personal service pursuant to subsection (3)(a)(I) of this section must be a disinterested party who is eighteen years of age or older.

33-6-106. Suspension of license privileges. (1) The commission, or a hearing officer who has been delegated authority by the commission, has the exclusive authority to suspend the privilege of applying for, purchasing, or exercising the benefits conferred by any or all licenses issued by the division for a period not to exceed five years, except as otherwise provided in articles 1 to 6 of this title, if a person:

(a) Has been convicted of violations of articles 1 to 6 of this title totaling twenty or more points in any consecutive five-year period;

(b) While a Colorado resident:

(I) Has been convicted of wildlife violations of another state, or any Canadian province, United States territory, or federal agency which is a member of the "Wildlife Violator Compact", part 26 of article 60 of title 24, C.R.S., for which equivalent charges exist in this state, and such convictions, individually or when combined with convictions specified in paragraph (a) of this subsection (1), would total twenty or more points in any consecutive five-year period.

(II) (Deleted by amendment, L. 2003, p. 1940, § 4, effective May 22, 2003.)

(c) Has been convicted of any violation of title 18, C.R.S., that was committed while hunting, trapping, fishing, or engaging in a related activity or of any federal wildlife violations within Colorado and such federal convictions, individually or when combined with convictions specified in paragraph (a) of this subsection (1), total twenty or more points;

(d) Is found to meet the requirements for reciprocal suspension as provided in the "Wildlife Violator Compact", part 26 of article 60 of title 24, C.R.S.;

(e) Has been convicted of any violation under section 33-6-114.5 (2), (3), (4), (5), or (6).

(1.3) (a) The commission or a hearing officer that the commission delegates to hear a matter may suspend a person's license in accordance with subsection (1) of this section if the person fails to comply with the terms of a summons, complaint, summons and complaint, penalty assessment notice, or other official notice of an alleged violation of articles 1 to 6 of this title 33 issued by a Colorado wildlife officer, parks officer, or other peace officer.

(b) A suspension issued pursuant to this subsection (1.3) remains in effect until the person furnishes or causes to be furnished satisfactory evidence of compliance with the terms of the summons, complaint, summons and complaint, penalty assessment notice, or other official notice of an alleged violation of articles 1 to 6 of this title 33. The division shall enter the suspension in accordance with article III of the "Wildlife Violator Compact", part 26 of article 60 of title 24, and shall remove the entry upon satisfactory evidence of the person's compliance with an official notice of an alleged violation.

(2) For the purposes of license suspension under subsection (1) of this section, the payment of a penalty assessment, a court conviction, a plea of nolo contendere, the acceptance of a deferred or suspended sentence by the court, the adjudication of a juvenile as delinquent for any violation of this title that would have resulted in a conviction if prosecuted as an adult, or forfeiture of bail shall be deemed a conviction.

(3) Any person who is to be considered for suspension, including permanent suspension, shall be given due notice of such action and shall be given the opportunity to appear and show cause why his or her license privileges should not be suspended. Such notice shall be in the form of a certified letter, return receipt requested, sent to the last-known address of the person, stating the violations and the date of hearing. Proof of such mailing and attempted delivery shall be sufficient proof of the notice required by this subsection (3).

(4) Except as otherwise provided in subsection (4.5) of this section, any hearing on the suspension of license privileges for Colorado residents shall be held in a regional or area office of the division nearest to the residence of the respondent or, in the case of nonresidents, in such other location as may be determined by the division. Such hearing shall be conducted by a hearing examiner on behalf of the commission. The hearing examiner may administer oaths and affirmations, issue subpoenas for the attendance of witnesses and the production of books and papers, and apply to the district court for enforcement thereof. The hearing examiner shall not be subject to the provisions of part 10 of article 30 of title 24, C.R.S. The director shall appoint such hearing examiners, who may be employees of the division.

(4.5) With respect to any suspension of the license of a resident pursuant to the provisions of a compact with another state, territory, or province for failure to comply with the terms of a summons, complaint, summons and complaint, penalty assessment notice, or other official notice of an alleged wildlife violation issued by a wildlife officer or other authorized peace officer in such other state, territory, or province, the hearing shall be conducted by the commission at the time and place of a regularly scheduled meeting without the need for any

prior hearing by the hearing examiner. The commission shall have the authority with respect to any such suspension to suspend the resident's privileges until satisfactory evidence of compliance with the terms of the summons, complaint, summons and complaint, penalty assessment notice, or other official notice of violation has been furnished to the division.

(5) Notice of any resulting suspension shall be sent to the person by certified mail, return receipt requested, to the last-known address of such person and to license agents and other persons who should be notified of such suspensions.

(6) Any person whose license privileges have been suspended shall not be entitled to purchase, apply for, or exercise the benefits conferred by any license issued by the division until such person's suspension has expired. Any person who violates this subsection (6) is guilty of a misdemeanor and, upon conviction, shall be punished by a fine of five hundred dollars. Conviction under this subsection (6) shall result in an automatic two-year extension of the existing suspension added to the end of the original suspension unless such person was under a lifetime suspension when such violation occurred. If a person is under a lifetime suspension and violates this subsection (6), such person shall be guilty of a misdemeanor and shall be punished by a fine of not less than one thousand dollars nor more than ten thousand dollars or by imprisonment in the county jail for not more than ninety days, or by both such fine and imprisonment.

(7) The commission may delegate the exercise of its exclusive authority to suspend wildlife license privileges to any hearing examiner appointed by the division. The hearing examiner's decision may be appealed to the commission by filing a notice of appeal with the commission within thirty days after receipt of the hearing examiner's decision.

PART 2

OUTDOOR EQUITY GRANT PROGRAM

33-9-201. Legislative declaration. (1) The general assembly finds that:

(a) The purpose of the outdoor equity grant program is to increase access and opportunity for underserved youth and their families to experience Colorado's open spaces, state parks, public lands, and other outdoor areas through programs with a focus on conservation, the environment, outdoor education, or outdoor recreation;

(b) Colorado is a state of dynamic growth, change, and progress. It is internationally renowned for its beauty and vast scope of year-round outdoor activities, natural landscapes, and mountain adventures.

(c) Paradoxically, despite the plethora of outdoor opportunities, certain demographics of Colorado youth and their families face real challenges and obstacles to accessing nature;

(d) A clear lack of equity exists for low-income, inner-city, rural, or racially and ethnically diverse youth, for youth who are lesbian, gay, bisexual, transgender, or queer or questioning, for Native American or indigenous youth, and for youth with disabilities to engage in meaningful outdoor experiences and nature-based education;

(e) Historic and chronic systemic inequities have made access to nature more challenging for these youth;

(f) Research confirms that time spent outside is essential to health and well-being; it improves physical and mental health, reduces stress, and enhances social skills; and

(g) More time spent in nature for dispossessed youth can translate to better academic performance, increased enthusiasm for school and school activities, and a lessened likelihood for attendance problems.

(2) The general assembly further finds and declares that it is necessary to establish an outdoor equity grant program to fund programs and meaningful experiences led by community members and leaders who understand the unique needs and perspectives of underserved youth and their communities in order to ensure long-term and sustainable investments for new generations of outdoor enthusiasts and conservationists.

As used in this section, "interest in land and water" means any and all rights and interest in land less than the full fee interest, including future interests, easements, covenants, and contractual rights. Every interest in land and water held by the commission when properly recorded runs with the land or water to which it pertains for the benefit of the citizens of this state and may be protected and enforced by the commission in the district court of the county in which the land or water, or any portion thereof, is located.

(b) Lease, exchange, or sell any property, water rights, land, or interest in land or water rights, including oil, gas, and other organic and inorganic substances which now are or may become surplus or which, in the proper management of the division, the commission desires to lease, exchange, or sell. A transaction otherwise qualifying as an exchange is not deemed a sale merely because dollar values have been assigned to any property, water rights, land, or interest in land or water rights, for the purpose of ensuring that the commission will receive adequate compensation.

(c) Construct, lease, or otherwise establish public parks or outdoor recreational facilities and conveniences at any site or on any land controlled by the commission or in which it holds an interest, operate and maintain any such lands, facilities, and conveniences, and provide services with respect thereto, and, when appropriate, make reasonable charges for their use or enter into contracts for their maintenance or operation;

(d) Enter into cooperative agreements with state and other agencies, educational institutions, municipalities, political subdivisions, corporations, clubs, landowners, associations, and individuals for the development and promotion of parks and outdoor recreation programs;

33-10-117. State park access - fees - fund - definitions - rules. (1) (a) (I) By July 1, 2024, the commission shall establish, by rule:

(A) A process for local governments to request an additional fee to be charged on a daily vehicle pass that authorizes the use of a state park located within the local government's geographic boundaries; and

(B) Criteria for approving a request made under subsection (1)(a)(I)(A) of this section.

(II) The division shall not collect the fee from a state park visitor who holds an annual or lifetime pass to visit state parks. The commission shall not unreasonably withhold approval of a request to create the fee.

(b) The rules promulgated by the commission must set the fee so that the fee:

(I) Does not exceed two dollars, but the commission shall adjust the fee every five years to account for inflation or deflation as provided in subsection (1)(c) of this section, and the adjustment may allow the fee to exceed two dollars; and

(II) Is rounded to the nearest dollar.

(c) In calculating inflation or deflation, the commission shall use the statistics published by the Colorado department of transportation as the construction cost index.

(d) (I) (A) The local access route cash fund is created in the state treasury. The fund consists of money credited to the fund in accordance with this subsection (1) and any other money that the general assembly may appropriate or transfer to the fund.

(B) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund.

(C) Money in the fund is continuously appropriated to the division to implement this section.

(II) The division shall perform, on an annual basis, an analysis to determine the net incremental cost of the collection and administration of the fee. The division may retain a portion of the fee to cover the cost of collecting and administering the fee, but may retain only the amount of the fee that is determined to be necessary by the cost analysis. The division shall not retain more than three and one-third percent of the fee. The division shall transmit the retained portion of the fee to the state treasurer, who shall credit the same to the parks and outdoor recreation cash fund created in section 33-10-111.

(2) (a) Beginning January 1, 2025, the division shall collect any fee established under subsection (1) of this section from each person using a daily vehicle pass that visits a state park for which an additional fee has been established and shall transfer the fee, minus the amount retained under subsection (1)(d) of this section, to the state treasurer, who shall credit the fee to the fund. The division shall transfer the remainder of the fee from the fund to the local government that requested the fee and is responsible for the local access route. If a state park has multiple local access routes that are maintained by multiple local governments, all of which requested the additional fee pursuant to subsection (1)(a) of this section, the local governments shall determine by agreement how the fee revenue is to be apportioned, and the division shall not distribute the fee revenue to the local governments until the local governments have provided the division with the agreement.

(b) A local government shall use any fee received under this subsection (2) to support access to state parks. Supporting access may include maintaining and constructing local roads, bicycle lanes, shuttle operations, and multimodal access routes.

(3) As used in this section, unless the context otherwise requires:

- (a) "Daily vehicle pass" means any fee paid by a visitor to a state park assessed on a daily basis and based on a motor vehicle entering the state park.

- (f) Past examples of issues with providing local transportation infrastructure and services used to access state-managed recreational land and opportunities to work with the division in addressing those issues both at the inception stage and over the lifespan of the state park;
- (g) Current resources available for and dedicated to a community's local transportation infrastructure and services for a baseline of existing maintenance budgets, new sources of funding or partnerships to assist in the maintenance of local access routes to and from state parks, and the predictability and reliability of the sources;

(4) The division shall complete the study described in this section and make legislative recommendations to the general assembly by November 1, 2024. The recommendations must include sources for funding or partnerships to assist in the maintenance of local transportation infrastructure and services associated with state parks.

ARTICLE 10.5

Aquatic Nuisance Species

33-10.5-101. Legislative declaration. (1) The general assembly hereby finds, determines, and declares that:

(a) Aquatic nuisance species have devastating economic, environmental, and social impacts on the aquatic resources and water infrastructure of the state;

(b) Recreational vessels are a significant source of the spread of aquatic nuisance species in Colorado;

(c) One of the division's highest priorities should be the prevention, containment, and eradication of aquatic nuisance species in waters of the state in which the species have been detected or are likely to be introduced; and

(d) Therefore, the purposes of enacting this article 10.5 are:

(I) To implement actions to detect, prevent, contain, control, monitor, and, whenever possible, eradicate aquatic nuisance species from the waters of the state and to protect human health, safety, and welfare from aquatic nuisance species; and

(II) To foster and encourage, to the greatest extent possible, voluntary compliance with this article 10.5.

(2) The general assembly further finds, determines, and declares that:

(a) Some of the aquatic resources and water infrastructure within the state are owned or managed by the United States bureau of reclamation, the United States Army corps of engineers, the United States forest service, or another agency of the federal government, and not by the division;

(b) A failure to detect, prevent, contain, and, when possible, eradicate aquatic nuisance species from any one of these federally managed aquatic resources or water infrastructure facilities would threaten the health and vibrancy of all aquatic resources and water infrastructure facilities within the state; and

(c) Therefore, the purposes for which this article 10.5 is enacted may be achieved only if the federal government dedicates sufficient funding and resources to the prevention, containment, and, when possible, eradication of aquatic nuisance species from the aquatic resources and water infrastructure managed by federal agencies within the state.

33-11-102. Legislative declaration. (1) In order to provide for the greatly increasing outdoor needs of a rapidly expanding Colorado population for public access to, travel within, and enjoyment and appreciation of the out-of-doors areas of Colorado and for the conservation, development, and use of natural resources against fire and other natural and geological hazards, it is hereby declared to be the public policy of this state and among the purposes of this article to: Increase the accessibility and encourage the use of such natural resources by the residents of this state and by nonresidents; provide opportunity for the development of public and private facilities for persons visiting and utilizing the natural resources of this state; encourage an increase in riding, hiking, bicycling, and other compatible recreational activities as influences for the improvement of the health and welfare of the people; and to provide for the needs of specialized recreational motor vehicles. It is recognized that joint simultaneous trail use by motorized and nonmotorized interests may at times be incompatible, and it is the intent of this article to provide separate trails and facilities for each of such motorized and nonmotorized interests, when feasible.

(2) To implement the provisions of subsection (1) of this section and as additional purposes of this article, the state may: Establish and maintain trails on a statewide basis to connect, when feasible and practical, the units of the parks and outdoor recreation system, federal recreational lands, and other trails systems; perpetuate and provide the use of and access to regions and trails of special or historic interest within the state; assist local governments in serving the requirements of the urban and other population centers of the state; encourage the multiple use of public rights-of-way and utilize to the fullest extent the existing and future scenic roads, highways, parkways, and federally administered trails where feasible as recreational trails; encourage the development and maintenance of recreational trails by counties, cities, and special

improvement districts and assist in such development and maintenance by all means available; coordinate trail plans and development among legal jurisdictions and with the state and federal governments; encourage, when possible, the development of trails on federal lands by the federal government; and promote at all levels of government a more complete use of all or any portion of public property for recreational purposes.

(3) A further purpose of this article is to promote the establishment and operation of a statewide network of trails, to be known as the "Colorado greenway trails system", along and between the state's lakes, streams, or reservoirs linking cities, towns, communities, and river basins. The Colorado greenway trails system shall be established and operated in a manner that promotes recreational opportunities along lakes, streams, or reservoirs, that provides access to and is a part of an integrated trail system, that protects water rights and real property rights, and that minimizes conflicts between recreationists and others to minimize adverse impacts on natural features and sensitive habitats.

33-11-104. Acquisition. (1) In order to provide recreational trails in a statewide system of positive recreational value, the division may acquire reasonable trail rights-of-way or easements. In selecting the rights-of-way, full consideration shall be given to minimizing the adverse effects upon the adjacent landowner or user and his operation. Development and management of each segment of the trails system shall be designed to harmonize with and complement any established multiple-use plans for that specific area in order to insure continued maximum benefits from the land. Acquisition shall be, whenever possible, through donations, purchased with donated funds, or through easements and exchanges. When such methods fail, the division may authorize expenditure of state appropriations for acquisition in fee. Agreements for less than fee shall be for terms of not less than twenty-five years whenever possible.

(2) The division may abandon all or any portion of a trail or easement acquired for trail purposes which is no longer necessary for such purposes, or it may transfer any trail or easement acquired for trail purposes to a local government having jurisdiction over the area in which the trail or easement is located if such local government agrees to maintain and operate the trail.

(3) The division shall notify the owner of land through which any trail or easement acquired for trail purposes passes prior to entering into an operating agreement for that trail with any local government, and it shall secure the consent of the landowner prior to the transfer of any trail or easement acquired for trail purposes to a local government.

(4) Nothing in this article shall permit the acquisition of recreational trails by proceedings in eminent domain by any state agency or any unit of local government or any agency thereof; except that, when a recreational trail is included within a highway right-of-way, the department of transportation may acquire such contiguous land as a part of the right-of-way as is necessary to permit the uninterrupted continuation of the recreational trail.

(5) Nothing in this section modifies, impairs, or supersedes the authority of the commission or the ability of the division to acquire any interest in water or water rights pursuant to section 33-10-107 (1)(a).

(6) Trails acquired pursuant to this article shall not be used for purposes of annexation or access to private lands. Access to private property may be allowed upon consent of the landowner. Nothing in this subsection (6) shall preclude the annexation of private lands with the consent of the landowner.

(b) This section does not apply to land stewardship activities occurring on state lands.

(2) (a) A volunteer performing land stewardship services in connection with a grant is immune from civil liability for any act or omission that results in damage or injury if the volunteer was acting within the scope of his or her designated duties unless the damage or injury was caused by the volunteer's gross negligence or willful and wanton act or omission.

(b) A volunteer serving as an officer, director, or trustee of a nonprofit organization performing land stewardship services in connection with a grant is immune from civil liability for any act or omission that results in damage or injury if the volunteer was acting within the scope of his or her official functions and duties as a director, officer, or trustee unless the damage or injury was caused by a willful and wanton act or omission of the director, officer, or trustee.

(c) A nonprofit organization performing land stewardship services in connection with a grant is immune from civil liability for any act or omission that results in damage or injury unless the damage or injury was caused by the nonprofit organization's willful and wanton act or omission.

(4) Notwithstanding any other provision of law, a grant agreement, procurement contract, or other agreement governing the conduct of land stewardship activities by a nonprofit organization or volunteer in connection with a grant must not:

(5) (a) (I) The immunity granted by subsections (2)(a) and (2)(b) of this section does not extend to any act or omission by a volunteer while operating a vehicle unless the operation of the

33-12-100.2. Legislative declaration. The general assembly hereby finds, determines, and declares that the system of state parks and state recreation areas is vital to the economic health and well-being of the entire state of Colorado and that such system of parks and recreation areas provides an important benefit to the citizens of this state and to the tourists from outside the state who visit and make use of such state parks and recreation areas. Because of the nature and operation of such state parks and recreation areas, the system can be largely self-supporting, and the users of such resources can help to fund the system's operation and maintenance. The general assembly declares and intends that as a matter of state policy the system of state parks and state recreation areas should be financed as much as reasonably possible through revenues derived from the users of such system.

(2) Prior to its repeal in 2007, this section was similar to former § 33-4-106 as it existed prior to 1984.

33-12-103. Aspen leaf annual pass - aspen leaf lifetime pass - rules - report. (1) (a) A resident of this state, as defined in section 33-10-102, may obtain from the division an aspen leaf annual pass, which pass is valid from the date the pass is purchased through the last day of the month of purchase in the following year. The commission shall determine the age of eligibility for the aspen leaf pass.

(b) (I) A resident of this state, as defined in section 33-10-102, may obtain from the division an aspen leaf lifetime pass, which is valid from the date the pass is purchased through the lifetime of the pass holder. The age of eligibility for the aspen leaf lifetime pass is the same as that for the aspen leaf annual pass pursuant to paragraph (a) of this subsection (1). Notwithstanding any provision of law to the contrary, the fee for the aspen leaf lifetime pass is as set by rule of the commission; except that the fee shall not exceed five times the cost of the aspen leaf annual pass.

(II) (A) The aspen leaf lifetime pass shall not be sold on or after March 1, 2014.

(B) Prior to that date but during the second regular session of the sixty-ninth general assembly, the department shall prepare and deliver a report to the senate agriculture and natural resources committee and the house of representatives agriculture, livestock, and natural resources committee, or their successor committees, evaluating the aspen leaf lifetime pass. The report shall include, at a minimum, the number of aspen leaf lifetime passes sold and the financial impacts of the aspen leaf lifetime pass.

(2) Except as provided by rule of the commission, for the purpose of this section, the holder of an aspen leaf annual pass or aspen leaf lifetime pass shall own in whole or in part any vehicle used to enter a park area, the vehicle shall have a current valid registration issued by the department of revenue, and the pass holder shall be present in the vehicle. An aspen leaf pass or aspen leaf lifetime pass entitles the holder to enter state park and recreation areas during the period that the pass is valid and when such areas are open.

(3) Each aspen leaf annual pass or aspen leaf lifetime pass shall be displayed by the person to whom it was issued, in the manner prescribed by the commission by rule, when the person enters a state park or state recreation area.

(4) The continued use of the aspen leaf annual pass and the aspen leaf lifetime pass shall be subject to the holder's observance of rules concerning the state park or the state recreation area. For a violation of any of such rules, the division has the power to suspend the pass for six months; for a second violation, for one year; and, for a third violation, indefinitely. Any person aggrieved by an action of the division taken pursuant to this subsection (4) may appeal such action in accordance with the procedures provided in article 4 of title 24, C.R.S.

(2) (a) A disabled resident may obtain from a regional office or the central office of the division, or at such other locations as may be determined by the division, a Columbine annual pass. The pass shall be valid from the date the pass is purchased through the last day of the month of purchase in the following year. A columbine annual pass shall entitle the disabled resident to enter state park and recreation areas during the period that the pass is valid and when such areas are open.

(b) The commission, by rule, shall provide the manner by which a columbine annual pass shall be displayed by the person to whom it was issued when the person enters a state park or state recreation area.

(2.5) Any resident of the state who is a first responder with a permanent occupational disability as defined in section 33-4-104.5 (2) may obtain, free of charge, a columbine annual pass from the regional or the central office of the division, or such other location as may be determined by the division.

(3) The continued use of the columbine annual pass shall be subject to the holder's observance of rules and regulations concerning the state park or state recreation area.

33-12-103.7. Eagle annual pass - rules - definition. (1) (a) A resident who is an active member of the National Guard may obtain from a regional office or the central office of the division, or at such other locations as may be determined by the division, an eagle annual pass

free of charge. The pass is valid from the date the resident obtains it through the last day of the same month in the following year. An eagle annual pass entitles the resident active member of the National Guard to enter state park and recreation areas during the period that the pass is valid and when such areas are open.

(b) The commission, by rule, shall provide the manner by which an eagle annual pass must be displayed by the person to whom it was issued when the person enters a state park or state recreation area.

(2) For purposes of this section, "active member of the National Guard" means an individual who is a resident, as defined in section 33-1-102 (38), and has presented to the division a driver's license or identification card issued under article 2 of title 42 and an original statement signed by, or by direction of, the personnel officer or commander of the individual's unit, a senior noncommissioned officer who is part of the individual's chain of command, or higher headquarters that identifies the individual and establishes that the individual is an active member of the National Guard.

(3) The continued use of the eagle annual pass is subject to the holder's observance of rules and regulations concerning the state park or state recreation area.

(4) The general assembly may annually appropriate money to the division to implement this section. If the general assembly does not make such an appropriation, the commission need not offer an eagle annual pass until the general assembly makes such an appropriation.

33-12-104. Pass and registration agents - reports - board of claims - unlawful acts - rules. (1) The director may designate sole proprietors, partnerships, or corporations having permanent business locations in this state as pass and registration agents to sell, at their permanent business locations, passes and registrations. Pass and registration agents shall be paid a commission on all moneys collected for passes and registrations sold by such agents in an amount determined by the commission by rule. All agents authorized to sell passes and registrations shall keep accurate records of all sales of passes and registrations and shall make such reports to the division regarding pass and registration sales as may be required. Such agents shall be required to give evidence of financial responsibility, in the form of a savings account, deposit, or certificate of deposit meeting the requirements of section 11-35-101, C.R.S., or an irrevocable letter of credit meeting the requirements of section 11-35-101.5, C.R.S., or a bond, in such amount as may be fixed by the division to insure the remittance of all moneys collected from such pass and registration sales, less amounts allowed as commissions, and the making of reports required by the division. The commission may promulgate rules for the establishment and cancellation of pass and registration agencies. All pass and registration moneys received shall be kept separate and apart from any other moneys of the agent authorized to sell passes and registrations and shall at all times belong to the state. All moneys due from the sale of passes and registrations belong to the state and shall draw interest at the rate of one and one-half percent per month from the time that the agency is canceled by the division until paid.

(2) The executive director, state auditor, and attorney general, or their duly designated representatives, shall constitute a board of claims for the hearing of all claims for relief when any agent is unable to account for passes and registrations and claims that the same have been

destroyed, lost, or stolen. The findings of the board of claims are subject to review pursuant to section 24-4-106, C.R.S. Claims for relief in an amount totaling one hundred dollars or less shall not be determined by the board of claims, except as otherwise provided in this section, but shall be settled by the division. If the division offers to make settlement and such settlement is not accepted by the claimant, the claimant may submit his claim to the board of claims.

(3) Every agent authorized to sell passes and registrations shall account for all passes and registrations delivered to such agent. If any agent is not able to account for any pass or registration, such agent shall be responsible for the maximum amount for which each unaccounted-for pass or registration could have been issued, except as provided in subsections (4) to (8) of this section.

(4) Any agent authorized to sell passes and registrations may make a claim under oath for relief from responsibility for passes and registrations which have been lost, stolen, or destroyed and for which such agent is unable to account, but no claim for relief shall be considered unless the agent making the claim informs the division of such loss, theft, or destruction within thirty days after such loss, theft, or destruction is discovered, said notice to set forth in detail all pertinent information then known to the agent. Upon receipt of any claim for relief, it is the duty of the division to make an investigation of the claim as soon as practicable, and for that purpose the claimant shall make available such records, information, or other pertinent data as may be in his possession or under his control. A written report of such investigation shall be filed with the board of claims.

(5) As soon as practicable after receipt of the investigator's report and in no event later than one hundred twenty days after receipt of notice of a claim for relief, the board of claims shall set a date for the hearing on such claim for relief, and the claimant may appear at the hearing if he so desires. The claimant shall be given not less than ten days' written notice of the date of the hearing, such notice to be mailed to his last-known address.

(6) The board of claims may give relief to any claimant in the following circumstances and subject to the following limitations:

(a) If the board of claims is satisfied that any passes or registrations were destroyed due to fire, flood, act of God, or any other cause beyond the control of the claimant and that destruction was not due in part to his negligence, then the board of claims may entirely relieve the claimant of the responsibility to account for such passes and registrations or make such lesser adjustment as the board of claims may deem proper.

(b) If the board of claims is satisfied that any passes or registrations were either lost, stolen, or destroyed under circumstances other than those set forth in paragraph (a) of this subsection (6), the board of claims may, in its discretion, make an adjustment of the amount due for any such passes or registrations. The board of claims, in determining what adjustment, if any, shall be allowed for any lost, stolen, or destroyed passes and registrations, may consider the following:

(I) Whether or not, or the extent to which, the loss was due to the negligence or carelessness of the claimant in the handling of passes and registrations, but no adjustment shall be made in the case of gross negligence or gross carelessness upon his part;

(II) Such other evidence as the board of claims may consider pertinent.

(7) The board of claims, in the event that it makes any adjustment upon a claim, may, in its discretion, require the use of such protection against the possibility of lost, stolen, or

destroyed passes and registrations as it may deem proper, including, but not limited to, the posting of corporate or personal surety bonds.

(8) It is the legislative intent of subsections (2) to (7) of this section to provide in proper cases for the relief of agents where passes or registrations have been lost, stolen, or destroyed, which relief, however, shall be strictly construed, it being the further intent of such subsections to encourage the proper and careful handling of such documents by pass and registration agents.

(9) The commission may promulgate rules for the cash sale of passes and registrations to pass and registration agents of the division for resale to the public. Only agents of the division in good standing may qualify to purchase and sell under this subsection (9); except that no evidence of financial responsibility shall be required to qualify under this subsection (9). A post or base exchange of the United States government located in Colorado may qualify as an agent for the purpose of this subsection (9). Failure to comply with all applicable rules of the commission and lawful directives of the division regarding pass and registration agents constitutes grounds for the suspension or termination of such an agent, and, upon suspension or termination, all unsold passes and registrations shall be returned immediately to the division for return of cash in the amount paid by the agent for the passes and registrations. The commission, in connection with a program that it may adopt under this subsection (9), shall provide for redemption by the division, at least annually, of any unsold passes and registrations in the amount paid by the agent for such unsold passes and registrations. Subsections (1) to (8) of this section, except the provisions of subsection (1) regarding the designation of pass and registration agents, do not apply to passes and registrations sold under this subsection (9).

(10) The commission may authorize certain employees to sell passes and registrations at the headquarters and regional offices of the division. Such employees are not entitled to a discount off of the face value of the passes and registrations and are not required to give evidence of financial responsibility. Such employees may make claims under oath for relief from responsibility for passes and registrations or moneys that have been lost, stolen, or destroyed and for which the employees are unable to account in accordance with subsections (4) to (8) of this section.

(11) Any pass or registration agent who fails, upon demand of the division or its authorized representative, to account for passes and registrations or who fails to pay over to the division or its authorized representative money received from the sale of passes and registrations commits:

- (a) A petty offense if the amount is less than three hundred dollars;
- (b) A class 2 misdemeanor if the amount is three hundred dollars or more but less than one thousand dollars;
- (c) A class 1 misdemeanor if the amount is one thousand dollars or more but less than two thousand dollars;
- (d) A class 6 felony if the amount is more than two thousand dollars but less than five thousand dollars;
- (e) A class 5 felony if the amount is five thousand dollars or more but less than twenty thousand dollars;
- (f) A class 4 felony if the amount is twenty thousand dollars or more but less than one hundred thousand dollars;
- (g) A class 3 felony if the amount is one hundred thousand dollars or more but less than one million dollars; and

(h) A class 2 felony if the amount is one million dollars or more.

33-12-105. Licensing violations. (1) Except as otherwise provided in section 33-12-104 or by a commission rule regarding the manner by which a pass may be transferred, it is unlawful for any person to transfer, sell, or assign any pass or registration issued under articles 10 to 15 of this title 33 to another person. Any person who violates this subsection (1) commits a civil infraction and, upon conviction, shall be punished by a fine of two hundred dollars.

(2) Any person who makes any false statement or gives any false information in connection with purchasing or selling a pass or registration or who makes any alteration of a pass or registration commits a civil infraction and, upon conviction, shall be punished by a fine of two hundred dollars, and any such statement, information, or alteration shall render such pass or registration void.

(3) Any person who fails to obtain or make readily available for inspection by a parks and recreation officer or other peace officer an appropriate and valid pass commits a civil infraction and, upon conviction, shall be punished by a fine of twenty-five dollars.

33-12-106. Park entrance privileges - identified veterans - wounded warriors - backcountry search and rescue organizations conducting training activities - legislative declaration - rules. (1) (a) Any resident who displays on the resident's vehicle a Colorado disabled veteran's license plate pursuant to section 42-3-304 (3)(a) or a purple heart special license plate pursuant to section 42-3-213 (2) must be allowed free entrance to any state park or recreation area, not to include campgrounds, on any day of the year such park or area is open. For the purpose of this section, display of such license plates entitles the disabled veteran or

purple heart recipient and passengers in such disabled veteran's or purple heart recipient's vehicle to enter such park or recreation area free of charge.

(b) Any resident who presents the documents necessary to satisfy the requirements of section 42-3-304 (3)(a) at a regional office or the central office of the division, or at such other locations as may be determined by the division, may obtain a transferable annual parks pass free of charge from the division.

(c) Any resident who presents the documents necessary to satisfy the requirements of section 42-3-213 (2) at a regional office or the central office of the division, or at such other locations as may be determined by the division, may obtain a transferable annual parks pass free of charge from the division.

(2) Repealed.

(2.3) The commission may promulgate rules to allow free entrance to any state park or recreation area, not to include campgrounds, yurts, or other amenities and services offered, for veterans on one day each year. The commission may determine by rule which day veterans are allowed free entrance to state parks and recreation areas.

(2.4) (a) The commission shall promulgate a rule to allow veterans, including active duty personnel, free entrance to any state park or recreation area, not to include campgrounds, yurts, or other amenities and services, for the month of August each year. The commission may promulgate a rule setting evidence standards to show a person is a veteran and issue a sticker or other device that identifies a person as a veteran for future entrance. The commission may also charge a fee for issuing the sticker or other device that identifies a person as a veteran, but the fee must be based on the direct and indirect cost of issuing the sticker or other device.

(b) The general assembly shall annually appropriate moneys to the division to implement this subsection (2.4). If the general assembly does not make the appropriation, the commission need not offer free entrance to veterans to state parks or recreational areas until the money is appropriated.

(2.7) (a) (I) The general assembly hereby finds, determines, and declares that:

(A) Service members returning from post-September 11, 2001, overseas contingency operations who have been injured during combat face a challenging period of rehabilitation upon their return to the United States;

(B) Many of these service members are so severely injured that they require medical assistance for many years, or even the rest of their lives, as they reenter mainstream life;

(C) Although the scope of care provided by the United States armed services wounded warrior programs varies with each service member, based on the needs of the individual, these service members may be assigned, upon return to Colorado, to a medical treatment facility such as Evans army hospital at Fort Carson, Colorado;

(D) Wounded warrior programs are direct efforts by the United States armed services to care for service members during their long transition from combat-related injury to civilian life and to provide assistance to those service members in recovery, rehabilitation, and reintegration that is worthy of their service and sacrifice; and

(E) For those wounded warriors who suffer injuries so severe that they will require intense, ongoing care or assistance for many years or the rest of their lives, a significant part of the healing process is enabling and encouraging these service members to experience some of the outdoor recreational activities they enjoyed prior to their service-related injuries.

(II) The general assembly therefore recognizes the need to provide opportunities for Colorado's severely injured "wounded warriors" to enjoy the natural resources of the state as part of their rehabilitative care. Furthermore, offering free entrance to state parks and recreation areas to such recovering service members is a small, but recognizable, acknowledgment of their selfless service and sacrifice.

(b) The commission may promulgate rules to allow free entrance to any state park or recreation area, not to include campgrounds, yurts, or other amenities or services offered, for participants in the United States armed services wounded warrior programs who are residents of, or stationed in, Colorado. Any such rules must also allow for free admission of persons accompanying the wounded warrior program participant in the same vehicle.

(c) As used in this subsection (2.7), "United States armed services wounded warrior programs" means:

- (I) The Army wounded warrior (AW2) program;
- (II) The Air Force wounded warrior (AFW2) program;
- (III) The Navy safe harbor program;
- (IV) The Coast Guard wounded warrior regiment; and

(V) Any successor program administered by a branch of the United States armed services to provide individualized support for service members who have been severely injured in overseas contingency operations undertaken since September 11, 2001.

(3) Pursuant to section 33-10-115, a public or nonprofit backcountry search and rescue organization shall be allowed free entrance to any state park or recreation area on any day of the year such park or area is open, subject to availability.

33-12-108. Keep Colorado wild pass - assess with vehicle registration - option to decline to pay - rules - short title - legislative declaration - definitions. (1) **Short title.** The short title of this section is the "Keep Colorado Wild Pass Act".

(2) **Legislative declaration.** The general assembly:

(a) Finds and determines that:

(I) Colorado's great outdoors and wildlife are among the state's most treasured resources, enhancing Coloradans' quality of life, bringing prosperity to the state and its residents, and representing the fabric of the state;

(II) Rapid growth in demand for, and effects of, outdoor recreation is challenging the division's capacity to deliver on its mission to ensure that the benefits of Colorado's outdoors and wildlife are sustained for future generations, while recreationists have few opportunities to financially support wildlife conservation and the trails and other outdoor recreational infrastructure that are in high demand in Colorado;

(III) Despite growth in outdoor recreation, many Colorado families lack access to the experience, equipment, and resources necessary to visit our state parks and public lands, and new strategies are needed to reduce barriers for those families with limited resources to access the outdoors;

(IV) The division and the commission have identified goals and objectives to achieve their mission, including the following goals and objectives:

(A) Providing a simple and affordable state parks and public lands access pass to ensure that Colorado's outdoors are welcoming and accessible to all and that all users contribute to keeping Colorado wild;

(B) Ensuring sufficient staffing and resources to manage and protect Colorado's forty-two existing state parks;

(C) Supporting the thousands of search and rescue volunteers in Colorado that risk their lives responding to backcountry emergencies and developing educational programs and campaigns to promote backcountry safety;

(D) Protecting winter recreationists by supporting backcountry avalanche safety and awareness;

(E) Building and maintaining new state parks on a regular basis in partnership with local governments, conservationists, recreationists, and other land management agencies;

- (F) Growing the division's capacity to address outdoor recreation beyond state parks, including on federal lands;
- (G) Increasing state trails program funds for trail stewardship, new trails, and river recreation projects;
- (H) Dedicating resources for the division's state wildlife action plan to conserve vulnerable species and habitats;
- (I) Supporting the division's initiatives that are focused on equity, diversity, and inclusion in the outdoors; and
- (J) Funding Colorado regional outdoor partnerships to support community-driven conservation and recreation planning and projects; and

(V) The goals and objectives identified in subsection (2)(a)(IV) of this section can only be accomplished through implementation of a fee structure that increases participation; provides consistent, reliable financial contributions; and is offered at a discounted price from the price of an existing annual state park pass; and

- (b) Declares that:
 - (I) The pass fee is not intended as a registration fee or other charge with respect to the operation of any motor vehicle upon any public highway in the state;
 - (II) The collection of the pass fee with an annual motor vehicle registration is intended to create an administrative convenience; and
 - (III) An individual's choice not to pay the pass fee is not intended to affect the individual's ability to register the individual's motor vehicle.
- (3) **Definitions.** As used in this section, unless the context otherwise requires:
 - (a) "Authorized agent" has the meaning set forth in section 42-1-102 (5).
 - (b) "Commercial vehicle" has the meaning set forth in section 42-1-102 (17.5).
 - (c) "Division of motor vehicles" means the division of motor vehicles in the department of revenue.

(f) Any vessel defined as a sailboard in section 33-13-102 (3.7) shall be marked as required by subsection (5) of this section.

(2) Every registration issued pursuant to this article shall continue in full force and effect for a period ending December 31 of the year of issuance of the registration unless sooner terminated or discontinued in accordance with the provisions of this article. 33-13-108.1. Operating a vessel while under the influence - definitions. (1) (a) It is a misdemeanor for any person to operate or be in actual physical control of a motorized, wind-powered, or flying vessel in this state while:

(I) Under the influence of alcohol;

(II) The amount of alcohol, as shown by analysis of the person's blood or breath, in the person's blood is 0.08 or more grams of alcohol per one hundred milliliters of blood or 0.08 or more grams of alcohol per two hundred ten liters of breath at the time of the commission of the alleged offense or within two hours after operating a vessel, if the evidence establishes beyond a reasonable doubt that the person did not consume any alcohol between the time of operation and the time of testing;

(III) Under the influence of any controlled substance as defined in section 18-18-102 (5), C.R.S., or any other drug that renders the person incapable of safely operating a vessel;

(IV) Under the influence of any combination of alcohol and any controlled substance as defined in section 18-18-102 (5), C.R.S., or any other drug, when the combination of alcohol and controlled substance or any other drug renders the person incapable of safely operating a vessel.

(b) For the purposes of this subsection (1), "under the influence of any controlled substance or any other drug" shall include the use of glue-sniffing, aerosol inhalation, or the inhalation of any other toxic vapor.

(2) (a) In any prosecution of a violation of paragraph (a) of subsection (1) of this section, the amount of alcohol in the defendant's blood or breath at the time of the commission of the alleged offense or within a reasonable time thereafter, as shown by analysis of the defendant's blood or breath, shall give rise to the following presumption: If there was at that time 0.08 or more grams of alcohol per one hundred milliliters of blood as shown by analysis of the person's blood or 0.08 or more grams of alcohol per two hundred ten liters of breath as shown by analysis of the person's breath, it shall be presumed that the defendant was under the influence of alcohol.

(b) The limitation of this subsection (2) shall not be construed as limiting the introduction, reception, or consideration of any other competent evidence bearing upon the question of whether or not the defendant was under the influence of alcohol.

(3) In any prosecution for a violation of subsection (1) of this section, the defendant shall be entitled to offer direct and circumstantial evidence to show that there is a disparity between what the tests show and other facts so that the trier of fact could infer that the tests were in some way defective or inaccurate. Such evidence may include testimony of nonexpert witnesses relating to the absence of any or all of the common symptoms or signs of intoxication for the purpose of impeachment of the accuracy of the analysis of the person's blood or breath.

(4) (a) A person who operates a vessel or who is in actual physical control of a vessel on the waters of this state shall be deemed to have expressed consent to the provisions of this subsection (4).

(b) Any person who operates or is in actual physical control of a vessel on the waters of this state may be required to submit to a test or tests of breath or blood for the purpose of determining the alcoholic content of the person's blood or breath if arrested for any misdemeanor offense arising out of acts alleged to have been committed while the person was operating a vessel in violation of subsection (1) of this section. If the person requests that the test be a blood test, then the test shall be of the person's blood; but, if the person requests that a specimen of blood not be drawn, then a specimen of the person's breath shall be obtained and tested.

(c) Any person who operates or is in actual physical control of a vessel on the waters of this state may be required to submit to a test or tests of the person's blood, saliva, and urine for the purpose of determining the drug content within the person's system if arrested for any misdemeanor offense arising out of acts alleged to have been committed while the person was operating a vessel in violation of subsection (1) of this section.

(5) Any person who is required to submit to testing or who requests that a specimen of blood, breath, saliva, or urine be taken or drawn shall cooperate with the person authorized to obtain the specimens, including the signing of any release forms required by any person who is authorized to take or withdraw such specimens. If the person refuses to sign any release forms, the refusal shall be considered a refusal to take the tests, if said forms conform to subsection (6) of this section. No peace officer shall physically restrain any person for the purpose of obtaining a specimen of his blood, breath, saliva, or urine for testing.

(6) The arresting officer having probable cause to believe a person has violated this section shall direct the administration of the tests in accordance with rules prescribed by the state board of health with utmost respect for the constitutional rights, dignity, and health of the person being tested. No person except a physician, a registered nurse, an emergency medical service provider certified or licensed under part 2 of article 3.5 of title 25 who is authorized within his or her scope of practice to draw blood, or a person whose normal duties include withdrawing blood samples under the supervision of a physician or registered nurse shall withdraw blood to determine the alcohol or drug content of the blood for purposes of this section. Civil liability does not attach to a person authorized to obtain blood, breath, saliva, or urine specimens or to a hospital in which the specimens are obtained as provided in subsection (4) of this section as a result of the act of obtaining the specimens from any person submitting thereto if the specimens were obtained according to the rules of the state board of health; except that this subsection (6) does not relieve the person from liability for negligence in obtaining a specimen sample.

(7) Any person who is dead or unconscious shall be tested to determine the alcoholic content of the person's blood as provided in subsection (4) of this section. In addition to the tests prescribed, the blood of a dead person shall be checked for carbon monoxide content and for the presence of drugs, as prescribed by the department of public health and environment. All information obtained will be made a part of the accident report.

(8) If a person refuses to submit to tests as provided for in subsection (4) of this section and the person subsequently stands trial for a violation of subsection (1) of this section, the refusal to submit to the tests shall be admissible into evidence at the trial, and a person may not claim the privilege against self-incrimination with regard to admission of refusal to submit to any tests.

(9) The fact that any person charged with a violation of subparagraph (II) or (III) of paragraph (a) of subsection (1) of this section is or has been entitled to use the controlled substance or drug under the laws of this state shall not constitute a defense against any person charged with the violation.

(10) No court shall accept a plea of guilty to a non-alcohol-related or non-drug-related boating offense from a person charged with a violation of subsection (1) of this section unless the prosecuting attorney makes a good faith representation that a *prima facie* case could not be established if the defendant were brought to trial on the original alcohol-related or drug-related offense.

(11) When a peace officer has reasonable grounds to believe that a person is operating a vessel while under the influence of alcohol or that the operator has been involved in a boating accident resulting in injury or death, the peace officer may request the operator to provide a sample of the operator's breath for a preliminary screening test. The test shall be given using a device approved by the executive director of the department of public health and environment as being accurate to within ten percent of the actual reading obtained by the officer upon administering the test. The results of this preliminary screening test may be used for the purpose of deciding whether an arrest should be made and whether to administer a test pursuant to paragraph (b) of subsection (4) of this section but shall not be used in any court action except to prove that a test was properly authorized pursuant to this section. The results of the test shall be made available to the operator or the operator's attorney upon request. The preliminary screening test shall not constitute the test for the purposes of subsection (4) of this section.

(12) (a) Every person who is convicted of a violation of subsection (1) of this section shall be punished by imprisonment in the county jail for not less than five days nor more than one year, and, in addition, the court may impose a fine of not less than six hundred dollars nor more than one thousand dollars and the court has the discretion to suspend the fine. Except as provided in subsection (12)(c) of this section, the minimum period of imprisonment provided for the violation shall be mandatory. In addition to any other penalty that is imposed, every person who is convicted of a violation to which this subsection (12)(a) applies shall perform at least forty-eight hours but no more than ninety-six hours of useful public service.

(b) Upon a conviction of a subsequent violation of subsection (1) of this section, the offender shall be punished by imprisonment in the county jail for not less than sixty days nor more than one year, and, in addition, the court may impose a fine of not less than six hundred dollars nor more than one thousand dollars and the court has the discretion to suspend the fine. The minimum period of imprisonment as provided for the violation shall be mandatory, but the court may suspend up to fifty days of the period of imprisonment if the offender complies with subsection (12)(c) of this section. In addition to any other penalty that is imposed, every person convicted of a violation to which this subsection (12)(b) applies shall perform not less than forty-eight hours nor more than one hundred twenty hours of useful public service. The performance of the minimum period of service shall be mandatory, and the court shall have no discretion to suspend the mandatory minimum period of performance of the service.

(c) The mandatory minimum sentence of any person subject to subsection (12)(a) of this section may be suspended to the extent provided for in said subsection if the offender receives a presentence alcohol and drug evaluation and, based on that evaluation, if the offender satisfactorily completes and meets all financial obligations of an appropriate level I or level II alcohol and drug driving safety education or treatment program as is determined to be appropriate by the alcohol and drug evaluation pursuant to section 42-4-1301.3. If, at any time during the one-year period, the offender does not satisfactorily comply with the conditions of the suspension, that sentence shall be reimposed, and the offender shall serve that portion of the sentence that was suspended. The court, at any time, has the discretion to employ sentencing alternatives described in section 18-1.3-106.

(d) In addition to any other penalty provided by law, the court may sentence a defendant who is convicted pursuant to this section to a period of probation for the purposes of treatment not to exceed two years.

(e) For the purposes of this subsection (12), "useful public service" has the meaning set forth in section 42-4-1301.4, C.R.S., and the useful public service program authorized therein shall be utilized for the purposes of this subsection (12). An offender sentenced to a useful public service program shall complete the same within the time established by the court. In addition to any other penalties, fines, fees, or costs prescribed in this section, the court shall assess an amount not to exceed the amount established in section 42-4-1301.4, C.R.S., upon any person required to perform useful public service. The amount shall be used only to pay for the costs authorized in section 42-4-1301.4, C.R.S.

(f) For the purposes of this subsection (12), "alcohol and drug driving safety education or treatment" has the meaning set forth in section 42-4-1301.3, C.R.S., and the alcohol and drug driving safety program and the presentence alcohol and drug evaluations authorized in said section shall be utilized for the purposes of this subsection (12). The presentence alcohol and drug evaluation shall be conducted on all persons convicted of a violation of subsection (1) of this section; except that this requirement shall not apply to persons who are not residents of Colorado at the time of sentencing. Any defendant sentenced to level I or level II education or treatment programs shall be instructed by the court to meet all financial obligations of the programs. If the financial obligations are not met, the sentencing court shall be notified for the purpose of collection or review and further action on the defendant's sentence. In addition to any other penalties, fines, fees, or costs prescribed in this section, the court shall assess an amount, not to exceed the amount established in section 42-4-1301.3, C.R.S., upon any person convicted of a violation of subsection (1) of this section. The amount shall be used only to pay for the costs authorized in section 42-4-1301.3, C.R.S. The court shall consider the alcohol and drug evaluation prior to sentencing. This paragraph (f) is also applicable to any defendant who receives a diversion in accordance with section 18-1.3-101, C.R.S., or who receives a deferred sentence in accordance with section 18-1.3-102, C.R.S.

(g) Upon a conviction for a first offense for a violation of subsection (1) of this section, in addition to any other penalties, fines, fees, or costs imposed, the court shall order the person to not operate a vessel for a three-month period. Upon a conviction for a subsequent offense for a violation of subsection (1) of this section, in addition to any other penalties, fines, fees, or costs imposed, the court shall order the person to not operate a vessel for a one-year period. For the purposes of this paragraph (g), "conviction" includes a conviction in any court of record or municipal court, a plea of no contest accepted by the court, or the forfeiture of any bail or collateral deposited to secure a defendant's appearance in court or the failure to appear in court by a defendant charged with a violation of subsection (1) of this section who has been issued a summons and complaint to appear pursuant to section 33-15-102 (2).

(h) Upon a plea of guilty or a verdict of guilty by the court or a jury to any offense specified in subsection (1) of this section, the court shall order the defendant to immediately report to the sheriff's department in the county where the defendant was convicted. At that time, the defendant's fingerprints and photographs shall be taken and returned to the court, which fingerprints and photographs shall become a part of the court's official documents and records pertaining to the defendant's conviction and the defendant's identification in association with the conviction. In any trial for a violation of any of the offenses specified in subsection (1) of this section, a duly authenticated copy of the record of former convictions and judgments of any court of record for any of said crimes against the party indicted or informed against shall be *prima facie* evidence of the convictions and may be used in evidence against the party.

Identification photographs and fingerprints that are part of the record of such former convictions and judgments of any court of record or are part of the record at the place of the party's incarceration after sentencing for any of such former convictions and judgments shall be *prima facie* evidence of the identity of the party and may be used in evidence against the party. Any person who fails to immediately comply with the court's order to report to the sheriff's department, to furnish fingerprints, or to have photographs taken may be held in contempt of court.

(13) (a) No owner or operator of a vessel shall knowingly authorize the vessel to be operated by or come under the actual physical control of any other person if the person is under the influence of alcohol, a controlled substance or any other drug, or any combination of alcohol, controlled substance, or drug.

(b) Any person who violates subsection (13)(a) of this section commits a class 2 misdemeanor.

(14) In all actions, suits, and judicial proceedings in any court of this state concerning alcohol-related or drug-related vessel offenses, the court shall take judicial notice of methods of testing a person's alcohol or drug level and of the design and operation of devices, as certified by the department of public health and environment, for testing a person's blood, breath, saliva, or urine to determine the alcohol or drug level. This subsection (14) shall not prevent the necessity of establishing during a trial that the testing devices used were in proper working order and that the testing devices were properly operated. Nothing in this subsection (14) shall preclude a defendant from offering evidence of the accuracy of the testing device.

(15) As used in this section, "convicted" includes a plea of no contest accepted by the court.

(16) (a) Upon conviction of or plea of no contest to a violation of this section, the court shall forward a certified copy of the conviction or plea to the division.

(b) When a peace officer requests a person to submit to tests as required by subsection (4) of this section and the person refuses to submit to the tests, the officer shall forward to the division a verified report of all relevant information, including information that adequately identifies the person and a statement of the officer's probable cause for requesting the person to submit to the tests.

(1) Any person who operates a vessel in this state at a time when a court-ordered suspension of the operator's vessel operating privilege is in effect for a conviction of an alcohol- or drug-related operating offense pursuant to section 33-13-108.1 (1) commits a class 2 misdemeanor. However, in a case where the defendant is convicted and it is established that it was necessary to operate the vessel in violation of this subsection (1) because of an emergency, the mandatory jail sentence shall not apply, and, for a conviction, the court may impose a sentence of imprisonment in the county jail for a period of not more than one year and, in the discretion of the court, a fine of not more than one thousand dollars, and, for a subsequent conviction, the court may impose a sentence of imprisonment in the county jail for a period of not more than two years and, in the discretion of the court, a fine of not more than three thousand dollars.

Editor's note: This article was added in 1984 with an effective date of January 1, 1985. Prior to 1984, the substantive provisions of this article were contained in article 6 of this title.

33-15-101. Powers of officers. (1) Every peace officer, as defined in section 33-10-102 (17), has the authority to enforce this article and shall assist parks and recreation officers in the enforcement of articles 10 to 15 and 32 of this title and the rules of the commission adopted pursuant thereto. Each such officer has the full power and authority to arrest any person who such officer has probable cause to believe is guilty of a violation of articles 10 to 15 or 32 of this title or any rule adopted pursuant thereto, and, in accordance with the constitutions and laws of the United States and the state of Colorado, to open, enter, and search all places of concealment including motor vehicles and vessels and all other places as provided by law where such officer has probable cause to believe evidence relating to a violation of this title is to be found and to seize the same.

(2) When the public health, safety, welfare, or necessity requires, any officer having the power to enforce the provisions of articles 10 to 15 and 32 of this title 33 shall have the authority to make use of any motor vehicle or other means of transportation, whether privately or publicly owned, to aid such officer in the performance of such officer's duties. In such a case, payment of reasonable compensation shall be made for the use of such motor vehicle or other means of transportation. Any person who refuses to comply with the provisions of this subsection (2) commits a civil infraction and, upon conviction thereof, shall be punished by a fine of fifty dollars.

33-15-102. Imposition of penalty - procedures. (1) A person commits a petty offense and, upon conviction, shall be punished by a fine of one hundred dollars for a violation of any of the following for which there is not an associated statutory penalty listed:

- (a) Any provision of articles 10 to 15 or article 32 of this title 33; or
- (b) A rule of the commission promulgated pursuant to one or more of the articles specified in subsection (1)(a) of this section.

(2) At the time that any person is charged with violating any petty offense or misdemeanor provisions of articles 10 to 15 or 32 of this title or any rule of the commission, the officer shall issue a summons and complaint to the alleged offender or, in the case of a violation for which a fine of a fixed amount is prescribed, may give the alleged offender an opportunity to voluntarily pay the fine and surcharge in the form of a penalty assessment. Penalty assessments shall not be issued for violations for which minimum and maximum fines have been established. The penalty assessment notice given to the alleged offender shall contain the information required in and be in the form of a summons and complaint and shall specify in dollars the amount of the penalty to be assessed for the alleged offense and the amount of the surcharge to be collected pursuant to section 24-33.5-415.6, C.R.S. If the alleged offender accepts such notice

and pays the fine and surcharge entered thereon to the division within twenty days of issuance of the notice, such acceptance and payment shall constitute an acknowledgment of guilt by such person of the violation set forth in the penalty assessment notice. Any person who accepts a penalty assessment notice but who does not furnish satisfactory evidence of identity or who the officer has reasonable and probable grounds to believe will disregard a written promise to pay the specified fine and surcharge may be taken by the officer to the nearest known post-office facility and be required to remit the amount of the specified fine and surcharge to the division immediately by mail in United States currency or other legal tender or by money order or personal check. Refusal or inability to remit the specified fine and surcharge by mail when required shall constitute a refusal to accept a penalty assessment notice. Checks tendered by the violator to and accepted by the division and on which payment is received by the division shall be deemed sufficient receipt. If the fine and surcharge are not so paid, then the officer who issued the penalty assessment notice shall docket the summons and complaint with a court of competent jurisdiction for appearance by the person to answer the charges therein contained at such time and place as is specified in the summons and complaint.

The court shall stay the execution of any such warrant during the period in which the property is used as evidence in any pending criminal or civil proceeding.

ARTICLE 32

River Outfitters

33-32-101. Legislative declaration. The general assembly declares that it is the policy of this state to promote and encourage residents and nonresidents alike to participate in the enjoyment and use of the rivers of this state and, to that end, in the exercise of the police powers of this state for the purpose of safeguarding the health, safety, welfare, and freedom from injury or danger of such residents and nonresidents, to license and regulate those persons who provide river-running services in the nature of equipment or personal services to such residents and nonresidents for the purpose of floating on rivers in this state unless the provider of such river-running services is providing such river-running services exclusively for family or friends. It is not the intent of the general assembly to interfere in any way with private land owner rights along rivers or to prevent the owners of whitewater equipment from using said equipment to accommodate friends when no consideration is involved; nor is it the intent of the general assembly to interfere in any way with the general public's ability to enjoy the recreational value of state rivers when the services of river outfitters are not utilized or to interfere with the right of the United States to manage public lands and waters under its control. The general assembly recognizes that river outfitters, as an established business on rivers flowing within and without this state, make a significant contribution to the economy of this state and that the number of residents and nonresidents who are participating in river-running is steadily increasing.

33-41-103. Limitation on landowner's liability. (1) Subject to the provision of section 33-41-105, an owner of land who either directly or indirectly invites or permits, without charge, any person to use such property for recreational purposes does not thereby:

(a) Extend any assurance that the premises are safe for any purpose;

(b) Confer upon such person the legal status of an invitee or licensee to whom a duty of care is owed;

(c) Assume responsibility or incur liability for any injury to person or property or for the death of any person caused by an act or omission of such person.

(2) (a) To the extent liability is found, notwithstanding subsection (1) of this section, the total amount of damages that may be recovered from a private landowner who leases land or a portion thereof to a public entity for recreational purposes or who grants an easement or other rights to use land or a portion thereof to a public entity for recreational purposes for injuries resulting from the use of the land by invited guests for recreational purposes shall be:

(I) For any injury to one person in any single occurrence, the amount specified in section 24-10-114 (1)(a)(I), C.R.S.;

(II) For an injury to two or more persons in any single occurrence, the amount specified in section 24-10-114 (1)(a)(II), C.R.S.

(b) The limitations in this subsection (2) shall apply only when access to the property is limited, to the extent practicable, to invited guests, when the person injured is an invited guest of the public entity, when such use of the land by the injured person is for recreational purposes, and only during the term of such lease, easement, or other grant.

(c) Nothing in this subsection (2) shall limit, enlarge, or otherwise affect the liability of a public entity.

(d) In order to ensure the independence of public entities in the management of their recreational programs and to protect private landowners of land used for public recreational purposes from liability therefor, except as otherwise agreed by the public entity and a private landowner, a private landowner shall not be liable for a public entity's management of the land or portion thereof which is used for recreational purposes.

(e) As used in this subsection (2), unless the context otherwise requires:

(I) "Invited guests" means all persons or guests of persons present on the land for recreational purposes, at the invitation or consent of the public entity, and with or without permit or license to enter the land, and all persons present on the land at the invitation or consent of the public entity or the landowner for business or other purposes relating to or arising from the use of the land for recreational purposes if the public entity receives all of the revenues, if any, which are collected for entry onto the land. "Invited guests" does not include any such persons or guests of any person present on the land for recreational purposes at the invitation or consent of the public entity or the landowner if the landowner retains all or a portion of the revenue collected for entry onto the land or if the landowner shares the revenue collected for entry onto the land with the public entity. For the purposes of this subparagraph (I), "revenue collected for entry" does not include lease payments, lease-purchase payments, or rental payments.

(II) "Land" means real property, or a body of water and the real property appurtenant thereto, or real property that was subject to mining operations under state or federal law and that has been abandoned or left in an inadequate reclamation status prior to August 3, 1977, for coal mining operations, or July 1, 1976, for hard rock mining operations, which is leased to a public entity or for which an easement or other right is granted to a public entity for recreational purposes or for which the landowner has acquiesced to public use of existing trails that have historically been used by the public for recreational purposes. "Land", as used in this subsection (2), does not include real property, buildings, or portions thereof which are not the subject of a lease, easement, or other right of use granted to a public entity; except that land on which a landowner has acquiesced to public use of existing trails that have historically been used by the public for recreational purposes need not be subject to a lease, easement, or other right of use granted to a public entity. Nothing in this subparagraph (II) shall be construed to create a prescriptive easement on lands on which a landowner has acquiesced to public use of existing trails that have historically been used by the public for recreational purposes. The incidental use of such private property for recreational purposes shall not establish or presume facts to support land use classification or zoning.

(II.5) "Lease" or "leased" includes a lease-purchase agreement containing an option to purchase the property. Any lease in which a private landowner leases land or a portion thereof to a public entity for recreational purposes shall contain a disclosure advising the private landowner of the right to bargain for indemnification from liability for injury resulting from use of the land by invited guests for recreational purposes.

(II.7) "Management" means the entire range of activities, whether undertaken or not by the public entity, associated with controlling, directing, allowing, and administering the use, operation, protection, development, repair, and maintenance of private land for public recreational purposes.

(b) For injury suffered by any person in any case where the owner of land charges the person who enters or goes on the land for the recreational use thereof; except that, in case of land leased to a public entity or in which a public entity has been granted an easement or other rights to use land for recreational purposes any consideration received by the owner for such lease, easement, or other right shall not be deemed a charge within the meaning of this article nor shall any consideration received by an owner from any federal governmental agency for the purpose of admitting any person constitute such a charge;

(c) For maintaining an attractive nuisance; except that, if the property used for public recreational purposes contains mining operations that were abandoned or left in an inadequate reclamation status as provided in section 33-41-103 (2)(e)(II) or was constructed or is used for or in connection with the diversion, storage, conveyance, or use of water, the property and the water or abandoned mining operations within such property shall not constitute an attractive nuisance;

(d) For injury received on land incidental to the use of land on which a commercial or business enterprise of any description is being carried on; except that in the case of land leased to a public entity for recreational purposes or in which a public entity has been granted an easement or other rights to use land for recreational purposes, such land shall not be considered to be land upon which a business or commercial enterprise is being carried on.

(2) As used in subsection (1)(a) of this section, in the event that an individual who lawfully enters land at a primary access point is injured or killed on the land by a known dangerous condition, use, structure, or activity that is likely to cause harm, the owner does not commit a willful or malicious failure to guard or warn against the known dangerous condition, use, structure, or activity likely to cause harm if:

(a) Prior to the injury or death, the owner posts a sign at the primary access point where the individual entered the land, which sign:

(I) Includes the following text:

WARNING!

YOU ARE ENTERING THIS LAND FOR RECREATIONAL PURPOSES. IF YOU LEAVE THE DESIGNATED TRAIL, ROUTE, AREA, OR ROADWAY, YOU WILL BE DEEMED TRESPASSING. THERE ARE INHERENT DANGERS AND RISKS ASSOCIATED WITH USING THIS LAND THAT MAY CAUSE SERIOUS INJURY OR DEATH, INCLUDING CHANGING WEATHER CONDITIONS; OPEN AND OBVIOUS VARIATIONS IN STEEPNESS, SURFACE CONDITIONS, AND CONSISTENCY OF TERRAIN, SUCH AS

FOREST GROWTH, ROCKS, STUMPS, WATERWAYS, STREAMBEDS, CLIFFS, EXTREME TERRAIN, AND TREES; WILDLIFE; AND MINING OR AGRICULTURAL ACTIVITIES, STRUCTURES, REMNANTS, EQUIPMENT, OR OPERATIONS.

(II) Is at least:

- (A) Eight inches in width and ten inches in length; or
- (B) Eight inches in length and ten inches in width; and

(III) Is posted in a location and manner that makes the sign visible to an individual at the primary access point;

(b) The owner maintains photographic or other evidence of each such sign; and

(c) The dangerous condition, use, structure, or activity that caused the injury or death is described by the sign.

(3) Any known dangerous condition, use, structure, or activity likely to cause harm that is not described by the sign is not covered by subsection (2) of this section and remains subject to subsection (1)(a) of this section.

(4) An individual who accesses land for recreational purposes shall stay on the designated recreational trail, route, area, or roadway unless the owner expressly allows otherwise. An individual who leaves a designated recreational trail, route, area, or roadway is deemed to be trespassing.

(a) Create, enlarge, or affect in any manner any liability for willful or malicious failure to guard or warn against a known dangerous condition, use, structure, or activity likely to cause harm, or for injury suffered by any person in any case where the owner of land charges for that person to enter or go on the land for the recreational use thereof;

(b) Relieve any person using the land of another for recreational purposes from any obligation which he may have in the absence of this article to exercise care in his use of such land and in his activities thereon or from the legal consequences of failure to employ such care;

(c) Limit any liability of any owner to any person for damages resulting from any occurrence that took place prior to January 1, 1970; or

(d) Limit an owner's authority to:

33-44-102. Legislative declaration. The general assembly hereby finds and declares that it is in the interest of the state of Colorado to establish reasonable safety standards for the operation of ski areas and for the skiers using them. Realizing the dangers that inhere in the sport of skiing, regardless of any and all reasonable safety measures that can be employed, the purpose of this article 44 is to supplement the passenger tramway safety provisions of article 150 of title 12; to further define the legal responsibilities of ski area operators and their agents and employees; to define the responsibilities of skiers using such ski areas; and to define the rights and liabilities existing between the skier and the ski area operator and between skiers.

33-44-103. Definitions. As used in this article 44, unless the context otherwise requires:

- (1) "Base area lift" means any passenger tramway which skiers ordinarily use without first using some other passenger tramway.
- (2) "Competitor" means a skier actually engaged in competition, a special event, or training or practicing for competition or a special event on any portion of the area made available by the ski area operator.

(3) "Conditions of ordinary visibility" means daylight and, where applicable, nighttime in nonprecipitating weather.

(3.1) "Extreme terrain" means any place within the ski area boundary that contains cliffs with a minimum twenty-foot rise over a fifteen-foot run, and slopes with a minimum fifty-degree average pitch over a one-hundred-foot run.

(3.3) "Freestyle terrain" includes, but is not limited to, terrain parks and terrain park features such as jumps, rails, fun boxes, and all other constructed and natural features, half-pipes, quarter-pipes, and freestyle-bump terrain.

(3.5) "Inherent dangers and risks of skiing" means those dangers or conditions that are part of the sport of skiing, including changing weather conditions; snow conditions as they exist or may change, such as ice, hard pack, powder, packed powder, wind pack, corn, crust, slush, cut-up snow, and machine-made snow; surface or subsurface conditions such as bare spots, forest growth, rocks, stumps, streambeds, cliffs, extreme terrain, and trees, or other natural objects, and collisions with such natural objects; impact with lift towers, signs, posts, fences or enclosures, hydrants, water pipes, or other man-made structures and their components; variations in steepness or terrain, whether natural or as a result of slope design, snowmaking or grooming operations, including but not limited to roads, freestyle terrain, jumps, and catwalks or other terrain modifications; collisions with other skiers; and the failure of skiers to ski within their own abilities. The term "inherent dangers and risks of skiing" does not include the negligence of a ski area operator as set forth in section 33-44-104 (2). Nothing in this section shall be construed to limit the liability of the ski area operator for injury caused by the use or operation of ski lifts.

(4) "Passenger" means any person who is lawfully using any passenger tramway.

(5) "Passenger tramway" means a device as defined in section 12-150-103 (5).

(6) "Ski area" means all ski slopes or trails and all other places within the ski area boundary, marked in accordance with section 33-44-107 (6), under the control of a ski area operator and administered as a single enterprise within this state.

(7) "Ski area operator" means an "area operator" as defined in section 12-150-103 (1) and any person, partnership, corporation, or other commercial entity having operational responsibility for any ski areas, including an agency of this state or a political subdivision thereof.

(8) "Skier" means any person using a ski area for the purpose of skiing, which includes, without limitation, sliding downhill or jumping on snow or ice on skis, a toboggan, a sled, a tube, a snowbike, a snowboard, or any other device; or for the purpose of using any of the facilities of the ski area, including but not limited to ski slopes and trails.

(9) "Ski slopes or trails" means all ski slopes or trails and adjoining skiable terrain, including all their edges and features, and those areas designated by the ski area operator to be used by skiers for any of the purposes enumerated in subsection (8) of this section. Such designation shall be set forth on trail maps, if provided, and designated by signs indicating to the skiing public the intent that such areas be used by skiers for the purpose of skiing. Nothing in this subsection (9) or in subsection (8) of this section, however, shall imply that ski slopes or trails may not be restricted for use by persons using skis only or for use by persons using any other device described in subsection (8) of this section.

33-44-104. Negligence - civil actions. (1) A violation of any requirement of this article shall, to the extent such violation causes injury to any person or damage to property, constitute negligence on the part of the person violating such requirement.

(2) A violation by a ski area operator of any requirement of this article 44 or any rule promulgated by the passenger tramway safety board pursuant to section 12-150-105 (1)(a) shall, to the extent such violation causes injury to any person or damage to property, constitute negligence on the part of such operator.

(3) All rules adopted or amended by the passenger tramway safety board are subject to sections 24-4-103 (8)(c) and (8)(d) and 24-34-104 (6)(b), C.R.S.

33-44-105. Duties of passengers. (1) No passenger shall board a passenger tramway if he does not have sufficient physical dexterity, ability, and knowledge to negotiate or use such facility safely or until such passenger has asked for and received information sufficient to enable him to use the equipment safely. A passenger is required to follow any written or verbal instructions that are given to him regarding the use of the passenger tramway.

(2) No passenger shall:

(a) Embark upon or disembark from a passenger tramway except at a designated area except in the event of a stoppage of the passenger tramway (and then only under the supervision of the operator) or unless reasonably necessary in the event of an emergency to prevent injury to the passenger or others;

(b) Throw or expel any object from any passenger tramway while riding on such device, except as permitted by the operator;

(c) Act, while riding on a passenger tramway, in any manner that may interfere with proper or safe operation of such passenger tramway;

(d) Engage in any type of conduct that may contribute to or cause injury to any person;

- (e) Place in an uphill track of a J-bar, T-bar, platter pull, rope tow, or any other surface lift any object that could cause another skier to fall;
- (f) Embark upon a passenger tramway marked as closed;
- (g) Disobey any instructions posted in accordance with this article or any verbal instructions by the ski area operator regarding the proper or safe use of a passenger tramway unless such verbal instructions are contrary to this article or the rules promulgated under it, or contrary to posted instructions.

33-44-106. Duties of operators - signs. (1) Each ski area operator shall maintain a sign system with concise, simple, and pertinent information for the protection and instruction of passengers. Signs shall be prominently placed on each passenger tramway readable in conditions of ordinary visibility and, where applicable, adequately lighted for nighttime passengers. Signs shall be posted as follows:

- (a) At or near the loading point of each passenger tramway, regardless of the type, advising that any person not familiar with the operation of the device shall ask the operator of the device for assistance and instruction;
- (b) At the interior of each two-car and multicar passenger tramway, showing:
 - (I) The maximum capacity in pounds of the car and the maximum number of passengers allowed;
 - (II) Instructions for procedures in emergencies;
 - (c) In a conspicuous place at each loading area of two-car and multicar passenger tramways, stating the maximum capacity in pounds of the car and the maximum number of passengers allowed;
 - (d) At all chair lifts, stating the following:
 - (I) "Prepare to Unload", which shall be located not less than fifty feet ahead of the unloading area;
 - (II) "Keep Ski Tips Up", which shall be located ahead of any point where the skis may come in contact with a platform or the snow surface;
 - (III) "Unload Here", which shall be located at the point designated for unloading;
 - (IV) "Safety Gate", which shall be located where applicable;
 - (V) "Remove Pole Straps from Wrists", which shall be located prominently at each loading area;
 - (VI) "Check for Loose Clothing and Equipment", which shall be located before the "Prepare to Unload" sign;
 - (e) At all J-bars, T-bars, platter pulls, rope tows, and any other surface lift, stating the following:
 - (I) "Remove Pole Straps from Wrists", which shall be placed at or near the loading area;
 - (II) "Stay in Tracks", "Unload Here", and "Safety Gate", which shall be located where applicable;
 - (III) "Prepare to Unload", which shall be located not less than fifty feet ahead of each unloading area;

(f) Near the boarding area of all J-bars, T-bars, platter pulls, rope tows, and any other surface lift, advising passengers to check to be certain that clothing, scarves, and hair will not become entangled with the lift;

(g) At or near the boarding area of all lifts, regarding the requirements of section 33-44-109 (6).

(2) Other signs not specified by subsection (1) of this section may be posted at the discretion of the ski area operator.

(3) The ski area operator, before opening the passenger tramway to the public each day, shall inspect such passenger tramway for the presence and visibility of the signs required by subsection (1) of this section.

(4) The extent of the responsibility of the ski area operator under this section shall be to post and maintain such signs as are required by subsection (1) of this section in such condition that they may be viewed during conditions of ordinary visibility. Evidence that signs required by subsection (1) of this section were present, visible, and readable where required at the beginning of the passenger tramway operation on any given day raises a presumption that all passengers using said devices have seen and understood said signs.

Source: L. 79: Entire article added, p. 1240, § 1, effective July 1.

33-44-107. Duties of ski area operators - signs and notices required for skiers' information. (1) Each ski area operator shall maintain a sign and marking system as set forth in this section in addition to that required by section 33-44-106. All signs required by this section shall be maintained so as to be readable and recognizable under conditions of ordinary visibility.

(2) A sign shall be placed in such a position as to be recognizable as a sign to skiers proceeding to the uphill loading point of each base area lift depicting and explaining signs and symbols which the skier may encounter at the ski area as follows:

(a) The ski area's least difficult trails and slopes, designated by a green circle and the word "easiest";

(b) The ski area's most difficult trails and slopes, designated by a black diamond and the words "most difficult";

(c) The ski area's trails and slopes which have a degree of difficulty that falls between the green circle and the black diamond designation, designated by a blue square and the words "more difficult";

(d) The ski area's extreme terrain shall be signed at the commonly used access designated with two black diamonds containing the letters "E" in one and "X" in the other in white and the words "extreme terrain". The ski area's specified freestyle terrain areas shall be designated with an orange oval.

(e) Closed trails or slopes, designated by an octagonal-shaped sign with a red border around a white interior containing a black figure in the shape of a skier with a black band running diagonally across the sign from the upper right-hand side to the lower left-hand side and with the word "Closed" printed beneath the emblem.

(3) If applicable, a sign shall be placed at or near the loading point of each passenger tramway, as follows:

"WARNING: This lift services (most difficult) or (most difficult and more difficult) or (more difficult) slopes only."

(4) If a particular trail or slope or portion of a trail or slope is closed to the public by a ski area operator, such operator shall place a sign notifying the public of that fact at each identified entrance of each portion of the trail or slope involved. Alternatively, such a trail or slope or portion thereof may be closed with ropes or fences.

(5) The ski area operator shall place a sign at or near the beginning of each trail or slope, which sign shall contain the appropriate symbol of the relative degree of difficulty of that particular trail or slope as set forth by subsection (2) of this section. This requirement shall not apply to a slope or trail designated "easiest" which to a skier is substantially visible in its entirety under conditions of ordinary visibility prior to his beginning to ski the same.

(6) The ski area operator shall mark its ski area boundaries in a fashion readily visible to skiers under conditions of ordinary visibility. Where the owner of land adjoining a ski area closes all or part of his land and so advises the ski area operator, such portions of the boundary shall be signed as required by paragraph (e) of subsection (2) of this section. This requirement shall not apply in heavily wooded areas or other nonskiable terrain.

(7) The ski area operator shall mark hydrants, water pipes, and all other man-made structures on slopes and trails which are not readily visible to skiers under conditions of ordinary visibility from a distance of at least one hundred feet and shall adequately and appropriately cover such obstructions with a shock-absorbent material that will lessen injuries. Any type of marker shall be sufficient, including but not limited to wooden poles, flags, or signs, if the marker is visible from a distance of one hundred feet and if the marker itself does not constitute a serious hazard to skiers. Variations in steepness or terrain, whether natural or as a result of slope design or snowmaking or grooming operations, including but not limited to roads and catwalks or other terrain modifications, are not man-made structures, as that term is used in this article.

(8) (a) Each ski area operator shall post and maintain signs which contain the warning notice specified in paragraph (c) of this subsection (8). Such signs shall be placed in a clearly visible location at the ski area where the lift tickets and ski school lessons are sold and in such a position to be recognizable as a sign to skiers proceeding to the uphill loading point of each base area lift. Each sign shall be no smaller than three feet by three feet. Each sign shall be white with black and red letters as specified in this paragraph (a). The words "WARNING" shall appear on the sign in red letters. The warning notice specified in paragraph (c) of this subsection (8) shall appear on the sign in black letters, with each letter to be a minimum of one inch in height.

(b) Every ski lift ticket sold or made available for sale to skiers by any ski area operator shall contain in clearly readable print the warning notice specified in paragraph (c) of this subsection (8).

(c) The signs described in paragraph (a) of this subsection (8) and the lift tickets described in paragraph (b) of this subsection (8) shall contain the following warning notice:

WARNING

Under Colorado law, a skier assumes the risk of any injury to person or property resulting from any of the inherent dangers and risks of skiing and may not recover from any ski area operator for any injury resulting from any of the inherent dangers and risks of skiing, including: Changing weather conditions; existing and changing snow conditions; bare spots; rocks; stumps; trees; collisions with natural objects, man-made objects, or other skiers; variations in terrain; and the failure of skiers to ski within their own abilities.

33-44-108. Ski area operators - additional duties. (1) Any motorized snow-grooming vehicle shall be equipped with a light visible at any time the vehicle is moving on or in the vicinity of a ski slope or trail.

(2) Whenever maintenance equipment is being employed to maintain or groom any ski slope or trail while such ski slope or trail is open to the public, the ski area operator shall place or cause to be placed a conspicuous notice to that effect at or near the top of that ski slope or trail. This requirement shall not apply to maintenance equipment transiting to or from a grooming project.

(3) All snowmobiles operated on the ski slopes or trails of a ski area shall be equipped with at least the following: One lighted headlamp, one lighted red tail lamp, a brake system maintained in operable condition, and a fluorescent flag at least forty square inches mounted at least six feet above the bottom of the tracks.

(4) The ski area operator shall have no duty arising out of its status as a ski area operator to any skier skiing beyond the area boundaries marked as required by section 33-44-107 (6).

(5) The ski area operator, upon finding a person skiing in a careless and reckless manner, may revoke that person's skiing privileges. This subsection (5) shall not be construed to create an affirmative duty on the part of the ski area operator to protect skiers from their own or from another skier's carelessness or recklessness.

Cross references: For the legislative declaration contained in the 1990 act amending subsection (5), see section 1 of chapter 256, Session Laws of Colorado 1990.

33-44-109. Duties of skiers - penalties. (1) Each skier solely has the responsibility for knowing the range of his own ability to negotiate any ski slope or trail and to ski within the limits of such ability. Each skier expressly accepts and assumes the risk of and all legal responsibility for any injury to person or property resulting from any of the inherent dangers and risks of skiing; except that a skier is not precluded under this article from suing another skier for any injury to person or property resulting from such other skier's acts or omissions. Notwithstanding any provision of law or statute to the contrary, the risk of a skier/skier collision is neither an inherent risk nor a risk assumed by a skier in an action by one skier against another.

(2) Each skier has the duty to maintain control of his speed and course at all times when skiing and to maintain a proper lookout so as to be able to avoid other skiers and objects. However, the primary duty shall be on the person skiing downhill to avoid collision with any person or objects below him.

(3) No skier shall ski on a ski slope or trail that has been posted as "Closed" pursuant to section 33-44-107 (2)(e) and (4).

(4) Each skier shall stay clear of snow-grooming equipment, all vehicles, lift towers, signs, and any other equipment on the ski slopes and trails.

(5) Each skier has the duty to heed all posted information and other warnings and to refrain from acting in a manner which may cause or contribute to the injury of the skier or others. Each skier shall be presumed to have seen and understood all information posted in accordance with this article near base area lifts, on the passenger tramways, and on such ski slopes or trails as he is skiing. Under conditions of decreased visibility, the duty is on the skier to locate and ascertain the meaning of all signs posted in accordance with sections 33-44-106 and 33-44-107.

(6) Each ski or snowboard used by a skier while skiing shall be equipped with a strap or other device capable of stopping the ski or snowboard should the ski or snowboard become unattached from the skier. This requirement shall not apply to cross country skis.

(7) No skier shall cross the uphill track of a J-bar, T-bar, platter pull, or rope tow except at locations designated by the operator; nor shall a skier place any object in such an uphill track.

(8) Before beginning to ski from a stationary position or before entering a ski slope or trail from the side, the skier shall have the duty of avoiding moving skiers already on the ski slope or trail.

Notwithstanding any judicial decision or any other law or statute to the contrary, including but not limited to sections 13-21-111 and 13-21-111.7, C.R.S., no skier may make any claim against or recover from any ski area operator for injury resulting from any of the inherent dangers and risks of skiing.

33-44-113. Limitation of liability. The total amount of damages which may be recovered from a ski area operator by a skier who uses a ski area for the purpose of skiing or for the purpose of sliding downhill on snow or ice on skis, a toboggan, a sled, a tube, a skibob, a snowboard, or any other device and who is injured, excluding those associated with an injury occurring to a passenger while riding on a passenger tramway, shall not exceed one million dollars, present value, including any derivative claim by any other claimant, which shall not exceed two hundred fifty thousand dollars, present value, and including any claim attributable to noneconomic loss or injury, as defined in section 13-21-102.5 (2), C.R.S., whether past damages, future damages, or a combination of both, which shall not exceed two hundred fifty thousand dollars. If, upon good cause shown, the court determines that the present value of the amount of

lost past earnings and the present value of lost future earnings, or the present value of past medical and other health-care costs and the present value of the amount of future medical and other health-care costs, or both, when added to the present value of other past damages and the present value of other future damages, would exceed such limitation and that the application of such limitation would be unfair, the court may award damages in excess of the limitation equal to the present value of additional future damages, but only for the loss of such excess future earnings, or such excess future medical and other health-care costs, or both. For purposes of this section, "present value" has the same meaning as that set forth in section 13-64-202 (7), C.R.S., and "past damages" has the same meaning as that set forth in section 13-64-202 (6), C.R.S. (b) All principal and interest payment amounts set forth in paragraph (a) of this subsection (2) are subject to bank charges, arbitrage calculation, insurance premiums, and other miscellaneous charges which were not calculable at the time principal and interest payment amounts were determined and are determined and payable in the year in which any given payment is due. Such charges are a part of each payment due pursuant to the certificates of participation enumerated in this section.

(3) Subject to the provisions of subsection (4) of this section, remaining net lottery proceeds, if any, shall be deposited no less frequently than quarterly in trust for the trust fund board. Deposits in trust for the trust fund board, or a portion thereof, may be deferred only to the extent that payments on certificates of participation pursuant to paragraph (c) of subsection (1) of this section are due on or before the date of distribution or balances due on loans authorized pursuant to subsection (4) of this section are outstanding on the date of distribution.

Such transfer shall be in the form of a loan from moneys in the general fund not immediately required to be disbursed and shall bear interest at the earnings rate calculated monthly by the state treasurer. In the event any such loan is required to be made, succeeding distributions of net lottery proceeds shall be made in accordance with subsections (1) and (2) of this section. Thereafter, net lottery proceeds in an amount not to exceed the outstanding amount of the loan plus interest accrued shall be transferred to the debt service repayment account in the capital construction fund created by section 24-75-302 (3), C.R.S., for the purpose of repaying the general fund for such loan. No distribution shall be made pursuant to subsection (3) of this section until the principal and interest on such loan is repaid in full.

33-60-104. Distribution of net lottery proceeds beginning first quarter of fiscal year 1998-99. (1) For the first quarter of fiscal year 1998-99 and for each quarter thereafter, the state treasurer shall distribute net lottery proceeds as follows:

(a) Forty percent to the conservation trust fund for distribution to municipalities and counties and other eligible entities for parks, recreation, and open space purposes;

(b) Ten percent to the division of parks and wildlife for the acquisition, development, and improvement of new and existing state parks, recreation areas, and recreational trails; and

(c) All remaining net lottery proceeds in trust to the trust fund board; except that, in any state fiscal year in which the portion of net lottery proceeds which would otherwise be given in trust to the trust fund board exceeds the adjusted amount of thirty-five million dollars as determined by the state treasurer in accordance with subsection (2) of this section, the net lottery proceeds in excess of such adjusted amount shall be allocated to the general fund and transferred as specified in section 44-40-111 (12).

(2) Beginning with the first quarter of fiscal year 1998-99 and each fiscal year thereafter, the base amount of thirty-five million dollars shall be adjusted annually based on the decrease or increase, if any, in the consumer price index for the Denver metropolitan area, for the preceding calendar year reported by the United States bureau of labor statistics, or its successor index. Such adjustment shall reflect changes, if any, in such index from the actual consumer price index for the Denver metropolitan area, for the calendar year 1992.

33-60-104.5. Property acquired by state agencies with funds from the great outdoors Colorado trust fund - payments in lieu of taxes - restrictions - legislative declaration. (1) (a) The general assembly hereby finds and declares that:

(I) The withdrawal of property from county tax rolls as a result of the purchase of interests in real property by state agencies with funds provided from the great outdoors Colorado trust fund may have a significant financial impact on the counties and other political subdivisions in which such property is located;

(II) When state agencies acquire interests in real property with moneys from the great outdoors Colorado trust fund and remove them from the tax rolls, the agencies acquiring the interests shall make payments in lieu of taxes to the counties in which the property underlying the interest is located in order to alleviate the financial burdens such acquisitions create; and

(III) Section 10 of article XXVII of the state constitution provides that payments in lieu of taxes for acquisitions of property pursuant to article XXVII shall be made from moneys made available by the great outdoors Colorado trust fund.

(b) It is therefore the intent of this section to address the financial impact resulting from acquisitions of interests in real property by state agencies and to implement section 10 of article XXVII of the state constitution by establishing a mechanism for payments in lieu of taxes to be made from the great outdoors Colorado trust fund.

(2) Whenever a state agency acquires an interest in real property using moneys from the trust fund pursuant to article XXVII of the state constitution and the interest is no longer subject to property taxation as a result of such acquisition, the agency that holds the interest shall pay annually to the treasurer of the county in which the property is located a payment in lieu of taxes that shall not exceed the amount of taxes that would be due if the interest was taxable.

(3) (a) In accordance with section 10 of article XXVII of the state constitution and subject to the provisions of this section, the annual payments described in subsection (2) of this section shall be made with funds made available from the trust fund in the manner set forth in this subsection (3).

(b) Each year during the regular tax assessment period, the board of county commissioners of each county in which a real property interest described in subsection (2) of this section is located shall provide to each state agency that holds such real property interests the following information in the same manner as such information is provided to any other owner of property in the county:

(I) The current assessed value of each real property interest, expressed in dollars;

(II) The amount of the payment in lieu of taxes due on each real property interest, based on the value and tax rate that would be applicable to the real property interest if it were taxable; and

(III) The date the payment in lieu of taxes is due for such real property interests, based on the date property taxes within the county are due.

(c) Each state agency that receives information from a board of county commissioners pursuant to this subsection (3) shall promptly forward such information to the trust fund board. In addition, for each real property interest reported, the agency shall provide information to the trust fund board concerning the portion of the total acquisition cost of the interest that was paid with moneys from the trust fund.

(d) The trust fund board shall pay from the trust fund to the reporting state agency that portion of the payment in lieu of taxes that is equivalent to the portion of the total acquisition cost of the interest that was paid with moneys from the trust fund. The trust fund board shall be responsible for ensuring that timely payment is made to each state agency.

(e) Each state agency that receives a payment from the trust fund board pursuant to this subsection (3) shall promptly transmit the payment, along with any other amounts payable by the agency as part of the payment in lieu of taxes and appropriated by the general assembly, to the county entitled to receive it.

(4) The treasurer of each county that receives a payment in lieu of taxes pursuant to this section shall pay over to each school district, special district, or other political subdivision in which a real property interest described in subsection (2) of this section is located its appropriate share of the total payment; except that the treasurer may deduct the costs incurred by the treasurer in administering this subsection (4).

(5) Every state agency that makes a payment in lieu of taxes that will be distributed, in whole or in part, to a school district and every school district that receives a payment in lieu of taxes shall report the amount paid or received to the state board of education.

(6) The general assembly may make appropriations for the purpose of funding a state agency's share of payments in lieu of taxes to any county entitled to receive such payments. Appropriations concerning lands purchased with wildlife cash or other wildlife moneys shall be made from the wildlife cash fund. Appropriations concerning lands purchased with parks and outdoor recreation cash or other parks and outdoor recreation moneys shall be made from the parks and outdoor recreation cash fund.

(7) In the event a state agency does not receive funds from the trust fund board to make the payments in lieu of taxes described in this section by the date that property taxes within the county are due, the agency shall not be authorized to accept any grants or other funding assistance from the trust fund board for acquisition of interests in real property until such payments are brought up to date.

(8) Nothing in this section shall be construed to alter the requirements of section 30-25-302, C.R.S., pertaining to property acquired by the division of parks and wildlife without assistance from the trust fund board.

33-60-105. Use of general fund moneys by state agencies - prohibition - cash funds.

The general assembly finds that the enactment of article XXVII of the state constitution dedicates a significant amount of moneys previously available to meet other state needs to the great outdoors Colorado trust fund and provides for the unrestricted expenditure of such moneys by the trust fund board for the preservation, protection, enhancement, and management of the state's wildlife, park, river trail, and open space heritage. Accordingly, no general fund moneys shall be used by any state agency for the purpose of funding necessary or incidental management costs which result from a distribution of moneys, land, or any other asset of the great outdoors Colorado trust fund, unless otherwise approved by the general assembly. Moneys derived from user fees and other revenue sources which are generated from programs and completed facilities funded by the great outdoors Colorado trust fund board shall not be transferred or revert to the general fund. Moneys generated from such programs and facilities at state parks shall be credited to the parks and outdoor recreation cash fund created by section 33-10-111 (1). All such moneys shall be subject to annual appropriation by the general assembly.

33-60-106. Report required - general appropriation act. Notwithstanding section 24-1-136 (11)(a)(I), on or before September 1 of each year beginning with 1993, each state agency that has received or is scheduled to receive money from the great outdoors Colorado trust fund shall provide the senate agriculture, natural resources, and energy committee and the house of representatives agriculture, livestock, and natural resources committee with a detailed accounting of all such money received or to be received along with a detailed accounting of how such money has been or will be expended. For informational purposes, the expenditure of such money may be indicated in the annual general appropriation act.

(2) Members of the state board of the great outdoors Colorado trust fund shall be subject to removal pursuant to section 6 of article IV of the Colorado constitution.

(3) In addition to its other powers under article XXVII of the Colorado constitution and this article, the trust fund board shall have the power to issue bonds to finance any expenditure to

address urgent and permanent land acquisition priorities, including the acquisition of perpetual conservation easements, that may be made from the trust fund and may pledge all or any portion of the moneys deposited or to be deposited into the trust fund for the payment of the bonds. The owners or holders of the bonds may not look to any other revenues of the state other than the trust fund for the payment of the bonds. The bonds shall be issued on the terms and subject to the conditions set forth in section 33-60-108. Notwithstanding any other provision of this article, the bonds may only be issued if the registered electors of the state approve the ballot question submitted at the November 2001 statewide election pursuant to section 33-60-114. The amount of any debt incurred and the repayment costs for any bonds issued by the board shall not exceed the maximum amounts of debt and repayment costs approved by the voters in such election.

(i) Be subject to purchase at the option of the holder or the trust fund board and evidenced in such manner;

(j) Be executed by the officers of the trust fund board, including the use of one or more facsimile signatures so long as at least one manual signature appears on the bonds, which signatures may be either of an officer of the trust fund board or of an agent authenticating the same; and

(k) Contain such other provisions not inconsistent with this article.

(3) The bonds may be sold at public or private sale at such price, in such manner, and at such times as determined by the trust fund board, and the trust fund board may pay all fees, expenses, and commissions that it deems necessary or advantageous in connection with the sale of the bonds. The creation, perfection, enforcement, and priority of the pledge of money, revenues, or property for the payment of the bonds shall be governed by this article and the instrument authorizing the issuance of the bonds.

(6) None of the directors or employees of the trust fund board or any person executing the bonds shall be liable personally on the bonds or subject to any personal liability or accountability by reason of the issuance thereof.

33-60-109. Investments. (1) Except as provided in subsection (2) of this section, any proceeds from the issuance of bonds by the trust fund board that are credited to the trust fund

shall be invested in the same manner as all other moneys credited to the trust fund as provided by law.

(2) The trust fund board may direct a corporate trustee that holds proceeds from the issuance of bonds to invest or deposit the proceeds in investments or deposits other than those authorized for the trust fund if the trust fund board determines, by resolution, that the investment or deposit meets the standard established in section 15-1-304, C.R.S., the income is at least comparable to income available on investments or deposits authorized for the trust fund, and the investment will assist the trust fund board in making expenditures in furtherance of the great outdoors Colorado program.

WILDLIFE AND LAND REMEDIATION

ARTICLE 61

Production Fees for Wildlife and Land Remediation

33-61-101. Legislative declaration. (1) The general assembly finds that:

(a) Colorado is among the top states where oil and gas production occurs, and the state acknowledges the meaningful economic and job-creation role that the industry historically and currently has, as well as the numerous efforts taken by the industry to decrease the industry's environmental impacts and increase sustainability measures;

(b) Scientific and government agency studies, including the national climate assessment, confirm that oil and gas operations contribute to climate change and the loss of wildlife, ecosystems, and biodiversity;

(c) The state permits and regulates the development and production of oil and gas, and oil and gas development occurs in the majority of counties in the state; in regulating oil and gas development, the state incurs many direct and indirect costs associated with the long-lasting impacts caused by oil and gas operations;

(d) Scientific and government studies confirm that healthy grasslands, forests, shrublands, riparian ecosystems, and aquatic ecosystems, among others, provide critical ecosystem services to humans and wildlife species. Climate change is negatively affecting the ability of these lands and waters to provide ecosystem services. However, studies show that conservation and restoration can strengthen ecosystem resilience against these threats.

(e) The protection and restoration of more connected and resilient land is one of the most cost-effective strategies for mitigating climate change and protecting wildlife and biodiversity in the face of a changing climate;

(f) The oil and gas industry is the third largest source of greenhouse gas emissions in the state;

(g) As documented in numerous scientific studies, including the national climate assessment, emissions of greenhouse gases lead to changes in climatic patterns and increase the variability and severity of weather events. Changes in climate in turn have harmful impacts on native wildlife, habitats, and ecosystems in Colorado.

(h) The Colorado state wildlife action plan, division-led research, and other supporting literature identify numerous examples of the ways in which species are impacted by climate change. These examples include increasing temperatures and changes in precipitation and runoff, proliferation of invasive species, habitat and ecosystem degradation, more extreme heat, wildfire, drought, and storms, among many others.

(i) Additionally, the state wildlife action plan includes a vulnerability assessment of various Colorado habitat types, noting vulnerabilities to the impacts of climate change and habitat loss;

(j) The climate change assessment included in the state wildlife action plan, as well as numerous other studies, documents that a habitat's adaptive capacity to climate change can be affected by management actions;

(k) As documented in numerous studies, oil and gas production can impact wildlife and ecosystems through habitat loss and fragmentation and changes in wildlife behavior, including avoidance of large amounts of acreage around oil and gas operations due to the increased route density and vehicular traffic, human activity, and noise associated with oil and gas operations;

(l) Global and regional energy prices increase the development pressures of oil and gas within the state, generally leading to more oil and gas development when oil and gas prices are high and, in turn, greater compounding impacts from both the disturbance and destruction of habitat and increased greenhouse gas emissions correlated to higher oil and gas prices;

(m) The energy and carbon management commission's rules are intended to minimize adverse impacts to wildlife resources and ensure proper reclamation of wildlife habitats. The rules include compensatory mitigation requirements intended to mitigate oil and gas development's direct and indirect adverse impacts on wildlife and habitats. Siting of new or modified oil and gas development plan locations within a high-priority habitat requires automatic consultation with the division, the energy and carbon management commission working with applicants to avoid adverse impacts, and, if impacts cannot be avoided, imposing additional best management practices or conditions on an operator's permit to minimize impacts.

Where residual adverse impacts to wildlife remain after avoidance and minimization efforts, offset measures are implemented, such as compensatory mitigation fees.

(n) Despite these compensatory mitigation requirements, oil and gas operations and emissions associated with the operations have had and can continue to have adverse climate-related and other impacts on wildlife resources in the state, and additional efforts are necessary to mitigate those impacts;

(o) The adverse impacts of oil and gas operations on wildlife challenge the division's capacity to fulfill its mission pursuant to section 33-1-101 to ensure that the state's wildlife and its habitats are protected, preserved, enhanced, and managed for future generations;

(p) It is necessary to invest in durable protections for the state's remaining high-value natural areas and wildlife to partially mitigate for lands lost to oil and gas operations and other adverse impacts of oil and gas operations on wildlife and habitats; and

(q) Investment in the following remediation services would partially mitigate the impacts of oil and gas operations:

(I) Creating new state parks and new state wildlife areas, with a primary focus on benefits to wildlife and native biodiversity;

(II) Slowing biodiversity loss and improving ecosystem resilience;

(III) Improving wildlife connectivity and migration corridors;

(IV) Acquiring and leasing lands and waters for the protection of wildlife and habitats;

(V) Restoring lands, including through improvements in grassland, forest, watershed, shrubland, riparian, and aquatic ecosystem health;

(VI) Native species conservation, rehabilitation, and reintroduction, except for the reintroduction of grizzly bears and gray wolves that negatively impact livestock;

(VII) Continued research and monitoring of threats to Colorado wildlife and ecosystems, including from climate change and oil and gas operations; and

(VIII) The provision of grants, awards, easements, or other agreements solely to assist in implementing the remediation services described in this subsection (1)(q).

(2) The general assembly further finds and declares that:

(a) To mitigate some of the adverse impacts of oil and gas operations on wildlife and habitats, it is necessary, appropriate, equitable, and in the best interest of all Coloradans to impose fees on oil and gas produced in the state;

(b) Addressing the adverse impacts of oil and gas operations on the environment requires the implementation of actions, including investment in land, wildlife, and habitat conservation and restoration to partially mitigate the impacts of oil and gas operations on habitats, wildlife, and loss of biodiversity;

(c) The fees imposed by the division pursuant to this article 61 are for the primary purpose of allowing the division to defray the costs of providing the remediation services specified in this article 61, and the fees contribute to the implementation of actions required for the funding and supervision of broad investment in land, wildlife, and habitat conservation and restoration;

(d) The fees imposed by the division are collected at rates reasonably calculated based on the impacts caused by producers and the cost of partially remediating those impacts;

(e) By providing remediation services as authorized by this section, the division provides a valuable benefit to producers by partially remediating the impacts caused by oil and gas development;

(f) Consistent with the determination of the Colorado supreme court in *Colorado Union of Taxpayers Foundation v. City of Aspen*, 2018 CO 36, that a charge is not a tax if the primary purpose of the charge is not to raise revenue for general governmental purposes but is instead to defray some of the costs of providing a service or regulating an activity under a comprehensive regulatory scheme, the charges imposed by the division as authorized by this article 61 are fees, not taxes, because the fees are collected from producers for the primary purpose of defraying some of the costs of mitigating the adverse impacts caused by producers in an amount reasonably related to the impacts caused by oil and gas operations and the amount expended to mitigate those impacts;

(g) Pursuant to section 33-9-105, the division constitutes an enterprise for purposes of section 20 of article X of the state constitution, and, as an enterprise that has existed since 2011, section 24-77-108 does not apply; and

(h) So long as the division qualifies as an enterprise for purposes of section 20 of article X of the state constitution, the revenue from the fees collected by the enterprise is not state fiscal year spending, as defined in section 24-77-102 (17), or state revenues, as defined in section 24-77-103.6 (6)(c), and does not count against either the state fiscal year spending limit imposed by section 20 of article X of the state constitution or the excess state revenues cap, as defined in section 24-77-103.6 (6)(b)(I)(G).
